## SPORTS MUCH MORE INTERESTING THAN QUESTIONS OF STATE TO THE AMERICANS STATIONED ON RHINE

### Boxing and Basketball Prove to be Favorites, Now Leagues Are Organized for Play.

COBLENZ, May 11.—(Webb Miller, U. P. Staff Correspondent.)—The American Army of Occupation is worrying little whether the Germans pay or not, or how much more territory is occupied. All its attention is centered on baseball, basketball, soccer, polo, tennis, field athletics and boxing.

With little to do except wait for the orders back to the United States, which are not expected before late summer, the army is manifesting unprecedented interest in athletics.

There are no less than thirty-two full-edged baseball teams in action, and the Rhine and Moselle Leagues, with eight teams in the former and six

in the latter, opened their season April 15. In the past month over nine thousand dollars worth of athletic equipment has been issued, including 1,697 baseballs and seventy-one sets of boxing gloves.

Other sports are running baseball a close second. Three leagues of twenty teams each played thirty-six games of basketball in the past four weeks and the exponents of the padded glove staged thirty-six boxing shows, comprising 195 bouts.

There were twenty-two matched games of soccer and one track meet in which the American team beat a French army team 94 points to 22. The aristocratic games of polo is having an unusual vogue on the Rhine, probably owing to General Allen's well known fondness for the game. Of course, polo is a "gentleman's game" and only officers participate. Altogether there are eight polo teams practicing for the forthcoming tournament this summer.

With their fighting activities inter-

rupted by the Armistice, the Army has turned its attention to pastime one another in the roped square. In the bouts staged in the past month there were 2,135 participants, including seconds, and over 24,000 spectators witnessed the bouts.

In the elimination bouts Private "Kid" Murray, entered on the army records as Morris Abrams of Philadelphia, has shown head and shoulders above all competitors. Out of fourteen bouts Murray has won six by the "KO" and lost but one fight. Among his victims have been "Dusty" Miller, the pride of the British Army on the Rhine; Janet of the French Army, whom he knocked out in two rounds; Toesca and Marius of the French Army and Hurrell of the British.

The only incident to mar an otherwise completely successful athletic season so far has been a solemn pronouncement in the guise of a general order from Headquarters, strictly forbidding soldiers from playing tennis "improperly dressed" in undershirts, "without puttees or leggings." The proper thing for tennis this season in the A. O. will be negligee shirts with long trousers, according to the dictates of General Headquarters.

### AMERICAN GOLFERS GET IN TRIM FOR BRITISH

LONDON, May 11.—(A. P.)—The American amateur golfers who have come to England to attempt to win the British championship, played over the Hoylake links again yesterday.

In a four ball match, Jesse Guilford and J. Wood Platt defeated Francis Guimet and P. J. Wright, four up and three to play, in 18 holes. The best ball score of Guilford and Platt was 69 and Guimet and Wright 71. Guilford and Guimet each had an individual score of 73, while Platt took 74 and Wright 80.

Hobby Jones of Atlanta and Major Vincent of the Rye club defeated W. C. Fawcett, Jr., and Dr. Paul Hunter, three up and two to play.

## Health and Vigor Win in The Race of Life

In these days of fast competition only full-blooded, robust, healthy people can keep to the front. Unhealthy weaklings with disordered blood are bound to fall behind. Success is yours only if you have the map, vigor and magnetism that go with a whole-some, rich blood supply. Don't despair because others forge ahead of you. Start right now to

free your circulation of the impurities that are hampering your health and progress. Thousands have done this with S.S.S., the famous old herb blood remedy. Get S.S.S. from your druggist today, and after you have started taking, write for special medical counsel to Chief Medical Advisor, 845 Swift Laboratory, Atlanta, Georgia. It's free.

### Wellesley Crew Ready for Races

After going through as hard a training as any men's crew, the Wellesley varsity eight is ready for the girls' college spring championship races. The crew has shown speed and stamina in its trials on Lake Waban, Mass.

### SPORT BULLETINS

#### HIT BALL HARD.

SAN FRANCISCO, May 11.—(A. P.)—San Francisco knocked the ball to all corners of the lot yesterday defeating Salt Lake, 8 to 1. Two doubles a single and Agnew's homerun drove in three tallies in the first inning. Schick slammed out another homer in the second frame and in the third three doubles and a triple, bringing in three runs, finished Reiger's performance in the box. Thurston completed the game.

#### ANGELS LOSE ONE

LOS ANGELES, May 11.—(A. P.)—Sacramento celebrated its first appearance here by defeating Los Angeles, 2 to 1, in a fast game. Good pitching featured the contest. While the Angels drew first blood the visitors clinched the game in the sixth when McGaffigan doubled, Kopp singled scoring McGaffigan, Kopp went to second on Pick's out and Milwitz singled, scoring Kopp.

