Oakgrove, with 125 school pupils, has a P. T. A. of 54 members. Over \$250 has been raised and will be used for buying equipment for a new school house. Oakgrove is unique in that it has a printing press as well as a motion picture machine.

The Coutts narrowly escaped skidding backward one of its hind wheels with a blind wheel of the Washington car and then plunged from the road to the gulch below, landing right side up. The Coutts car, which was badly damaged, will be lifted from the ditch by a derrick. The rear axle and a wheel of the Washington car were broken in the collision.

BOOTHS ARE ALL TAKEN IN HAPPY CANYON FOR CARNIVAL MAY 26-27

More Applications Are on Hand Than Can be Accommodated Unless Booths Cut in Size.

Booth room in Happy Canyon for the big Merchants and Manufacturers' Carnival to be held May 26 and 27 is all taken. Announcement to this effect was made this morning at the office of the Commercial Association after a check of applications for reservations had been made by Secretary Claude Enns.

There are 25 merchants and manufacturers of Pendleton who have applied for space in the show, and several firms want booths with 25-foot frontage. More applications are on hand right now than can be accommodated unless arrangements can be made by individual applicants to cut down on space.

The firms requesting booth room since yesterday include R. L. Burroughs, A. C. Koopman, Roesch Bottling Works, J. L. Vaughan, J. C. Penny Co., and the Pendleton Trading Co.

To get the entertainment features under way the special entertainment committee held a meeting today, at noon when different plans were proposed for the two days of education and fun. The work of getting Happy Canyon in condition for the carnival is going forward apace. The false top is in place, and the carpenter work is under way.

GRAINMEN TALK CO-OP PLAN AT THE DALLES

A phone message from The Dalles Chronicle this afternoon stated that no action of importance had been taken at the graingrowers conference up to 2:30 this afternoon. The delegates did not arrive until nearly 11 o'clock this forenoon and the morning session was devoted to organization. The first part of the afternoon session was taken up with a discussion that did not include Umatilla county's position regarding 100 per cent pooling.

To express their disapproval of the 100 per cent pooling plan made compulsory by the Oregon State Wheat Growers Association, S. R. Thompson, Mac Hoke, Fred Bennett, H. W. Collins, Sam Culley, Marion Hunsel, Arthur Oppenok, Henry Barrett, L. L. Rogers, R. W. Ritter, Dave Nelson and Thomas Hamilton, Umatilla county farmers and grain men, are in The Dalles today to attend a grain meeting.

The Umatilla county delegation declares that unless the Oregon association will consent to a secondary contract permitting selling, consigning or pooling of wheat, the Farm Bureau of this county will form its own organization and will not join the state association. If the independent association is formed it will operate under the United States Grain Corporation recently formed.

DID YOU CARRY RABBIT FOOT IN YOUR POCKET ON FRIDAY THIRTEENTH?

There were many rabbits' feet carried around in Pendleton today, and horsehoes were the favorites of a tribe of people. Why? Well, just because today was Friday, the 13th. It is supposed to be a double fine for the "unlucky" to those who still believe in that thing called luck, and the little rabbit-foot carried snugly in one's pocket keeps harm away. The police couldn't find evidence of any violence, however, and they are skeptics about Friday being a bad day. The weatherman has not been dressed in gayer habiliments for many a moon than the girl he displayed today. There weren't any serious accidents. In fact, Friday was just as good, if not a better day, than any day that preceded it.

CARMICHAEL DIVORCE DECREE SET ASIDE IN CIRCUIT COURT TODAY

Local Lawyers Say Case Most Unusual and Legal Status of Second Wife Now Questioned.

The decree of divorce granted last fall to George B. Carmichael of West, from Mabel E. Carmichael was set aside this morning by a decision of Judge C. W. Phelps, making Carmichael the husband of Mabel Carmichael. Carmichael is also the husband of the former Miss Elsie O'Hara, of Weston, their marriage having occurred in Walla Walla in March. Just six months after Carmichael received a decree of divorce from his first wife on the grounds of impotency.

Mrs. Mabel Carmichael, through her attorney, E. J. Warner, asked a short time ago that the decree be set aside, charging that through duress and coercion, she was prevented from fighting the divorce. Through Judge Phelps' decision, her answer to the plea for divorce is automatically filed. The answer prays that the divorce proceedings be dismissed and denies the charge made by Carmichael, as well as making counter charges, charging Carmichael with extreme cruelty.

Local lawyers say that the case is a most unusual one and the legal status of Carmichael's second wife is now a question, as the vacating of the decree makes Carmichael's first marriage still in effect.
