Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio. "I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 188 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject. I will always have a good word for your medicine and you may use my name whenever you wish."
