"Give us this day our daily Bread"

WE DO NOT REALIZE the importance that "our daily bread" plays in our lives. Not alone as a food but as a foundation for all the great activities of life.

We have permitted our taste for bread to be trained to accept only the finest and whitest and freshest of bread, with the result that the muscle building gluten and the brain building phosphorus are left to go to our cattle and hogs.

## VINIER WEARS FIRST STRAW HAT SEEN ON PENDLETON STREETS

How many people saw "it"?  
It reposed on the head of  
Charles Vinier, genial clerk at  
Bond Bros. and his'gosh it was  
Pendleton's first straw hat of  
the season.  
Great competition exists  
among the boys as to who shall  
be the first man to cross the  
dividing line between spring and  
summer, and the bright sunshine  
of this morning caused Charles  
to set the pace.

## JUNE BRIDES WILL PLEASE TAKE NOTICE

CHICAGO, May 11.—(U. P.)—"Horse sense is the biggest single factor in a successful marriage," says Mrs. Catherine Waugh McCulloch, Chicago woman lawyer. She believes this so thoroughly that she advocates a certificate of good sense for prospective brides and grooms. Such certificate, Mrs. McCulloch said, should be required along with a health certificate, prior to the issuance of the marriage license. "Women should share equally in administration of the family purse," said Mrs. McCulloch. "Therefore they should have some real horse sense."

## NAPOLEON'S IDEAL WOMAN

The great Napoleon, in response to a question once asked by a lady, replied: "My ideal woman is not the beautiful society belle or the butterfly of fashion, but the matron who reaches middle age in complete preservation of health, with stalwart children by her side."

There are a great many women of middle age who owe their good health to Lydia E. Pinkham's Vegetable Compound, that famous medicine for female ills. For almost fifty years this wonderful medicine, compounded of roots and herbs, has been restoring suffering women to health.

## Merchants' and Manufacturers' Fair to Be Held Soon

## Trade at Home

This means you, Mr. Catalog Man. Ask yourself these pointed questions, reason with yourself, then place yourself in your own merchant's boots and we believe you will see the folly of buying from catalogs.

Do mail order houses help you reduce your taxes by paying taxes in your own county?

Can you ask them to extend you credit in time of need?

Do they ever return a dollar of your money by giving you employment, buying your produce, or spending a dollar in your home town?

Is it policy for you to send this fellow your cash in advance, then wait two weeks or more for your merchandise? Interest on money in transit runs into the thousands for the mail order houses.

Dave McGuire of Silver Lake, Wis., doesn't belong to a circus, nor does he ever expect to enter one. He's six feet seven inches tall and weighs 744 pounds, but he doesn't care to go to the trouble of finding out whether he's the fattest man in the world or not. He's satisfied with the simple "arm life."
