## ELOQUENT APPEAL MADE FOR BETTER MUNICIPAL RULE

Journal Editor in Address Last Night Told How New Plan Has Aided Portland.

## COMMISSION PLAN GETS BETTER MEN TO FRONT

Old Distrust and Reports of Graft Eliminated Since New Plan Has Been in Use.

Eight years of experience with the commission form of government in the city of Portland has proved that men of higher type are attracted to municipal service than under the aldermanic plan and that the added responsiveness of the newer form has been worth a thousand times the effort and trouble taken to secure it. Two truths brought home forcefully last night by R. F. Irvine, editor of the Oregon Journal, in a speech before a packed hall when he made the chief address at the monthly meeting of the Pendleton Commercial Association.

He contrasted the feeling of the people of the city toward the old government and that manifested now since the change has been in effect, and called attention to the lack of suspicion of the transactions of the municipal government that prevails since the aldermanic system was abolished in 1913.

Used to Charge Graft  
In the old days it was no uncommon thing for one commissioner of the Portland government to publicly charge fellow members of the council with grafting and receiving bribes. At present this spirit is noticeable on account of its absence, the speaker declared, and there is no shadow hovering over the city hall. No breath of scandal circulates about the work of the municipality, and no responsible newspaper in the city has ever charged the municipal government with anything even approaching shady transactions.

The experiment has also been a success from a financial point of view, according to the editor, thousands of dollars having been saved in the various departments of municipal operations including street cleaning, paving, and in the water service.

Function of Government  
"What a government is costing to operate is not in any way a true index to its value," the speaker declared. "The real test is what service is rendered by the government for the money expended. Some questions that you should answer are, how efficiently are your streets being cleaned, is the milk fed to your babies clean, are your death rates rising or falling, what is the nature of your public contracts, what are your police doing, are your firemen actively engaged in work to prevent fires. The answers to these questions will always give an indication as to the kind of city government a community enjoys."

Power Candidates Now  
He contrasted the chance in the type of men called to public service in the home city during the past few years. At the first election under the commission form the average number of candidates offered for each office was six and one-half. A gradual decrease in that number has been noted.

Work is Commenced to Get Happy Canyon Ready for Carnival

23 Firms Have Already Made Reservations Without Any Solicitation Whatever.

There are likely to be some Pendleton merchants and manufacturers left out of the mammoth carnival to be held here May 26 and 27 unless they get in and make their wants known on both space in Happy Canyon, developments today brought out. With room for forty displays to be made, 23 firms have already made reservations without the committee doing any solicitation whatever.

Definite work was begun today on getting Happy Canyon ready for the carnival. A number of carpenters and busy this afternoon laying out the floor for the booths, and construction will be pushed as rapidly as possible. Firms who want to be represented in the carnival should telephone their wants to the offices of the Commercial Association, or to the special committee in charge, because present indications are that some firms won't be able to get space. The expense of the affair is to be pro-rated to the firms participating.

Arrangements for the carnival as a whole will be in charge of the merchants' committee of the association. The sub-committees have been chosen and they include the following:

Decorations—Carl E. Hopf, chairman; Fred Adams, Chris Stadfeld, L. Dingeldine and Archie Goddard.

## HIGHWAY COMPLETION URGED ON COMMISSION

WILL NOT HALT REFORM UNTIL NEW VICEROY CAN STUDY SITUATION

ALLAHABAD, India, May 11.—(A. P.)—Mohandas Karamchand Gandhi, Indian nationalist leader, has declined to suspend his program of non-cooperation until the Earl of Reading, the new viceroy, has had time to study the Indian situation. The request for suspension of the nationalist program was made by M. Raza, a member of the council of state. All blame for any disorder that may arise is cast on the government by M. Gandhi who asks M. Raza to address his appeal "to the officials who are provoking the people and creating alarm in the country." Gandhi says that "what disturbances there are, is either fomented by the authorities or the situation is so mishandled as to give rise to bloodshed."

## EASTERN OREGON AUTO CLUB REPORT SHOWS 138 TOURIST CARS PASSED THROUGH PENDLETON DURING APRIL

Estimated Number of People Carried in Autos 584; Average Length of Visit 3 Days.

The desirability of Pendleton and Umatilla county doing everything possible to improve the old Oregon Trail to encourage tourist travel on this route was presented last night by Ernest Crockett, secretary of the Eastern Oregon Auto Club, in a report issued by him before the membership of the Pendleton Commercial Association.

During April, the report showed, 138 cars carrying tourists visited Pendleton. Of this number 121 availed themselves of the use of the city tourist camp grounds as a place to stay during their visits. The estimated number of people carried in the cars was 584, and the average length of visit in the city was three days. Figures compiled indicate that a total of \$2,000 was spent in the city by tourists.

