### German-U. S. Envoys?

ELLIS J. DREISEL

PHILIP HEINEKEN

Following the Senate's adoption of the Knox resolution of peace with Germany, the name of Ellis J. Dreisel of Boston, now American commissioner at Berlin, is mentioned as the next U. S. ambassador to Germany. Philip Heineken, managing director of the North German Lloyd, may be Germany's envoy to this country.

The priest is to be arraigned before United States Commissioner Mason. Rev. Gorrick told the federal he had been duped into accepting the bonds, Porter said. Fifty persons have been arrested to date for alleged connection with the mail theft, which occurred in February.

John Kramer said he is investigating the reports that many of the big American owned passenger ships had been operating bars outside the three mile limit.

### DECREE PERMITTING TRADE IN FOODSTUFFS PROVIDES GRAIN LEVY

#### Freedom of Trade is to be Allowed Only in Districts Which Have Paid Taxes.

RIGA, May 12.—(A. P.)—A decree issued by the Soviet government to put into effect the decision of the last Soviet Congress permits trade in surplus foodstuffs under certain restrictions, says a report here from Moscow.

It provides that 144,000,000 bushels of the 210,000,000 bushels of grain necessary for the feeding of the towns and cities shall be taken from the farmers by levy; the remainder to be purchased from them by giving them in exchange machinery, cloth, iron and other articles.

Freedom of trade is to be permitted only in districts which have paid their taxes.

It will be necessary, it is said, to obtain the machinery for the farmers from abroad, but the other commodities could be produced at home except for the breakdown of production due to the lack of fuel and raw materials.

For the present the only produce for exchange with the peasants is salt and oil. Here again, it is pointed out, there is a difficulty in the matter of transportation although both salt and oil themselves are abundant.

All control and restrictions affecting the transport of supplies are abolished. Punishment is provided, however, for selling grain without saving seed.

The decree is regarded by the newspaper Pravda as a sorrowful necessity. The government, it says, was compelled to issue the order to induce the peasants to labor on their land. The Russian farmer had threatened to leave much of their holdings uncultivated so there would be nothing to confiscate.

### HOLD YOUR EARS, EXPLOSION COMING

NEW YORK, May 13.—(Harold D. Jacobs, U. P. Staff Correspondent.)—

"Prohibition has removed the American safety valve, and the country will 'blow up' within three years," Andre Tridon, psychanalyst, declared today. This "explosion," Tridon explained, would be signalled by the rush of hundreds of thousands of persons to insane asylums and sanitariums. "The greatest cause of insanity is repression," Tridon said. "Every person is endowed with the craving for self-expression. This may take the form of music, art, oratory or what not. The American people, particularly the Anglo-Saxon element, have been taught to repress these natural desires. A drink or two enabled him to slough off their natural reserve, and they sang, or orated, or did what they most longed for.

"People who did not seek an outlet for these things through the temperate use of alcohol, or the intemperate use of drugs, often became insane—and their insanity took the form of doing to an extreme the thing they had repressed.

"Now we have prohibition. Its strict enforcement will bottle up these emotions and those who lack the strongest of will power will be a prey to nervous diseases, ending in the sanitarium or the asylum.

"This country is like a huge boiler. Excess steam escaped through the safety valve of temperate drinking. Now the valve has been tied down. Like any other boiler, the result will be an explosion."

Tridon emphasized that he is opposed to excessive use of alcohol.

### ESCAPED MAIL ROBBER IS BEING SURROUNDED IN CANYON BY POSSE

NAPA, Calif., May 13.—(A. P.)—Roy Gardner, the mail robber who escaped from a train at Portland, Oregon, on June seven, 1920, while being taken to McNeil's prison for a 25 years term, is surrounded by a posse in a thickly wooded canyon near here. Following his escape Gardner went to Australia and recently returned here, offering to give himself up. The sheriff refused in a telephone conversation to grant any concessions and Gardner disappeared with the posse in pursuit.

