Schools Will Observe Day
The 125th anniversary of the birth of Horace Mann, noted educational leader and pioneer, will be observed in the schools of Umatilla county on Wednesday May 4. The day will also be largely remembered by schools all over the state. Horace Mann is given credit of being the father of the normal training idea for teachers, and he was an ardent exponent of the idea of having longer terms of school for children with fuller courses of study.

Made Good Time
Mr. and Mrs. Clarence Penland of Pendleton are visiting at the home of Mrs. Penland's sister, Mrs. Will Evans, in Portland. They came from Pendleton by automobile, leaving Pendleton at 6:30 a. m., taking two hours for lunch and arriving in Portland at 7 o'clock that evening, all of which goes to prove that roads between Pendleton and Portland are in good condition—Oregon Journal.

Bureau Pays Taxes
The Umatilla county Farm Bureau, under the 1921 law, paid \$362.97 during March as its share of the two cent tax on each gallon of gasoline and one and a half cents a gallon on distillate. Under the 1919 law, the bureau paid \$261.76, making a total of \$624.67. Rather than amend the 1919 act which provided a tax of one cent a gallon on gasoline and one-half cent a gallon on distillate, the legislature, at its last session, passed another law providing for an additional tax of one cent a gallon on both gasoline and distillate sold in Oregon, a result of the two laws

it now is necessary for each oil corporation operating in Oregon to file two monthly reports of their sales with the secretary of state.

Directories Are Out
New telephone directories are being distributed in Pendleton and vicinity this week. The books are up-to-date and contain alterations that have been entered since the old book was published.

Eclipse Not Visible
Because of the cloudy weather, the total eclipse of the moon was not visible here last night. The heavy clouds hid the moon from view and Pendleton people did not witness the phenomenon.

They're Asking About Pendleton
A constantly increasing stream of letters of inquiry are being received at the office of the Commercial Association during the past few days. Most of the letters are coming from farmers in the Middle West who desire to come to Oregon to settle and live. From four to ten letters are coming on every mail. Preparations are being made to supply the information sought by getting out some printed publicity matter to be used by the association.

Young Akey Manager
Russell Akey, of this city, a student in Whitman College, was managing editor for the special edition of the Whitman College Pioneer, edited yesterday by five neophytes of the college press club. The edition was garbed in green and modeled after the Seattle Times in makeup and features. Besides the local student members of the staff were Leo Etzkorn of Wenatchee, editor; Cameron Sherwood, Colville, sporting editor; and Dick Mendenhall, Spokane, society and dramatic editor.

Rush Work on Building
The Smythe-Lorenz Co. building, recently damaged by fire, now being rebuilt is progressing at a very satisfactory rate. The first coat of paint is being applied to the outside, and the machinery of the ice plant and engine rooms is being installed. This work is being done by the York Construction Co. Contractor F. J. Leonard thinks the building will be ready for operation within two or three weeks. When finished, it will be one of the most modern plants in the Northwest. The best type of machinery is being installed, and this most difficult part of the work is practically completed.

Plane Makes Flight
Carrying the airplane edition of the Walla Walla Bulletin, a big Curtiss plane flew over Pendleton yesterday, at 3:30 p. m. The machine was piloted by Tex Rankin, and the papers were thrown from the plane by Joseph Buffner, managing editor of The Bulletin. Because of the wind, the papers were carried beyond Pendleton. Editions of The Bulletin were distributed from the air at Weston, Milton, Freewater and Athena yesterday. The plane did not stop in its flight, and made no landing on the trip. The delivery of papers from the air recalled to Pendleton people the East Oregonian flight some 19 years ago, when copies of the local paper were delivered at Athena by airplane.

To Attend Meeting
A number of Pendleton realty men expect to attend the meeting in Walla Walla May 12-14 of the executive committee of the Inter-State Realty Association. The business matters that are to be decided will not be the only things done as a number of special events in the way of showing visitors a good time have been arranged. An automobile ride through the valley and a visit to the penitentiary and other institutions at Walla Walla will feature the entertainment program. The Art and Civic Clubs of Walla Walla have been asked to assist in entertaining the ladies of the party. Plans for the coming convention of the Inter-State Association will be taken up at the meeting and there will be reports from the various committees of the Association.

John Hatley is Buried
The funeral of the late John Hatley, Idaho pioneer and the father of John Hatley of this city, was held in Boise, Idaho, in the rotunda of the state capitol Tuesday. Burial took place in the Masonic cemetery. The guard of honor was composed of members of the reserve officers' training corps. Many of the pioneers of the state acted as pallbearers. Governor D. W. Davis paid a high tribute to the memory of Mr. Hatley. The principal address was delivered by Jess B. Hawley on behalf of his father, ex-Governor James H. Hawley, president of the State Historical society. Mr. Hawley pointed out how Mr. Hatley had left a useful imprint upon the history of the state. "Uncle John" Hatley was a familiar figure in Idaho and known to all members of legislatures particularly.

