LOCKLEAR PICTURE SCORES A BIG HIT

Lt. Ormer Locklear's last picture, "The Skywayman," which opens an engagement at the Arcade theatre tonight shows what America and the world owe to this intrepid aviator. The picture is a thriller, but much more than a thriller; it is a permanent record of a great scientific achievement, of a series of forward steps in the conquest of the air.

Locklear has taught the world by startling it. He first won fame by stepping from one airplane to another in flight. After that he discovered new and hitherto undreamed-of possibilities in aircraft; and the results of his latest experiments he put into "The Skywayman."

It is worthy of public attention that ten per cent of the profits from the exhibition of this picture throughout America is to be given to the families of Lt. Locklear and his pilot, Lt. Milton Elliott. This was decided by the directors of Fox Film Corporation at a special meeting.

"The Skywayman" is a romance of the air. It tells the story of daring and adventure above the clouds.

Miss Louise Lovely, formerly William Farnum's leading woman and just made a Fox star in her own right, plays opposite Locklear. She has a charming role that fits her perfectly.

BEN TURPIN HERO OF "A SMALL TOWN IDOL"

"A Small Town Idol," one of the few productions Mack Sennett has made in six-foot proportions, comes to the Alta Theatre today.

With practically every member of his all-star aggregation of funny folk enrolled in a congenial part, there is assurance that "A Small Town Idol" will more than make good in the distinguished presence of its Sennett predecessors.

Ben Turpin is the village hero. Phyllis Haver is his small town ideal; Marie Prevost is the city-girl that be-

friends poor Ben when the home-folks turn him down; Charlie Murray is the indefatigable constable; Jimmy Finlayson is the wretched villain who conceals all the trouble, and Kalla Pasha and Eddie Gribbon and all the rest of the Sennett notables are to be seen advantageously in the shifting scenes that cover as many places as are usually revealed in a half-dozen "problem plays" wherein the slums and the green fields are visited.

"A Small Town Idol" is an authentic story of a village youth, wrongfully accused, making good in the city and returning to find—the villain espoused to his sweetheart and he (the hero) accused of murder. From all of which glimmers the ingenuity of Mack Sennett and the skill of his players extricate Ben to the joyful clang of wedding bells.

DEATH OF TWO MEN REMAINS UNSOLVED

LOS ANGELES, April 27.—(U. P.)—The solution of the mystery surrounding the slaying of Dr. Joseph Durand and Myron McCauley, life long friends found shot to death yesterday under a wrecked automobile, seemed no nearer, although detectives found and interrogated a young woman who had ridden with the men a few hours before the bodies were found. Lydia Perske, 20 years old, a stenographer, was their companion. They drove her to her home at midnight, she said. Theories of a suicide pact or a love duel and revenge plot are being inquired into. Durand is a dentist and McCauley is a scenario writer.

TWO ENGINES RACE ON LAND AND WATER TO ESTABLISH SUPREMACY

NEW YORK, April 26.—(U. P.)—Fighting to establish mechanical supremacy, two engines of steel, pounded toward New York in a race on land and water. "Gar, Jr.," the express motor-boat cruiser, is leading by a narrow margin after 18 hours racing against the Havana special on the Atlantic coast line.

LETTER THREATENING HIS LIFE IS RECEIVED BY WASHINGTON JUDGE

TACOMA, April 26.—(U. P.)—A threat to kill Superior Judge Askren because of his action in dismissing the grand jury indictments against Ole Larson and Charles Drury, the president and director of the closed Scandinavian American bank of Tacoma was received by the judge in the mail. The threat was signed "A Depositor." "Be careful with your decisions in the Larson-Drury cases," it said. "They should have heavy fines and a prison sentence. Shoot straight or I will."

STRIKE NATURAL GAS

CALGARY, Alta, April 27.—(A. P.)—Wm. Embree, a farmer residing a short distance from Calgary, while drilling a stock well on his farm stopped work for a moment to light his pipe and in stooping down to do so ignited gas coming from the well. The flame shot several feet in the air and was only put out by the use of sod and earth. This strike of natural gas was made at a comparatively low level and is declared to indicate the probability of oil.

The property on which the strike was made was filed upon a year ago for petroleum rights, but no development work was done and the lease expired. Mr. Embree has taken out a lease for the petroleum and gas rights.

The postmaster-general has sent out an order posting a standing reward of \$5000 for any postal employe or other person who brings in a mail robber.

FROM CHICAGO TO NEW YORK IN DAYLIGHT TRIP

MILWAUKEE, Wis., April 27.—(U. P.)—America's largest air Pullman, also the largest in the world since the recent wrecking of a great Italian plane which was to have been used in traffic between Italy and the United States, will take to the air early in May.

