

People Here and There

We live in an age of enterprise, thinks E. L. Smith since making a recent discovery. Seventeen eggs were placed beneath a hen on the Smith ranch a short time ago and in due course of time the desired result was achieved. It was then that the phenomenon was manifested, for eighteen chicks were hatched. Mr. Smith is of the opinion that the hen knew that eggs are bought by the dozen and added one of her own manufacture so that the total would amount to an even dozen and a half.

George Ferguson and Bob Fletcher took a little joy ride all their own today. The occasion for the ride was that a small car from the Peoples Warehouse which was driven yesterday got stalled in the mud between Adams and Athena and George and Bob drew the detail of getting it back to Pendleton today.

Mrs. E. R. Swartzland, accompanied by her daughter, Inez, left last evening by motor for Walla Walla where she made train connections for Devil's Lake, S. Dak. A message informing her of the serious illness of her father was the cause of the trip.

W. H. Bishop of the Indian agency has left for Banning Calif., where he has been called on account of the illness of his son, R. P. Bishop. He expects to be gone about one month.

Charley Hill has returned to Walla Walla after being in Pendleton for the Dokkie event. While here he was the guest of Mr. and Mrs. J. F. May and other friends.

Ralph Allen of Echo was here yesterday on a business mission.

SEAMEN'S LEADERS AND SEC. DAVIS MAY REACH SETTLEMENT

WASHINGTON, May 6.—(U. P.)—The hope that an agreement can be reached today between Admiral Benson, chairman of the shipping board, and the striking seamen and engineers was expressed at the office of Secretary of Labor Davis. Late last night the leaders of the marine engineers asked for a conference with Davis. The conference lasted until nearly midnight. Benson sat in on part of it. The wage question has been the stumbling block to an agreement since the negotiations started Monday. A practical agreement was reached Tuesday and Wednesday on working conditions. Employers practically agreed to give up the demand for open shop and promised to continue under the present working conditions which include an eight hour day and arrangements for overtime pay.

BREAK IN SEAMEN'S STRIKE IS ANNOUNCED BY WHITE FLYER LINE

SAN FRANCISCO, May 6.—(U. P.)—Although the first break in the shipping owners' ranks occurred yesterday, seven ships were added today to the list of those tied up here by the seamen's strike. Thirty-seven vessels are now in port without crews. The break in the employers' ranks came with the announcement by the White Flyer line, operating the steamer Humboldt between San Francisco and Los Angeles that it had signed an agreement for one year at the old wage scale with its men.

SAID CAN'T BE DONE
"My experience with doctors and medicines caused me to lose faith in both, and when a friend told me that May's Wonderful Remedy would cure my stomach trouble I told him 'it can't be done.' However, he finally persuaded me to try it and to my surprise, it did. All symptoms of acute indigestion and gas having disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.

P.)—The public service commission today notified the Portland Gas and Coke company that it would in a few days order a further reduction in gas rates because the company is now able to obtain oil 29 cents a barrel cheaper owing to lower transportation rates. Other Men Speak
F. J. Eivers, department service officer, made a short talk covering the subject of claims which are being taken up and put through in short order. Cliff Wood of the bureau of war risk insurance confined his remarks largely to compensation, and he also called attention to the fact that government insurance that has been allowed to lapse may be reinstated if the health of the applicant is still good. This provision holds good only until July 1, he said.
Victory Medals were presented to former army men by W. L. Broese, army field clerk of Portland. Talks were made by Perry Idelman, post commander and by Dr. Fred Llewellyn, vice-commander. Several new members to the post were secured.

SUFFERING OF A LIFETIME ENDED

Words Can't Express Gratitude I Feel Toward Tanlac, Says Mrs. Berrington. Aged 68, She Gains 11 Pounds.

"From childhood until I got Tanlac, I suffered from indigestion and stomach trouble," said Mrs. J. A. Berrington, 546 Stanford Ave., Los Angeles.

ness spelling for the last several days and to keep the students interested old fashioned spelling matches have been arranged. The ten best spellers in the four classes were chosen and this morning the first of the inter-class matches were held when the Juniors and seniors met. The seniors were victorious in winning the meet. The freshmen and sophomores will meet this afternoon.

"I remember when I was a child I was kept on a strict diet of lime water and milk for weeks and I have been in constant distress all these years. I suffered terribly from bloating and had to be very careful of what I ate. I became so weak and nervous I could hardly go about my housework and was in a miserable condition.

"About two years ago my husband got such splendid results from Tanlac he insisted on my taking it and the medicine wasn't but a little while in ridding me of my troubles. It gave me a splendid appetite and I could enjoy a good hearty meal, even things I hadn't dared touch before, without any fear of it troubling me.

"Then I had the influenza and became dreadfully sick and weak, but my stomach kept in good order and it only took four bottles of Tanlac to build me up again to where I'm now feeling better than at any time I can remember. I have gained eleven pounds in weight, too, and words can't express the gratitude I feel toward Tanlac. I keep Tanlac in the house all the time now, for I know it is a medicine that can be depended upon."

County Track Meet Tomorrow—The annual county track meet will be held at the Round-Up grounds tomorrow afternoon. All the grades and high schools of the county will be represented. About 75 high school athletes will compete. Pendleton high school has a good chance to win the silver cup which is offered as a prize. With the showing made by the local team in the La Grande-Pendleton meet it is estimated that she will make a good showing in the meet tomorrow.
