### EFFORTS ARE MADE TO MAKE PEACE BETWEEN ULSTER AND THE SOUTH

Impetus Has Been Given This Movement Which is Thought To Be Very Essential.

DUBLIN, May 12.—(A. P.)—Efforts are being made to find a basis on which the divergent interests of Ulster and Southern Ireland may be harmonized.

Impetus has been given this movement, which is regarded as an essential preliminary to any negotiations between the government and Sinn Fein, by the Irish Dominion League whose executive committee is engaged in soundings the sentiment of both sections with a view to reporting its findings to the British government.

It is understood there have been sufficient modifications of the views of politicians as well as business men of both Ulster and the Southern counties to inspire confidence that their conflicting aspirations can be reconciled.

The chief difficulty in the path of peace, it is believed, is to discover a common ground for discussion between the government and Dail Eireann. The refusal of the Dail to announce its minimum terms has given a setback to the attempt to bring the government and Sinn Fein together.

The general feeling here appears to be that Dail Eireann will stand pat on its demand for a republic and will await definite proposals from the government.

Military authorities take any but an optimistic view of the situation saying the forces now available are entirely inadequate to do more than hold their own while the Irish Republican Army leaders boast of continued improvement in the work of their organization.

It is understood that the military is counting on the exhaustion of Republican funds as the only certain means of gaining the upper hand. They admit, however, that much time must elapse before even that hope is realized.

Up to the present about \$5,000,000 have been subscribed to the Republican loan, of which approximately \$6,000,000 came from the United States. Dail Eireann is under heavy expense, the cost of propaganda alone running into big figures.

Only about \$500,000 of the loan remains, it is asserted, hence energetic efforts are now being made to increase the amount of subscriptions at home.

### DEVOTES LIFE TO WORK

LONDON, May 12.—(A. P.)—A story of heroic self-sacrifice and devotion has reached England from the leper village of Chandag, India, where Mary Reed, a solitary white woman missionary, is giving her life to ministry to the sufferings of her fellow lepers.

News of her isolated life was brought back by Mr. Oldrieve, organizing secretary of the Mission to Lepers, who has just returned from a 70,000 mile journey visiting all the leper colonies in India.

Thirty years ago Miss Reed went into this desolate spot in the Himalayas, 6000 feet above the sea level, offering herself to the leper cause. Although a victim of the malady, she is still able to carry on her spiritual work among these afflicted like herself.

Miss Reed seldom sees white people for her station is 30 miles from the nearest railway line. There are 45 women lepers in the community and 19 men in the men's refuge a short distance away.

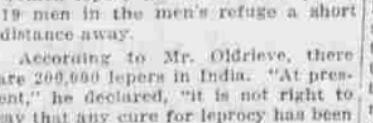

According to Mr. Oldrieve, there are 200,000 lepers in India. "At present," he declared, "it is not right to say that any cure for leprosy has been found."

### She was Fat

The shadow of this picture shows you so thin how she looked before she started following my directions of Eucalyptin.

She is three months. Now she is thin, attractive, mentally alert and in better health. Suitable sort of fat will do it.

It, Eucalyptin, 15 to 20 grains, three times a day and repeat until you are satisfied. GUARANTEE. Buy Eucalyptin at any drug store or the true Eucalyptin with many testimonials issued in your own language write to Kureta Company, 80-90, Street X, New York

### Mail School for Actors

Juvenile stars of stage and screen must go to school, even though they make \$1000 a week or more. Lillian and Anna Roth are "professionals" who do their lessons at "The Professional Children's School" of New York by mail. If the pupils don't do their lessons—look out for the truant officer!

### PRETTY GIRLS AND HANDSOME HORSES ARE FEATURES WITH BIG SHOW

Pretty women on beautiful horses, and educated horses at that, make an attractive picture—always. With forty women on forty horses, all good looking, the Howe's Great London Circus and Van Amburg's Trained Wild Animals—the big combined show coming to Pendleton, Monday, May 16, seeks to make a stir in a department that is always popular.

There are even star bareback riding troupes with this show, but the forty educated horses referred to are high school steeds, who do all sorts of stunts, from the fox trot to the latest variation of the shimmy. And now and then, just to inject a thrill in their acts, the women riders put their mounts over steep jumps on the hippodrome track, which circles the three rings, the two double arenas and the stage.

As for the bareback riders—well, they are the best known in England and America, to say nothing of two South American families, who have brought to the states something new in the equestrian line. Pretty girls there are in plenty in the "resin-back" brigade with the Howe-Amburg show, and, here's a secret, many of them will be seen in the two-mile street parade, for the management has put forth special inducements to persuade the student ring stars to take part in the "march" this year.

### SPANISH FARMERS WANT LOANS FROM GOVERNMENT

MADRID, May 12.—(A. P.)—Farmers' associations of Spain are demanding that the government set up land banks to loan them money at reasonable rates to purchase modern machinery and fertilizers. They say the tenant farmers now have to borrow cash from usurers who often charge as high as 250 per cent.

This leaves the farmer so poor that he cannot afford to buy the implements for deeper ploughing necessary to dry farming, to which 50,000,000 acres of land are devoted.

### WIRELESS PLANT DEDICATED.

HILLSBORO, May 12.—(U. P.)—A new quarter million wireless plant of the Federal telegraph company was dedicated. Mayors of Portland and Hillsboro, and state officials, were present. The plant is one of the largest and most powerful in the country. It will handle business for Oregon, Washington and Idaho. The plant occupies 225 acres on the capital highway, south of Portland.

### JAMES COX ADVISES GIVING ADMINISTRATION CHANCE TO MAKE GOOD

Country Had Enough Political Sabotage During Last Term of President Wilson.

NEW YORK, May 12.—(Harold D. Jacobs, U. P. Staff Correspondent.)—"Let them alone—for the present." This sums up the attitude of James M. Cox, democratic leader, toward the republican administration, as given in an exclusive interview with the United Press. Cox is in favor of giving the administration a chance to "make good." "The country had enough political sabotage during the last term of President Wilson," he said. "There will be plenty of time for the democrats to perform their function of opposition party after the republicans have had an opportunity to demonstrate their capacity for running the government."

### CHOICE MEETS OPPOSITION.

WASHINGTON, May 12.—(U. P.)—David Jayne Hill was tentatively selected as ambassador to Japan, according to authoritative information. Strong opposition is arising to Harding's selection of Jacor Gould Schurz as minister to China.

### Carrier pigeons are being used by drug smugglers to transport narcotics.

This was discovered when recent storms forced to earth at Fargo, North Dakota, a bird upon whose legs were strapped two aluminum capsules containing cocaine. Other pigeons, similarly "loaded," have been found in Illinois and Minnesota.

### FACT Local Evidence Evidence that can be verified. Fact is what we want. Opinion is not enough. Here's a Pendleton fact. You can test it.

R. C. Dorman, 201 S. Agra St., says: "When I was living in Kansas a year and a half ago I suffered from lame back, caused by the disordered condition of my kidneys. At that time, I had a dull, heavy ache in the small of my back and I could hardly get up when I was down. My kidneys acted frequently, causing me to get up many times during the night. I heard about Doan's Kidney Pills and several boxes cured me of the attack. The pain left my back and my kidneys acted like clock-works."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dorman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
