Clara (Hobay) Maud Powell,
 Garden of Memory (Theodore Curzon-Russell Phillips) Emilio de Gogorza,
 Rigoletto—Paraphrase de Concert (Verdi-Liszt) Alfred Cortot.

PARTY IS SUCCESSFUL.

Twenty-four tables of bridge were in play yesterday afternoon at the Delphinian Club's benefit card party in the library club room. Each member of the club was responsible for one table. Mrs. Roy Raley carried off the high score trophy. Carnations and bleeding hearts formed a pleasing decoration and refreshments were served during the afternoon. Proceeds from the party are to be used for defraying the expenses of the state Federation convention to be held in Pendleton May 21 and June 1, 2 and 3. Besides the sum derived from the benefit yesterday, an additional sum was secured through the auctioning of cakes by Mrs. J. T. Richardson.

MRS. PRUITT RETURNS.

Mrs. Cosbie Pruitt and little daughter, Mary Helen, are being welcomed in Pendleton after an extended visit in southern California and in Portland. They are residing at the Security Apartments.

GRAND MATRON TO VISIT.
 Mrs. Ida Umbach, of Lakeview, worthy grand matron of the Order of Eastern Star, will pay her official visit to Buphee chapter No. 19 on April 26. The local chapter is planning special features for the meeting which Mrs. Umbach will attend.

MISS KLUM TO VISIT.

Miss Amy Klum will arrive this evening from Portland and will be the guest of Mrs. Edna Morrison.

RETURNS TO PASCO.

Mrs. Clara Marshall Hicks, who has been visiting friends in Pendleton, left today for her home in Pasco.

MRS. ALEXANDER VISITS.

Mrs. Carrie Alexander, of Spokane, is a guest at the home of her father, J. M. Bentley.

GUEST AT BYBEE HOME.

Miss Jean Dale is a guest at the home of Mr. and Mrs. C. O. Bybee on Bush street.

VISITORS FROM ATHENA.

Dr. and Mrs. C. H. Smith, of Athena, were in the city yesterday.

MRS. TEMPLE VISITS.

Mrs. Grover Temple, of Helix, is a Pendleton visitor today.

THOMPSON'S DRUG STORE

Get a Farm from the CANADIAN PACIFIC RAILWAY

The Canadian Pacific Railway offers you a great opportunity to own a farm home. Many of these farms have paid for themselves with the first crop. Out of the last big block of excess farm lands you can buy your farm under a plan of long term easy payments that is remarkable in the history of farm investments. The country is ideal for small farming and grain growing. Later, the same lands can be bought only from private owners—prices will be higher. Never again in North America will farms lands be offered at prices so low.

Your Last Big Opportunity

Until the land is disposed of the Canadian Pacific Railway offers you the most wonderful opportunity in the world to own a farm, achieve independence and grow rich in Western Canada. It offers you the most wonderful opportunity in the world to own a farm, achieve independence and grow rich in Western Canada. It offers you the most wonderful opportunity in the world to own a farm, achieve independence and grow rich in Western Canada.

Twenty Years to Pay—If You Wish

The Canadian Pacific offers you this land under a plan of long term, easy payments. You pay down in your own way. Then you have no payments on the principal until the end of the fourth year, then sixteen annual payments. Interest is 5 per cent. In every Saskatchewan—except Wheatland—grow the world's prize wheat. World's prize wheat grows in Saskatchewan.

No Taxes on Improvements

There is a small tax on the land, but there are no taxes on your live stock, buildings, improvements, implements or personal effects. Good markets, modern schools, roads, churches, communities, make farms

No Sale Without Investigation

Special Rates for Home Seekers and Full Information

Special railway rates for home seekers make inspection easy. Send now for free literature. Don't delay your investigation. This announcement calls attention to the last great block of Canadian Pacific Reserved Farm Lands.

LAVENDER PIRATES CRUISE 'NOB HILL'

PORTLAND, Or., April 15.—(U. P.)—Lavender pirates cruising Nob Hill. Pink "confidence games" in Lone Fir cemetery.

Green murders at the home of the chief of police.

And orange bootleggers operating at the mayor's house.