The tourists came from all over the West, from the Middle West and from as far east as New York. The Dakotas, Minnesota, Michigan, Wyoming, Montana, and adjoining states were included in the home states of the travelers.

Mr. Crockett sought the cooperation of the Commercial Association to secure action from the state highway commission in improving the condition of the Oregon Trail so that traffic now being routed south from Salt Lake may be secured to come through Pendleton and connect with the Columbia River road.

Many letters of thanks are being received from tourists who were here and received information from the club, the speaker said.

## POLITICAL BOSS OF CHICAGO'S 'BLOODY 19TH' WARD IS SHOT

Attack on Chieftain Came as Climax of Months of Assassinations in 'Little Italy'

CHICAGO, May 11.—(U. P.)—Tony D'Andrea, a democratic political boss of the "bloody nineteenth" ward, was killed by bullets in front of his home early today. Assassins who were concealed in a vacant apartment on the first floor of the building occupied by D'Andrea and family, fired eight shots at Little Italy's chieftain, slaying him. Seven bullets entered his body. D'Andrea is in the hospital mortally wounded. D'Andrea's wife, Lena, also fearful of her husband's life, rushed into the street in her nightgown. "Lena, I am dying, dear," gasped the politician. "They got me."

The attack on the chieftain came as a climax of months of assassinations and shagunings in Little Italy, which gave the name "bloody nineteenth" to the ward. Bombings and shootings were every night occurrences a few months ago during the campaign of John Powers and D'Andrea, who were running for the aldermanic job of the "bloody nineteenth." Powers won.

## ALLIED TERMS ARE ACCEPTED UNCONDITIONALLY

German Chancellor Sent Note to Allied Nations Agreeing to Meet Reparations Demands.

## PARIS PRESS LAYS FINAL SETTLEMENT TO AMERICA

Hughes' Last Note Bidding Germans Make Acceptable Offer Credited as Deciding Factor.

BERLIN, May 11.—(Carl D. Grant, U. P. Staff Correspondent.)—Germany has finally yielded to the allies. With a cabinet chosen on purpose to accept the allied ultimatum, Chancellor Wirth today sent to London, Paris and Rome, a note agreeing unconditionally to all the demands. A note was handed to the allied ambassadors here also.

Lloyd-George Receives Note.  
LONDON, May 11.—(A. P.)—Germany's unconditional acceptance of the entente reparations was delivered to Premier Lloyd-George by Dr. Stamer, the German minister, today.

Formal Note Is Prepared.  
BERLIN, May 11.—(A. P.)—Germany's new cabinet began preparations of a formal note to the entente accepting the allied reparations terms. The allied demands in brief were:

Payment by June 1, 1,000,000,000 gold marks due May 1; trial of German officers and soldiers accused war crimes; complete disarmament; and ultimate payment of \$23,750,000,000 reparations.

France Is Disappointed.  
PARIS, May 11.—(Webb Miller, U. P. Staff Correspondent.)—Disappointed by loss of a chance to seize Ruhr valley, France awaited Germany's final note of surrender. Officials at Quai d'Orsay admitted the invasion will be held up if the German note accepting the allied ultimatum is as sweeping as it is reported. The French, however, made no move to cancel troop orders or other preparations. They regard the invasion more as postponed than abandoned. Paris newspapers laid the final settlement to the American pressure on Berlin. Secretary Hughes' latest note bidding the Germans make acceptable offers to the allies is credited with being the deciding factor in Berlin's decision.

## MYSTERY SURROUNDS DISAPPEARANCE OF YOUNG DALLAS DUPUIS

Young Husband Leaves Wife and Babies, Gives no Information as to His Destination

Considerable mystery surrounds the disappearance Sunday of Dallas Dupuis, young man of Nollin who has left his home and save no information as to his destination.

Two letters, one to his father, Ed Dupuis, and another to his young wife, evidently mailed after he boarded a train here, give the information that "I am no good to you and am going away."

Dupuis is about 27 years old. He has been engaged in building a house on land owned by his father at Nollin. Saturday he drove a team to Pendleton to get some lumber, put the team in a barn and left. He was last seen Sunday morning on the streets here. It is thought that he boarded a passenger train as the letters received by his father and his wife bear impressions of the Baker-Portland mail division.

Financial embarrassment and poor health are considered probable causes of the disappearance of the young man. He recently returned from Montana where he lost a considerable sum of money in some land deals. Brothel trouble has bothered him this winter, and he has been unable to work a great deal of the time. He has been melancholy much of the time, and his wife and relatives fear that he may attempt his life. Two babies, the older one about three years old, and the younger one just past one year old are also left.