ASPIRIN
Name "Bayer" on Genuine

He Was A Drunk
Joe Johnson, a wanderer, now has a home that will be his stopping place for five days as a result of his arrest last night by the police on a charge of being intoxicated. He received a sentence this morning in police court.

Sheriff Taylor Mentioned.
The late Sheriff T. J. Taylor is mentioned in the "War Cry," Salvation Army paper of April 23, as a warm friend and supporter of the Army. With the mention is a picture of Sheriff Taylor who is characterized as a "brave, noble officer and protector."

Track Meet Saturday.
Tomorrow the athletes of the grade schools of Pendleton will hold the sectional track meet to determine entrants for the county meet which will be held in May. The event will be staged at Round-Up park. Miss Eva Hansen, physical director, is in charge of the affair.

River Nice Chocolate Color
As a result of heavy rains in the hills the waters of Umatilla river are the color of light chocolate since late yesterday evening. Trout fishermen are the hardest hit by the muddying of the stream because the discoloration of the water will prove a barrier to their success at fishing. The rainfall in the hills was much heavier than in the valley according to reports that have reached here.

Mr. Dean Dies
Hazel Dean, aged 57, died yesterday at the home of his daughter, Mrs. H. M. Matthews. Mr. Dean came to Oregon from Indiana in the early '60's and has resided here for many years. The body was taken to Arlington for burial the late Mrs. Dean being buried there. Mr. Dean is survived by two daughters, Mrs. Louise Van Orsdall, and Mrs. Matthews, of this city, and two sons and a daughter who reside in Ione, Oregon.

Ship Relief Flour.
Th 1999 barrels of flour, the money to purchase which was raised in Umatilla county, is now being loaded or has already been loaded. The shipments are for the China Relief Fund, and will be shipped to the Orient by way of Portland. The orders for the flour were distributed to the different mills in the county who furnish a soft wheat, export quality, for \$5 a barrel. Something like \$14 was left over which is required to pay incidental bills incurred in carrying on the campaign. An interesting fact is brought to light in the closing of the work shows that the \$5,500 subscribed purchased more flour at the present price than the \$14,000 asked would have purchased at that time. The O. W. R. & N. is furnishing free transportation for the shipments.

Small acreage to the new site, according to announcement made recently by J. P. Jardine, in charge of experiment stations in this state, during a recent visit to Hermiston. The new location is just off the present project and on the McKay creek project. One hundred sixty acres would be used for the station instead of the present 49 acres. Mr. Jardine during his visit to this county emphasized the importance of the change if the station is to do effective work. The experiment station, in his opinion, is needed now not so much for the discovery of new varieties but rather for a demonstration to show the proper crop rotation and most profitable and balanced system for farming the irrigated districts of the Columbia Basin.

Rev. Clark Speaks.
Rev. George L. Clark, pastor of the Presbyterian church of Pendleton, spoke at the Hermiston Parent Teacher Association meeting last night. Music and a talk by Mrs. Rena Waterman of Hermiston, completed the program.

Stone to Mark Grave.
The grave of the late Sheldon Ulrich, who died here, will be marked by a two piece granite headstone which will bear the name of the hero and the battle in which he was killed. The contract for the stone has been let to T. A. Wylie, and it will be the twenty-fourth stone placed over the grave of an ex-soldier in this district by Mr. Wylie.

MAN RESISTS ARREST FIRES FATAL SHOT

PORTLAND, April 22.—(U. P.)—Antonio Varizella, a Mexican, fired three shots into his head as the police were trying to arrest him for forcibly rejecting his wife from their home. The man will die.

HOLDOUT SNEAKS BACK.
ST. LOUIS, April 22.—(A. P.)—Jack Smith, St. Louis National outfielder, who has been holding out, joined the team yesterday and agreed to terms, but will not be permitted to sign a contract until he gets in condition. Samuel Breadon, president of the club, announced today.

MELBA VISITS IN PARIS.
PARIS, April 22.—(A. P.)—Madame Nellie Melba, opera singer, is spending a month here preparing for a trip to Australia. Upon her recovery from a severe illness at Monte Carlo, her physicians ordered a long sea voyage. Madame Melba will sail from England early in June for the United States where she may sing, and then go to Australia for a stay of six months. In spite of her illness, Madame Melba sang at the Monte Carlo opera.

ASST. NATURE. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

MADE A HIT WITH HIM
"My wife has taken your medicine and has been wonderfully benefited. For over four years she has had trouble with bloating and could scarcely eat any food because of this condition. Doctor's medicine did not help her and an operation was advised. Her brother, who is a druggist, sent her a bottle of Mayr's Wonderful Remedy and it helped her at once. I cannot praise your medicine enough." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.
