PADDOCK, WORLD BEATER IN SPRINTS, ESTABLISHES GOOD RECORD IN SCHOLASTIC WORK

Besides Winning Championship as Athlete, He Debates; Has Peculiar Running Form.

LOS ANGELES, Cal., April 25.—(A. P.)—Twenty years old, keen-eyed and avowedly optimistic, Charles W. Paddock, holder of the world's championship for the 100-meter dash, and the youth who at a college meet at Berkeley recently broke all existing world records for 220 yards, at 29 4-5 seconds, is not only a good athlete, but, according to his instructors, he is a good student.

Paddock is a senior, majoring in English, in the school of arts and sciences at the University of Southern California; member of the Delta Sigma Itho, the national debating society; possessor of a medal for winning the Southern California inter-scholastic championship in debating, and a scholarship member of the Phi Kappa Kappa fraternity.

When not training with his coach on the athletic field, he is in the university library writing imaginative descriptions of that fair phantom land "west of the Hesperides" which members of the writing club have from ages past sought to perpetuate in beautiful letters.

During his racing days, Paddock has run 160 major races entailing championships of greater or less degree, and of this number has won 152 taking second place in five and third in three. He won the championship of the United States at Boston in the

220 yard event in 1920 and a week after this race, at Brooklyn, broke the world's record for the 100 meter dash on grass, in 10 3-5 seconds. At the Olympic games, he won the 100 meter race, in an event for which 250 runners from all parts of the world entered, the eliminations resulting in only six participating in the final.

Paddock has an eight foot racing stride and uses a sixteen foot leap to touch the tape. He weighs 150 pounds, and his training, he says, consists chiefly in obeying his trainer, Dean Cromwell, of the University of Southern California.

"People who try to figure out exactly how Paddock wins say that in a dash of 100 yards he makes a fraction more than thirty-five eight foot strides in addition to the great sixteen-foot leap, which is a feature of his final spurt to the tape.

E. W. (Dad) Moulton, veteran trainer of Stanford University athletes, recently described Paddock's running form as very peculiar "a sort of a bound or climbing-the-rope motion."

After Paddock broke the world's record at Berkeley by running the 220 yard dash in 29 4-5 seconds, he went to Stanford and smashed the existing official record again by running the distance in 21 seconds flat. Moulton said he never had seen a man run so fast before.

WHITMAN TEAM HELPLESS

WALLA WALLA, Wash., April 25. (A. P.)—University of Oregon yesterday defeated Whitman college in Baseball, 9 to 2. The Missionaries were helpless throughout the game.

SPORT BULLETINS

ANGELES LOSE GAME

LOS ANGELES, April 25.—(A. P.)—San Francisco overcame two 2-run leads yesterday and defeated Los Angeles, 5 to 6. In the eighth inning, Fitzgerald, batting for Lewis, doubled, scoring Kamm and after reaching third on Crawford's error, scored what proved to be the winning run on Schick's single.

FIRST INNING DECISIVE

SAN FRANCISCO, April 25.—(A. P.)—Vernon won yesterday from Oakland, 4 to 2, by knocking Arlett out of the box in the first inning when they scored four tallies. Hoyt's home run with two men on bases bringing in three. Krause held Vernon safe after that, but the Oaks were unable to catch up, although Finelli knocked a home run in the fifth inning.

CRIME TO CORRUPT PLAYERS

LANSING, Mich., April 25.—(A. P.)—A bill making it a crime to corrupt any one engaged in competitive athletics was passed by the Michigan senate yesterday. It previously passed the lower house and now goes to the governor. An effort to force out of committee a motion picture censorship bill that already has passed the house, failed in the senate.

GERMAN PLAYER RESIGNS

HAVANA, April 25.—(A. P.)—The tournament committee in charge of the international chess championship match between Dr. Emanuel Lasker of Germany and Jose R. Capablanca, the Cuban expert, decided yesterday to grant Dr. Lasker's request to resign the series and concede Capablanca the title. Dr. Lasker gave illness as the reason for this desire to cease playing. The \$25,000 involved in the match is being divided between the players although the full 24 games had been played.

INVENTOR HAS DEVICE THAT WILL PERMIT GUN TO BE SHOT IN CIRCLE

DETROIT, Mich., April 25.—(A. P.)—A device that permits a gun to be shot "in a circle" has been invented by Alex. T. Fisher, of Detroit. The United States war department has just sent him two Springfield rifles which he will equip with his device and he hopes to obtain the endorsement of the government. Friends of Fisher substantiate his claim that a gun so equipped will enable a policeman to shoot around a corner and main a robber, without being exposed to a return fire.