### 50 AMERICAN TEACHERS ARE NEEDED IN IRELAND

MANILA, May 13.—Fifty American teachers for the bureau of education of the Philippine Island are needed for the coming school year which begins the first of next June and the department of public instruction has notified Dr. W. W. Marquardt, superintendent of Philippine pensionados those who are at school in the United States to obtain the services of that number as soon as possible.

Dr. Alejandro Albert, acting secretary of public instruction, said that in order to attract American teachers to the Philippines, the entrance salaries had been fixed at 2800 pesos a year (approximately \$400), 3000 pesos (\$450) and 3,400 pesos (\$500). This is an increase of approximately \$200 a year over the salaries heretofore paid American teachers.

The entrance salary of 2800 (approximately \$400) is offered to those who have had no experience in teaching; the 3000 pesos to those who have a limited experience, and 3400 pesos salary will be paid those who have devoted several years to educational work.

"These figures should be sufficient to attract Americans to the Philippines and even if these amounts are considered insufficient, the chance that is given adventurous Americans to come to the Philippine Islands and the Far East, should be sufficient to make teachers accept the offers," said Dr. Albert. "Upon accepting the offer a contract for two years is to be signed, and this period may be extended, if so desired. Most of the teachers will be scattered over the islands and will be asked to teach English."

### FREIGHT ON PERISHABLE FOOD STUFF FROM COST MAY BE REDUCED

YAKIMA, May 13.—(U. P.)—Hopes for the reduction of freight rates on perishable fruits and vegetables from the Pacific coast brightened with the statement of H. M. Adams, vice president of the Union Pacific that "railroads fully appreciate the situation." Adams testified before Henry J. Ford, representative of the Interstate Commerce Commission, admitting the country couldn't prosper under the advanced rates, but said the roads were unable to meet operating costs. If labor is reduced the roads will voluntarily adjust the rates, he said.

### THREE MOUNTAIN STATES REORGANIZE OLD UNION

SALT LAKE CITY, May 12.—(A. P.)—Utah's desire to advertise to the world the speed and strength of her athletes led to the recent reorganization here of the Intermountain Association of the Amateur Athletic Union, which has charge of all amateur athletics in the state.

Greater athletic performances by Utah men and boys are to be encouraged by the association. All colleges, universities and clubs in this section are to be asked to join.

As the Intermountain association also has jurisdiction in Montana and Idaho, athletes of these two states are to be encouraged in their work, so that the association meets will be, in reality, for the tri-state championships.

The plan originated with the Metropolitan Public Gardens Association which is seeking to obtain for the purpose four acres of waste land near Hyde Park.

### SEATTLE TAKES TWO

SEATTLE, May 13.—(A. P.)—Seattle won a doubleheader from Oakland here yesterday taking the first game by a score of 5 to 1 and the second, 14 to 9. The second was a hitting contest with the Indians taking 14 hits off of four Oakland pitchers while the visitors got 14 safeties.

The post office department is supplying its employees with saved-off shotguns similar to those used by American troops in beating back German trench raiders in France and which brought a protest from Berlin. The war department has shipped those guns as well as 45 caliber revolvers to all post offices handling valuable mail.

### YOUNG GIRLS NEED CARE Mothers! Watch Your Daughters' Health Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give.

The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy. If she complains of headache, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety.

Read how Mrs. Eicher helped her daughter. She says: "At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE EICHER, 404 N. Fairhill St., Philadelphia, Pa.

Mrs. Williams will profit by her own experience. She says: "When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and my mother knew nothing about it. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and took my own spending money and bought a bottle. It helped me so much that I took it regularly after that until I had taken two bottles and I did not have any more pain or backache and have been a healthy, strong woman. I am now 39 years old and have a little girl of my own, and when she gets old enough I shall give her none other than Lydia E. Pinkham's Vegetable Compound."—Mrs. C. E. WILLIAMS, 2437 W. Toronto St., Philadelphia, Pa.

For almost fifty years Lydia E. Pinkham's Vegetable Compound has been relieving women, young and old, of ailments peculiar to their sex. Ask your neighbor about it, for in every neighborhood there are women who know of its merits.

Thousands of letters similar to the above are in the files of the Lydia E. Pinkham Medicine Co., and for years such letters have been published. Surely it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.
