

THE ACE SIX

"The Super-Comfort Road Car"

As Comfy as your Coziest Chair

You can relax and rest quite as well in an ACE as you can in your favorite chair before the fireplace.

The ACE is a sweet running car with oceans of reserve power; its smart appearance causes it to stand out on any boulevard—but above and beyond all this it is designed and built for ease and comfort. Every day experienced motorists tell us that the Ace is the easiest riding car they have ever tried—it is the Super-Comfort Road Car of America.

There's COMFORT in the gentle movement of the Ace body—a finished example of the coachbuilders art. Plenty of leg and elbow room. Low set with individual steps leading to each of the full width doors, allowing easy access to the commodious interior. Electric cigar lighter and back seat lights give a hint as to the extra conveniences.

There's COMFORT in the scientific suspension of the aluminum metal body—in the careful distribution of weight—in the full sized tires—in the springing of the chassis with its strong shock-absorbing cantilever springs.

There's COMFORT in the solid leather, heavy cushioned upholstery of the Ace. Deep broad backs and sloping seats fitted with special resilient springs that respond to the gentlest pressure and have a give and elasticity that make for solid riding comfort—like your big arm chair before the fireplace.

Don't miss seeing the ACE Six—it will give you more real pleasure and more comfort than any other purchase you could make.

Points.

Important Opening Announcement

The ACE has again taken the Lead. Ace Sales are booming in the Walla Walla district and so great has been the demand for the Super-Comfort Road Car during the past two weeks that the manufacturers—The APEX MOTOR CORPORATION, Ypsilanti, Michigan, have decided to open a direct branch in Walla Walla.

The premises occupied by the Eastern Washington Motor Car Company have been taken over and Pete Waterman, formerly agent for Velie and Allen Cars, as Manager of the New Branch will see that Ace owners get full benefit of direct dealing. A Service department will be maintained complete in every respect with a wealth of Spare parts and Accessories and skilled mechanics and technical experts will be available at all times to assist and advise. Come up and see us.

Special Advertising Trade-in Offer

We mean to make the ACE the most popular car in the West this summer, and we know from experience that the best and quickest way to do this is to get cars into the hands of experienced and well known motorists. For a limited time therefore, we will take in used cars at an extremely liberal valuation with very easy terms on the balance. We finance our own deferred payment papers.

Our trade-in estimates on your car will convince you that we are

sincere in our efforts to quickly popularize the Ace in this district without regard to present financial profit. Bring your car up to our headquarters here and take out a brand new ACE Six.

Every Ace is sold with a guarantee of FREE SERVICE for a period of Ninety days and an additional guarantee against defective material in any part of the car for ONE YEAR. The tested superiority of the standard units in the Ace make it perfectly safe for us to give this most unusual guarantee.
