- June 14, 15, 16—State convention of the G. A. R.
- September 22, 23, 24—Annual Pendleton Round-Up.

Bees, Alfalfa and Fruit
A little farm not too far from town where he can grow alfalfa and fruit and keep bees is the ideal that Jim Ladd, a South Dakota farmer, is wanting to realize in Umatilla county. He has written of this desire to settle here to the Commercial Association, and declares that he is much interested in this section of the country.

Take Cattle To Range
W. H. McCormack left this morning to trail a small herd of cattle into his private range adjacent to the Nelson pastures. Mr. McCormack took the camp wagon shortly before noon and expects to keep in touch with the drive which started early this morning. He made an inspection of the road to the range Sunday to Lehman Springs and found it pretty bad.

Left Car In Mountains
Lyman Rice and Herb Green got back to Pendleton this morning after a fishing trip that didn't turn out just like the story book affair. The facts seem to be that grief and tribulations were the lot of the two anglers. They left here Saturday evening for a trip to the mountains, but on the way out they got stalled in the mud. They managed to get out and then the car

developed indigestion or something of that nature, and they are having it towed in today. They had ambitions to fish Meadow Creek dry, but reports indicate that there are still a few left yet.

Rainfall is .02
A night shower early this morning and during the day reached a total of .03 of an inch. The maximum temperature today is 66 while the minimum last night was 42. The barometer registers 29.50.

Commencement June 9.
June 9 has been named as the date for commencement at St. Joseph's Academy. The graduation exercises will take place at the Oregon Theatre. The graduates will be nine in number, four being from the academic department and five from the commercial department.

Colorado Writes About It.
William Barber, county clerk and recorder of Pueblo county, Pueblo, Colo. has written a letter which is on file in the offices of the Commercial Association in which he asks about information on the Pendleton Round-Up. He is particularly interested in getting a panoramic picture of the big affair.

Weeds Must Be Cut
Weeds on vacant lots and in parkings about Pendleton must go, says C. A. Crabtree, street commissioner. The official has looked up the ordinance on the subject and finds that penalties are provided for those who prove negligent. It is the intention to make arrests if the provisions of the ordinance are not complied with.

Motorists Get Fines
John Doe was fined \$5 and Piener Dryden received a fine of \$2.50 this morning before Judge Thomas Fitz Gerald on charges preferred by William Lyday, traffic officer. The first man was up for reckless driving following a near accident Monday evening when he lost control of his car on the city hall corner. Dryden operated his car with the cutout open.

Will Visit College
A group of Pendleton high school boys plan to go to Eugene for the University of Oregon Junior Week-end festivities May 19, 20 and 21. They are John Simpson, David Swanson, Jim Tergeson, Harold Goedecke and Ben Smith who will be guests of Kappa Sigma and Sigma Nu fraternities, and Donald Woodworth, who will visit Beta Theta Pi fraternity.

Cemetery Permits Slow.
Many owners of lots in the cemetery are now taking out water permits, records of the city recorder's office show, but there are many who have not attended to the matter. Judge Fitz Gerald said this morning. With the approach of Memorial Day time is getting short in which the graves may be put in condition. Cutting of the grass and irrigation are both taken care of by the sexton if the permits are taken out before the grass gets too tall to be cut with a lawn mower. The granting of permits has been stimulated during the past few days.

May Have Commissioners Here.
After strenuous efforts to locate the members of the state highway commission, officials of the Pendleton Commercial Association have succeeded in getting in touch with John B. Yeon. A wire was received from him last night in which he states that he will return from the south-central part of the state by way of Pendleton. President R. A. Booth went to Portland Saturday night from Baker, but Mr. Yeon and W. B. Barnett, the other members are expected to be here to consult on highway needs. In his telegram Mr. Yeon intimated that he would keep the Commercial Association informed as to the probable time of his arrival.

Reactors to Lunch
In honor of Ira E. High, of Boise, president of the Interstate Realty Association, and Fred O. Brockman, of Portland, secretary of the association, the Pendleton members of the Umatilla County Realty Association will give a luncheon at noon tomorrow in the Elks' club. The two officials, who will arrive here tomorrow, are on their way to Walla Walla to attend a big convention of the Inter-state association which opens Thursday morning for a three day session. About 10 local real estate men are planning to motor to the neighboring city Friday to attend the convention on that day. Mr. Brockman is a son-in-law of Dave Lavender, deputy sheriff of this county.

QUEEN FEARS DISGRACE COMPELS GOVERNMENT TO CARE FOR REFUGEES

Grecian Queen Demands That Steps be Taken to Prevent Distress of Greek Refugees.

SALONIKI, May 10.—(A. P.)—Queen Sophie, of Greece, head of the Greek Red Cross, recently summoned members of the Greek cabinet to the palace and demanded that the government take steps to prevent the distress of 20,000 Greek refugees from the Caucasus, now in barracks on the hills of Kalamaria near Saloniki, from becoming a national disgrace.

In consequence of her action 1,000,000 drachme (equivalent to about \$75,000 at present rate of exchange, were appropriated for the benefit of the refugees and 15 additional physicians were sent to Saloniki.

The miserable condition of the refugees had been reported to the Queen by Colonel Olds, the American Red Cross Commissioner for Europe, who inspected their camp. Queen Sophie then sent Dr. Theophanos Argelopoulos, an eminent sanitary expert, as her personal representative to take charge of the camp. He brought a corps of ten physicians. Until that time only one physician had administered to the thousands ill among the

refugees. There had been no one to look after sanitation.

The American Red Cross has sent to Saloniki Colonel Henry A. Shaw, of the United States Army Medical Corps with a party of physicians and nurses to aid the Greek government in the care of the refugees. Colonel Shaw plans to gather 1,000 of the orphans in old French barracks, several miles from the present camp where the children will be given medical attention while food will furnished by the Greek government. The expenses of this work will be borne by the government.

Miss Lillian Spellman, a Boston nurse, is conducting a Red Cross dispensary at the camp where she distributes cans of milk and soon will distribute clothing to the small children.

Many of the refugees were lured here by promises of rich lands in Macedonia but the majority fled from the Caucasus before the advances of the Bolsheviks and the Turkish Nationals under Kemal Pasha.

The 20,000 are huddled together in barracks which were not intended to hold half that number. A Red Cross inspector who visited the camp reports that disease such as typhus, dysentery and influenza is prevalent and that more than 1,000 of the refugees died within a month.

The Greek Governor, General Zavitianos, is in despair for he expects 15,000 additional refugees to arrive soon and says that there are more than 50,000 others trying to reach Greece. The fund appropriated by the Greek government to feed, clothe and provide medical attention will be material. No mistakes! No failures!

KERR'S WHEAT FLAKES—A Summer Breakfast Cereal.

exhausted within a month, say the relief agents.

SAY "DIAMOND DYES" TAKE NO OTHER DYE
