several days ago. He stole the gun, he said, after he found it in a handbag with a quart of whiskey. He was attracted to the handbag, he declared by the fumes of whiskey and then he took the gun.

Will Attend Meeting.
Dr. David B. Hill will leave tonight for Portland to attend a meeting of the Oregon State Board of Dental Examiners. Dr. Hill, who was recently appointed to the board by Governor Olcott, will return here on Monday.

Shoot to Be Held.
The Spokesman-Review telegraphic shoot will be held at Collins Park between the hours of 10 a. m. and 2 tomorrow. Those in charge of the shoot are hoping for a good attendance.

Want Rooms for Convention.
The first request for reservations of rooms for the G. A. R. and W. R. C. state convention which will be held in Pendleton June 13-16 inclusive, has been received at the office of the Commercial Association. The request

comes from one of the Portland delegates.

Convalescent Following Illness.
Mrs. Lola Bannon, stenographer for the law firm of Peterson & Clark, who has been ill for some time as a result of a nervous breakdown, is gradually recovering her strength. She was able to sit up for a short time today.

Conducts Funeral.
Rev. George L. Clark, pastor of the Presbyterian church, left today for Pilot Rock where he will conduct the funeral of the five weeks old son of Mr. and Mrs. Carl Manning. The little boy died at St. Anthony's hospital.

Government Paper Popular.
That government short time securities are popular has been shown in the huge over-subscription accorded six months notes which are dated April 15. Only one-fifth of the subscriptions were accepted. Local banks received subscriptions for the securities.

New Directories About Ready.
New telephone directories of subscribers in Pendleton and Umatilla county which have been in the course of printing for several weeks will be ready for distribution by the latter part of the coming week. A statement to this effect was made this morning by J. A. Murray, local manager of the telephone company.

Bridge Is Finished.
With the opening of the Pasco-Bur-bank bridge over the Snake river this morning, it will now be possible to make the trip from Pendleton to Pasco in about four hours. It was formerly necessary to ferry across the river, thus causing a considerable delay. The bridge is to be formally dedicated May 6, and elaborate ceremonies have been planned. Governor Hart is to be the chief notable present.

Recommend New Ordinance.
As a result of a meeting of the executive committee of Pendleton Post No. 22, American Legion, held Friday at the noon hour, a recommendation that the city be requested to pass an ordinance given preference to American citizens on all public work was adopted. The request will be formally presented to the city council at its regular meeting Wednesday night. The contention of the former service men is that in view of general employment conditions the preference is due the men who are Americans by citizenship.

Umapine Man Chosen.
Harry Wellman, of Umapine, was among the 15 men and women chosen at O. A. C. yesterday for membership in the Forum, all-school honor society. Miss Alma Scharpf, of Portland, a sister of L. C. Scharpf of this city, was chosen also. Among the active members is Paul Seen, of Milton. The forum is a self-perpetuating organization, members being selected because of their scholarship, character, and leadership. In choosing new members the active members take into account the grade list from the registrar, the recommendations of the faculty, and a careful investigation by themselves of the candidate's college career.

Robbery Has Sequel.
A sequel to the robbery of the Crescent Dry Goods Co. Thursday night was discovered this morning by Guy Matlock, who found that his safe in the office of the Pendleton Amusement Co. in the Temple building had been tampered with. The outer door of the safe is never locked but evidence shows that the unknown prowler looked the door by accident and then broke it open. The thief was unsuccessful in opening the second door but in attempts to unlock it to secure the money, he damaged the lock to such an extent that it took special effort for Mr. Matlock to open the door. The money, which amounted to a considerable sum, was untouched. Evidence shows that before gaining entrance to the office, the visitor tried the operating room.

Old Soldiers Exempt.
Soldiers and sailors of the civil and Mexican wars and of the Oregon Indian wars or their widows who have not remarried are entitled to tax-exemption on a valuation of \$1000, a report received from the state tax commissioner to R. O. Hawks, county assessor, shows. The measure exempting the veteran service men or their widows was passed by the recent legislature. It was not an emergency measure, and there was some question as to whether it should apply to the levy for 1921, as it will not go into force until May 25. An opinion by the attorney general of the state is to the effect that it will apply this year. Persons who are eligible for benefits under the measure should get in touch with the county assessor. The provision does not extend to service men who served in the world war.

Contest Is Tonight.
The sectional contest, to determine what contestants will represent the district of Pendleton and vicinity in the county oratorical contest to be held here on the evening of May 7, will be held tonight at the high school. The contestants from Pendleton, and the schools they represent, are: Washington school, Thelma Morr's of the lower division, and Karl Rinehart of the upper division; Hawthorne school, Eileen Elder, of the lower division and Esther Powell of the upper division; Lincoln school, Fred Bennion, of the lower division and Robert Bishop, of the upper division. The lower division is made up of the third, fourth and fifth grades and the upper of the sixth, seventh and eighth grades. Besides the Pendleton contestants, there will be entries from Riverside, Rieth and other schools of the vicinity. Miss Elizabeth Sovereign, of the high school faculty, is director for the section.

Never comes the spring without an enlivened interest in suits. This year's exposition modes show an amazing variety developed in tricine, Poiret twill, twill cord and other smart modes.

Particularly youthful and typical of the zest of spring are the various interpretations of the unbelted jacket. Some are box, others have the graceful ripple back, while others follow the lines of the coolie jacket.

Almost without exception smart sashes of self fabric satin or ribbon fringed, beaded or tasseled accompany these suits.

More conservative are the semi-tailored models certain to appeal to women of mature tastes.

The flour purchases will be pre-arranged to the different mills of the county and a price of \$5 per barrel will be paid. The railroads are to ship the flour free.
