At 2:32 A. M. the moon will be entirely out of the penumbra or outer shadow.

Wink Now Report Issued
 Property owners of the city of Pendleton are interested in another report

being got out concerning the ability of the city to fight fire. The present rating on fire insurance is based on a 1918 report which was not nearly so favorable a report as the present condition of the city water works and equipment warrant, City Engineer F. B. Hays said last night at the council meeting. An invitation to the insurance rating bureau of the state to make an examination will be made immediately.

The man formerly was a shepherd and he was committed to the hospital about eight months ago. After escaping he jumped into the river but found the water rather cold. He was very lightly clad, and his teeth were chattering when he was taken.

They Want Painters
 Members of the Union County Ad Club at La Grande have written to the Pendleton Commercial Association for pointers in regard to methods used recently by the local organization when the reorganization was put over. A rejuvenation of the La Grande association is under consideration, and the success of the move here has caused La Grande to want to know "just how it's done."

THE DESIGNER
 for May

Each month *The Designer* becomes more beautiful, more cheerful and more amusing. The May number is superlative in this threefold appeal. Photographs and drawings—lovely enough to frame—one of Doris Keane, who has just revived "Romance," another by Corinne Boyd Dillon, showing smart frocks against the background of a Parisian café. There are embroidery designs and new sweaters for the woman who cares for needlework. And, of course, fiction and special articles—of particular interest is the article about the girl who wrote the scenarios for "Rebecca of Sunny Brook Farm" and other Mary Pickford movies.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.
