- May 31, June 1 and 2—State convention of Oregon Federation of Women's clubs.
- June 14, 15, 16—State convention of the G. A. R.
- September 22, 23, 24—Annual Pendleton Round-Up.

Store Wool Clips.
Wool just recently clipped is being brought into Pendleton for storage by the wagonload. Smythe Bros. are bringing in their clip and putting it in warehouses. They finished shearing Tuesday.

Christians Win Game.
The Christian church team was the winner of the first game of baseball played in the twilight league last night when the Baptists were handed the short end of a 10 to 5 score. The contest went only three innings when it had to be called on account of darkness, but the game was declared forfeited by the Baptists. Crawford who pitched for the victors showed some stuff, his delivery fooling several of the opposing batters. Thursday night the Christians will play the Indians in the second game of the schedule.

Officials Chosen

Fred Bennion will referee at the county track meet to be held here Saturday, May 7, with the pupils of the various grade and high schools of the county as contestants. Lieth Abbott will be starter. Other officials have not been chosen yet. About 210 contestants will be entered in the event.

Dinner Is Given

Members of the board of managers of the Pendleton Rotary Club enjoyed a dinner last night when S. R. Thompson, president of the club, entertained at his home on North Main street. Plans for the ensuing year were discussed. Those present were Carl Cooley, L. C. Scharpf, J. V. Tallman, Fred Bennion, Dr. F. E. Boyden, Lester Hamley, Lowell Kern, C. P. A. Longergan and Roy Ritzer.

Centrals Win Again

The Centrals, Jim Harvey's team from Despain Gulch, continued their record for winning ball games Sunday when they put the axids under a picked team from Adams, the final score being 7 to 5. The batteries were brothers against brothers, two Pells doing the work for Adams while Holmgren brothers acted for the Centrals. W. Holmgren was the particular star of the game. The Centrals will play Holdman next Sunday at Despain Gulch.

Lawrence Collins Dies

Lawrence Collins, aged 24, died last evening at 2009 East Court street after a prolonged illness. He is survived by his mother, Mrs. Collins, and two sis-

ters, Mrs. Bertha Powell and Mrs. Miriam Kemp. No funeral arrangements have yet been made.

Building Is Painted

The Malarkey building is being made ready for the summer season and is being renovated with a coat of white paint.

Rainfall Is .06

The rainfall today is .06 of an inch, says Major Lee Moorhouse, weather observer. The maximum today is 53 and the minimum 45. The barometer registers 29.87.

Returns from Portland

John Hamley returned yesterday from Portland. He has been in that city for the past two weeks undergoing an operation on his nose. He is much improved in health.

Special Services Sunday

Special services at the Christian church of which Rev. W. A. Gressman is pastor, will mark the 102 anniversary of the I. O. O. F. on Sunday. At a meeting last night the members decided to attend the services in a body.

Lecture To Be Given

Dr. John M. Tutt, C. S. B., of Kansas City, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, will lecture on Friday evening in Eagle Woodman hall. The lecture is complimentary to the public.

Fire Prevention Week

The local office of the Umatilla Forest Reserve is planning a special exhibit in the show window of a local store for the week of May 22 to May 28, designated by President Harding as "Fire Prevention Week." Moving pictures illustrating the fire patrol work will be shown also as a part of the program.

No Rates For Festival

That the railroads will not allow special rates for the Portland Rose Festival this year is information that has been secured by the Pendleton Commercial Association in a letter received from the secretary of the Portland organization. The inability to secure special rates results from the action of the railroads in refusing reduced rates on local travel.

Will Erect Monument

Mr. and Mrs. C. S. Jackson, formerly of Pendleton, now of Portland, are Pendleton visitors. They are here to place in Olney Cemetery a stone in memory of their son, the late Francis Jackson, who lost his life at sea on the ship, J. A. Chandler. A little daughter of Mr. and Mrs. Jackson is buried in the local cemetery and the stone in memory of the son will be erected near the other grave.

Boys' Bands to Play

The boys' bands of the Pendleton schools will play for the "Blue Bird" pageant to be given on the evening of May 21 by pupils of Pendleton schools, under the direction of Miss Eva Hansen, instructor in physical training. The pageant is to be given as a feature of the state Parent Teacher Association convention to be held here May 11, 12 and 13 and 200 school children will take part.

\$4000 Property Deal

One of a very few recent cash realty deals was concluded here yesterday when C. L. Howard, a railroad conductor, formerly of La Grande, purchased five lots and three houses on Lewis street from E. J. Somerville. The purchase price was \$4000 and the sale was made by Snow & Dayton. The new owner is intending to erect a modern bungalow on the corner of Lewis and Lee streets. Mrs. Howard and children will come to Pendleton to join Mr. Howard and they will make their home here.

Banker To Make Address

An invitation to deliver an address before the Oregon Bankers' association at their annual convention at Seaside, June 3 and 4 has been accepted by J. DeWilde, an official of the American National Bank of Pendleton. The address will be on the subject of "Financial Advertising" in which several years of special study has been spent by Mr. DeWilde. The request came from H. M. Morgan, secretary of the Financial Advertisers' association, who is connected with the St. Louis Union Trust Co. Mr. DeWilde is a member of this association whose membership is limited to 500 bankers in the United States.

Abbs in Club Work

A calf club for boys and girls was organized last night in Hermiston by Fred Bennion, county agriculture agent. Miss Dorothy Briggs, who won second prize for stock judging at the State Fair in Salem and who was a member of the team which won second place in the contests, was chosen president. James Hall was chosen vice-president. Mr. Bennion visited Umatilla also yesterday and gave instruction in judging to 10 boys who are members of the dairy club. The boys did practice judging. The boys weigh and test the milk from two cows for six months and keep a record of the feed to determine the amount of profit or loss on each cow. W. A. Rush is the local leader.

Beaver Gets Tame

Pendleton has an addition to its "population." It has been discovered in the "person" of a daring beaver who has taken up his residence in the city. The little animal is doing work characteristic of his kind along the Walters mill race just below the Main street bridge across the river. He has gnawed several small willows down and of late has been working on a 12-inch cottonwood in front of Dr. J. E. Sharp's residence. He has not completely encircled the tree yet, but his operations have taken him about two-thirds of the way around the tree. There is a colony of beavers just above Pendleton, and another several miles below the city, but this is the first time one has been known to stop and work within the city limits.

Nose Operated Upon