1200 SHEEP FREEZE TO DEATH IN UTAH

SALT LAKE CITY, Utah, April 25.—(U. P.)—Twelve hundred head of sheep were frozen to death at Milford, Newhouse and Black Rock today, when the worst blizzard for many years swept that section of the state.

General Allen puts it: "We do everything that is done in war except kill men." During this period, units will be required to carry out exercises involving movements on short notice to distant locations, followed by the occupation or attack of positions.

AMERICAN SOLDIERS AT COBLENZ DO NOT LEAD AN IDLE LIFE

Little Fighting Force of 10,000 Men Has to Be Kept Ready for Quick Action.

COBLENZ, April 25.—(A. P.)—If Americans at home imagine that the life of the soldiers composing the American Army of Occupation on the Rhine is one of idleness they will be a long way from the truth. The little fighting force of 10,000 men has to be kept hard, trained and ready for quick action, and that means eight hours of it a day at drill, study, target practice or maneuvers, for it is the purpose of the general staff to maintain a high standard of military efficiency.

Most of the American doughboy's eight-hour day is spent in drill which occupies from three to five hours daily, according to the circumstances and needs of the different units. A visitor to this American community transplanted into the center of Europe would find the American boys just now preparing for a summer of grim war maneuvers for the open training season has just commenced and will continue until October 31.

The regular target season, which is now in full swing, will last until July 31. It is being held on the target ground, ranked by the Germans a few miles east of the fortress of Ehrenbreitstein. It includes known distance practice, combat firing and company proficiency tests.

Problems, terrain exercises and maneuvers including night operations and combats in woods for units up to and including a company, are also part of the day's work. Field work for the battalion will commence as soon as battalions have completed all firing.

The second period, from August 1 to September 15 will include battalion, regimental and brigade maneuvers and terrain exercises. During this period, one week for each brigade will be reserved for battalion combat problems with live ammunition and in conjunction with auxiliary arms. As

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

General Allen puts it: "We do everything that is done in war except kill men." During this period, units will be required to carry out exercises involving movements on short notice to distant locations, followed by the occupation or attack of positions.

The third period from September 15 to September 29 will be taken by members of the full army of occupation and the result expected at the close of the period is through preparation for war of the American forces in Germany.

During the fourth period, from October 1 to October 31, brigade and separate unit commanders will correct deficiencies noted during the previous field training.

During the past winter months special courses in educational and vocational training were taken by soldiers. They included commercial training, shorthand, typewriting, and accounting; mechanical training, including automobile driving, pipe fitting, plumbing; also a cooks' and bakers' school which had a large attendance in an effort to live down Marshal Foyl's famous criticism of the American army; that they could not cook. An engineers' school and a horse-shoers' school were also filled to capacity.

About 35 soldiers to each company were permitted to employ three hours of their eight-hour day to the pursuit of these studies but from now on, all educational and vocational training will be suspended and it will be war maneuvers for the American soldier. With the schedule enumerated above, it will be seen that he has his work cut out for him until October 31.

DEMAND EARLY TRIAL FOR INDICTED PLAYERS

CHICAGO, April 25.—(A. P.)—A demand for five indicted White Sox baseball players—Buck Weaver, Oscar "Happy" Felsch, Claude Williams, Fred McMullin, and "Swee" Risberg—was made today by the attorney yesterday that they would file a demand today for an immediate trial of the indicted men. Michael O'Hearn one of the counsel, said that under the Illinois law this would mean that the men would have to be tried in July or the indictments would be automatically dismissed.

A Minden, Nevada, hotel proprietor, unable to open his safe containing valuables belonging to departing guests, wired to the Nevada State Prison for a safe expert. A convicted burglar was sent at once and promptly opened the vault.

American students in architecture, landscape architecture and engineering will devote their vacation time to repairing the devastated regions of France, under the direction of French officials.

RICKARD DEFENDANT IN SUIT BY PARTNER

NEW YORK, April 25.—(A. P.)—"Tex" Rickard, sporting promoter, yesterday was made defendant in a suit filed by F. C. Armstrong, who alleges he has been associated with Rickard in a business way, and who demands an accounting of several enterprises in which he maintains he had a share. The amount of Armstrong's claim is not set forth.

Mr. Rickard last night declared he had had no dealings with Armstrong other than that the latter had interest with him in the Rickard Texas Oil company. He said Armstrong had made considerable money on the deal. Armstrong, Mr. Rickard said, is a broker, dealing largely in oil stocks.

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can get from the drug store a tiny bottle containing directions.

Some FACTS About FORD

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,298
FEBRUARY	35,305	63,693
MARCH	61,888	87,221

Total Production 127,074 Total Retail Sales 208,212 showing that actual sales for the first three months of 1921 exceeded production by 80,938 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay, phone us or drop us a card.
