Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores. You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

"Flyweights"

This pair of boxing gloves is just about big enough to knock a fly out—though they were not made for the flyweight champ. They are probably intended for Tom Thumb. They weigh but an eighth of an ounce, but are complete in every detail. Tommy Noble, English bantam champion, sent them to a Chicago admirer.

SPRING DEBILITY

Loss of Appetite, That Tired Feeling and Sometimes Eruptions.

Thousands take Hood's Sarsaparilla as a spring medicine for that tired feeling, nervous weakness, impure blood and say it makes them feel better, eat and sleep better, and "makes food taste good."

Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system here, there and everywhere. The white blood corpuscles, sometimes called "the little soldiers in the blood," because it is their duty to fight disease germs, are too weak to do good service.

Hood's Sarsaparilla strengthens the "little soldiers" and enables them to repel germs of grip, influenza, fever and other ailments; relieves catarrh and rheumatism. It has given satisfaction to three generations. Get it today, and for a laxative take Hood's Pills.
