Dr. Caldwell's Syrup Pepsin is a popular compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tusting aromatics. It acts gently and mildly, and children take it without objection. A sixty-cent bottle is enough to last an average family many months. The ingredients are endorsed in the U. S. Pharmacopoeia, and last year American mothers bought over eight million bottles of Dr. Caldwell's Syrup Pepsin from druggists. It is the largest selling liquid laxative in the world, and few cautious families are ever without it.
