X-CLUB IS OPPOSED TO RENAMING STREETS

Opposition to the movement fostered by the city council to effect a change of the names of streets in Pendleton was expressed last night in the form of a resolution adopted by the X-club at a meeting held in the council room of the city hall.

The matter was considered informally by the members who attended the meeting, and the opposition developed from several different angles. Chief among these was the alleged expense that would be incidental to the change, the sentimental and historic significance of the present street names and the confusion that would result in property titles if the change should be made.

A legal committee, consisting of Charles H. Carter, James B. Perry and Judge Stephen A. Lowell was appointed to investigate the legal status of the move and authorized to make a report.

Another committee consisting of James H. Raley, F. W. Vincent, E. J. Sumnerville, R. Alexander and John Hally, Jr., was appointed to prepare a history of the existing system of street names and to appear before the city council and make a protest against the change.

MAKE PROGRESS ON ROAD TO LA GRANDE GRADING

Ed Schlier of the Ellis-Schlier Co., M. K. Long of Wallace Bros., Jack Allen of Allen-Knight, representing the Pendleton Automobile Association, and Ernest Crockett, secretary of the East Oregon Auto club returned last night from a trip they took on the La Grande road where they worked yesterday in assisting to get the road opened to traffic.

With co-operation from the La Grande end of the road, it is expected that the road will be graded clear through to La Grande by the first part of the week.

At present it requires about a full day to go to La Grande from Pendleton, but if good weather follows it is thought the road will be in a fairly good condition. Six cars and three trucks went over the mountain Friday from Pendleton.

JAPAN IS PREPARED TO MAKE CONCESSIONS IN DISPUTE OVER YAP

According to Opinion in U. S. This Concession Will Not be Made for Some Time.

WASHINGTON, April 23.—(A. K. Bradford, U. S. Staff Correspondent)—Japan is prepared to make concessions to the United States in the dispute over Yap Island, according to authoritative opinion here. However, this will not be done for some time. Despite the Tokyo reports that Japan will remain obdurate in insisting upon the validity of the mandate over Yap it is learned here that high Japanese authorities incline to the view that every nation vitally interested in the Yap issue must eventually make concessions, and that no power can have its full claims accepted.

NOW HERE IS A TEST THAT ANYONE CAN MAKE; TRY IT AND SEE IF YOU GET THIS ANSWER.

Do you know that Pendleton made bread today is of much better quality than in the past and can meet all rivals on a quality basis and bring home the bacon? There are several members of the Commercial Association board of managers who did not fully realize the fact until yesterday afternoon. At a meeting of the board held at 4 o'clock a quality test was made as follows: Two loaves of bread, one made in Pendleton and one made in Portland, were ordered sent to the club rooms. The bread arrived from the stock of a local market, the loaves were unwrapped, sliced and sampled freely by the board members. It was the unanimous view that the quality of the local bread was superior to that of the Portland bread. Furthermore the price still showed a charge of 15 cents a loaf for the Portland bread and 13 cents for the Pendleton loaf.