Alfred Lawson, South Milwaukee airplane builder, whose giant liner two years ago sailed over a greater part of the eastern half of the country, is only waiting for favorable weather to test out his liners that will carry mail under government contract between Chicago and New York beginning May 12. It will also carry passengers between the two cities. The test will be made early in May.

Lawson's liners will begin a new era in air transportation, and his fastest planes will cut twelve hours from the present fastest railroad time between New York and Chicago. Under his government contract, Lawson will have his planes make stops at Harrisburg, and Pittsburg, Penn., and Fort Wayne, Ind.—three stops between New York and Chicago. Day planes will leave each terminal at 6:30 a. m., and are scheduled to arrive at their destination at 5:00 p. m. Night planes are scheduled to arrive at their destination at 6:00 the following morning, making New York and Chicago eight hours apart.

The giant liners are capable of carrying 6000 pounds of dead weight. The government contract calls for 1,500 pounds of mail and the planes will carry 4,500 pounds of baggage weight. If the twenty passengers the plane can accommodate weigh that much, the planes are fitted with all the comforts one expects on America's best trains—berths, diner, wash rooms, etc. Nothing is being spared for the comfort of the passengers. If this type of plane proves successful many more will be in the air before fall.

The Wichita National Forest Commission permits no cattle that have not been dehorned to run on the reserve. Cattle with horns hook into the trees and twist and break the tops and branches of the young growth. The cattlemen are pleased to cooperate with the forest service in this matter.

SAVES THE HANDS

IT'S THE BORAX IN THE SOAP THAT DOES THE WORK

White and blue linen can be fashioned into this effective frock. A pocket stitch may be used in place of the usual hemmed edges. Small French bouquets of organdie flowers can be used at the waist line or the fabric itself can be embroidered with a conventional design or flower motif.

A Fund of Information That You Should Have

D ISRAELI, who for six years was prime minister of England, said: "It has been my observation that the most successful man in any undertaking is the man who has the most information."

It doesn't require any particular information just to go out and buy something. But to buy the best of that something at a price that is satisfactory to you—that is a successful purchase. And to make successful purchases you must have information.

Advertising gives you just that kind of information. It tells you where to go in order to get the best of anything you want at a fair price.

That is why it is a paying proposition for the man or woman who handles a pocket book to study the advertisements in this newspaper—regularly—every day.

To those who use it properly, newspaper advertising is a source of economy and satisfaction that never runs dry. It is a watch-dog of dollars—a guarantee of satisfaction.

If you would learn the facts about the things you need to make you comfortable and happy,

read the advertisements

SUGAR TAKES 50C DROP IN PORTLAND MARKET

PORTLAND, Ore., April 27.—(A. P.)—Sugar dropped 50 cents here today following a 25 cent drop yesterday. Cane granulated sugar wholesales at \$3.25. Following a drop at San Francisco, where it is said, heavy South and Central American imports caused the decline. In New York sugar brought a price there which was the lowest since 1917.

Sugar is retailing in Pendleton at \$9.50 a sack, but the price will go lower since the decrease in the Portland market, say grocers. Up to a week ago, the price here, retail, was \$10 for a 100 pound sack.

Thieves recently plundered the Welmar museum in Germany, taking Rembrandt's portrait of himself and other pictures by famous Dutch painters, valued at millions of marks.

DISARMAMENT STEPS ARE UNDER CONSIDERATION

WASHINGTON, April 27.—Disarmament steps have been under serious consideration by the president and advisors is learned following the cabinet meeting. An authoritative statement was made, however, that the administration sees no way to move at this time.

STRENGTHEN COLLEGE FACULTY

PORTLAND, Ore., April 27.—The departure of President R. F. Scholz of Reed college on an extended trip east is the first step in strengthening the Reed faculty for the coming year. President Scholz' itinerary includes the universities of Wisconsin, Washington and California, where he has held professorships, and Chicago, Toronto, and Columbia. Immediate aims of the eastern tour are professors of sociology and romance languages and an instructor in English. The chair of sociology has been vacant during the past year, and vacancies will be created by Dr. Susan A. Bacon, who leaves in June for a year's study abroad, and O. H. Gray, assistant professor of English, who has accepted a fellowship at Columbia university.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 15c and 30c.

By Far the Best Tires We Have Ever Made

Good as Goodyear Tires have always been, they are even better now. More improvements have been made in them in the last few months than in any equal period in our history. Larger, stronger, heavier and more durable than ever, Goodyear Tires in every size and type are today by a wide margin the most economical and satisfactory you can buy. You can get them now of your nearest Goodyear Service Station Dealer.