All this—yes, even more—because some doughty copper, flat of feet and parent ivory of head, sought to amuse himself by moving little colored pins about on a map at police headquarters.

Portland, he it known, had just installed the Berkeley police system, made nationally famous by Police Chief August Vollmer of the California city.

Portland's chief, L. V. Jenkins, had just returned from Berkeley after competing a thorough "course" under Vollmer.

The map on which the startling enterprise—recounted above—was shown, was one of the first Vollmer innovations to be installed. It had the entire city laid out, each recent crime "pegged." Coppers were supposed to inspect it daily, to find out how their respective beats were faring, which way the various known gangs of bootleggers, racketeers and stickup men were migrating.

But the "finest" weren't supposed to rearrange the entire criminal situation of the city to suit their ideas of color harmony.

"Then colors was all mixed up," the offender protested to Chief Jenkins, when yanked on the official carpet for violating all Vollmerian ethics. "I only straitened 'em out and fixed 'em pretty."

"You made 'em look like the seat of a Chinaman's pants in the Ming dynasty," roared the chief. Which, which meant nothing to the defense, he of the artistic soul, although the next statement "registered," all right.

"Get outa here, and patrol that beat from Two Hundredth street east—east" to the state line! make it snappy, Warr!"

An air flight to high altitude as prescribed by an army physician resulted in restoring the power of speech to a former soldier, who for eight months had been unable to speak above a whisper.

Madame Marie Curie, discoverer of radium, now visiting this country, was awarded the gold medal of the National Institute of Social Science recently. The award was made because of the great benefit of her discovery to humanity.

LOCAL FARMERS

(Continued from page 1.)

ing, compulsory pooling or sale by consignment. A desire to see how the plans of the organization will crystallize actuated the steps taken at the meeting last night to wait for further developments.

Chicago Meeting Impressive.

That the meeting of the 197 delegates at Chicago, from which he only recently returned, was the most impressive he ever attended in his life was the statement of Mr. Bennion in the beginning of his talk. The meetings were held in the big "red room" on the nineteenth floor of the LaSalle hotel, and the regular attendants included many prominent visitors in addition to the delegates and to about thirty newspapermen who always are present.

The plan that was finally adopted calls for the organization of the United States Grain Corporation which will be the national body. Included under the head of this organization will be a huge finance corporation with a capital stock of \$100,000,000, the financing of which is already assured, the speaker said; a terminal warehouse corporation, an export corporation, service departments and other subsidiaries.

The local work will be done through elevator companies, owned by farmers, or through other associations or organizations all of which, however, shall be working under agreement with the national organization, and all of the grain handled to be sold through the national sales agency.

The national corporation is incorporated under the laws of Delaware with the main offices at Chicago.

Farmers Mean Business.

That the farmers of the Middle West mean business in this move was another statement made by Mr. Bennion.

"They may not be able to handle all of this year's crop because there is a great deal of work to be done before the corporation can begin to function, but they are in earnest about the work, and they have gone into the question a lot more fully than many of us had thought."

BREAD

We sell Pendleton Baking Co. and Oregon Bakery

Bread exclusively. Our price today:

LARGE, 2 LOAFS FOR.....25c

SMALL, 3 LOAFS FOR.....25c

With flour and all other materials that goes into bread at a very low level, we look for further declines, and will be pleased to pass this along to our customers.

Growing Up

A year ago Pendleton's baby grocery store first opened its doors, its sales and office force numbered three.

Today The Table Supply employs seven clerks and its rapid growth keeps them moving all the time.

Nothing has justified this store's growth except your good favor and our steadfast vow to sell the best at the least possible price.

A trial will convince you as it has hundreds of others.

and grocer less. Food costs too much to let it spoil in a poor refrigerator.

Your family physician will approve of an AUTOMATIC There can be no tainted foods

It is a fact that a refrigerator built the modern, scientific way, will save enough in foods and ice to pay for itself in a short time.

We demonstrate this at the store every day by showing what the Automatic Refrigerator will do. It not only actually saves ice and saves foods, but because foods do not become tainted, it saves doctor bills.

If you will take the trouble to investigate the Automatic we believe that you would have no other refrigerator in your kitchen.

Sold for cash or on credit terms.