#### JAPS ARRANGE SCHEDULE.

NEW YORK, May 11.—(A. P.)—Waseda baseball team of Tokyo, which recently landed at San Francisco, will meet Harvard May 25. Yale May 27 and Columbia probably June 2, it was announced tonight. The team will meet the University of Illinois May 21.

#### PEASANTS DON'T PLANT GRAIN.

HELSINKI, May 11.—(A. P.)—The peasants of Russia have thus far failed to respond to the appeal of the bolshevik government to sow grain to enrich this year's harvest, according to reports received here. The soviet authorities are beginning to take a gloomy view of the prospects for next winter.

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

#### Whooping Cough

This is a very dangerous disease, particularly to children under five years of age, but when no paretic, codine or other opiate is given, easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.

#### Bills of Constipation

Perhaps the most serious of the diseases caused by constipation is appendicitis. If you would avoid this dangerous disease, keep your bowels regular. For this purpose Chamberlain's Tablets are excellent, easy to take and mild and gentle in effect.

Chamberlain's Tablets are Mild and Gentle in Effect.

The laxative effect of Chamberlain's Tablets is so mild and gentle that you can hardly realize that it has been

### JOFFRE TURNS HOMAGE TO WOUNDED SOLDIERS

LISBON, May 11.—(A. P.)—An incident which may suggest a characteristic of Marshal Joffre occurred at the imposing funeral services held over the two unknown Portuguese soldiers whose bodies were brought from France recently and placed in the Cathedral of Batalha.

The ceremonies were attended by the great French marshal and by other allied commanders. Joffre was easily the most notable figure in the funeral cortege which escorted the soldiers' biers from the railway station. He marched behind the coffins with the other allied generals, walking with a slight limp and carrying his ebony and silver marshal's baton in his hand.

Flowers were showered on him from the windows and once, when the acclamations became especially overpowering, the hero of the Marne, visibly affected, lifted his baton with a sudden gesture and pointed it toward the detachment of mutilated soldiers from the war who preceded him, indicating that the plaudits of the people should be for them.

#### OLD HULL INVESTIGATED

MONMOUTH, Or., May 11.—(U. P.)—When the changing currents of the tides shift the sand this season at Neskeon another effort will be made to determine the contents of the old hull that years ago went to its doom at this place.

Neskeon—Indian name for salmon trout—and Proposal Rock in Tillamook county are interesting points of history to those familiar with the old Indian story, inasmuch as they designate the position of the wreck.

#### CHILDREN ON THEIR GOOD BEHAVIOR MEANS COMING TO THE BIG CIRCUS

We're going to have very little schooling to do, so far as our young hopefuls are concerned, for a couple of weeks. The youngsters are going to be more considerate than they have since Christmas, much more. And we, who were once boys, only have to glance at the bill boards and newspapers to know the reason. The circus—Howe's Great London and Van Amburg's Trained Wild Animals, comes to Pendleton Monday, May 16.

That fact tells the tale. The press agent dropped in today and told us about all about the show—how it travels on four solid steel trains of double length cars; how its big performance is presented in three rings, two double steel arenas, on a stage and in the air, to say nothing of fifty clowns cutting up in the hippodrome track. He described the manner in which the combination of the two circuses was effected last winter and how the wonderful Van Amburg trained jungle beasts and the great array of circus talent of the Howe's Great London circus merge in the display under the big top to present what he says is unquestionably one of the best shows of the decade.

The Howe-Van Amburg circus takes great pride in its parade, and it points to the fact that its superior railroad equipment and general all around organization insures its professional presentation a prompt show ground departure at 11 a. m. daily. That will be the case here, without fail, as a late arrival means nothing to this show, which has new mechanical devices to shorten the time is usually takes a big show to erect its tents and get all its paraphernalia in place.

#### WILL TRAIN ARMY OFFICERS

UNIVERSITY OF OREGON, Eugene, May 11.—A four-year curriculum for major students at the University of Oregon in the department of Military science which will lead to a commission from civil life, was authorized by the state board of higher education at its meeting in Portland recently. This course of study, which has the United States army as an objective, includes 57 hours military science, 239 hours advanced mathematics, and 21 hours history and provides in addition two years of a single science or of a single foreign language.

#### NAME OF SCHOOL CHANGED

The school of commerce of the University of Oregon has been changed to the school of business administration, and the work greatly enlarged.

Sellers Have Lining  
On London Wool Auction

LONDON, May 11.—(A. P.)—The offerings at the wool auction sales to-

day were 10,260 bales. It was a good selection and prices were firm and in sellers' favor. Home traders were active bidders for cross breeds.

## "You may be Sure"

says the Good Judge

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

Put up in two styles
