Livestock Movements

Stock at Portland (From the Oregon Journal) Livestock trading was conspicuous by its almost general absence at North Portland Thursday. There were few new arrivals available for the market, and there was little demand. All prices were on a nominal basis. In the hog alleys there was a run of 567 head for the day, but of this 388 head came direct to killers from South Dakota country points and most of the remaining small supply was on contract. What little stock actually entered the market was quoted with a dull tone and prices nominally continued at the previous range. General hog market range: Prime light \$9.25@9.50

Smooth heavy, 250 to 300 pounds 7.50@8.50 Smooth heavy, 350 and up 6.50@7.50 Rough heavy 5.00@7.50 Fat pigs 9.00@9.50 Feeder pigs 8.50@9.50 Stags 4.00@7.50 No new arrivals were shown for Thursday in the cattle division of the North Portland market. Trade continued on a nominal basis, considerable hold-over stuff of quality being available and few caring to take hold. It appears that the "bumping" process is well under way in the cattle market at North Portland. Until business is generally available it will be impossible to give anything but nominal quotations that are probably somewhat higher than stock could actually be sold at. General cattle market range: Choice steers \$8.25@8.50 Medium to good steers 7.50@8.25 Fair to good steers 6.75@7.50 Common to fair steers 5.75@6.75 Choice cows and heifers 6.25@7.00 Medium to good cows and heifers 5.25@6.25 Fair to medium cows and heifers 4.25@5.25 Common cows and heifers 3.25@4.25 Canners 4.00@4.50 Choice feeders 4.00@4.50 Fair to good feeders 3.50@4.00 Bulls 3.50@4.50 Choice dairy calves 9.50@10.00 Prime light calves 9.00@9.50 Med. light dairy calves 6.00@8.00 Heavy calves 2.00@3.00

With a rather good run for Thursday, market for sheep and lambs show trade, with prices almost steady for the day. There was no change in the general list from the low range of Wednesday afternoon. General sheep and lambs range: Prime lambs \$7.00@7.50 Fair to good lambs 6.00@7.00 Cull lambs 4.50@5.50 Feeder lambs 3.90@4.50 Light yearlings 5.00@6.00 Heavy yearlings 4.50@5.00 Light wethers 4.50@5.00 Heavy wethers 3.50@4.50 Ewes 1.00@4.25

Wheat Continues To Advance CHICAGO, May 20.—(A. P.)—Wheat advanced sharply yesterday, upsetting predictions that the market would undergo a big break. Passage of an anti-pit bill through one branch of the Illinois legislature failed to have much influence on values, being far outweighed by crop damage reports. The market closed strong 1 1/4 to 4 1/2 net higher, with May 1.52 to 1.53 and July 1.19 3/4 to 1.20. Corn finished 1-4 to 1 1/8 down, oats off 1-2 to 5-8 and provisions at gains of 2 1/2 to 30.

It took only a minute to demonstrate that there was to be no unusual setback in wheat. The extreme decline of 2 1/2 cents had scarcely been reached before the market began to swing upward with a rush. Most traders took the position that the anti-pit bill was still a long way from enactment and had been chiefly effective for the time being as affording a good opportunity to buy. Knowledge that field scouts were sending in bullish reports from the southwest added greatly to the courage of buyers, although word of rains in Kansas led at one time to a transient decline. Houses with seaboard connections bought freely and the market closed at almost the day's top.

Favorable weather and news that corn planting showed rapid progress kept prices for corn and oats tending downward most of the session. Provisions were firm in line with hogs. Extension of Rural Credits Favored for Farmers WASHINGTON, May 20.—(A. P.)—More liberal rural credits and extension of the six months re-discount limit by federal reserve banks on agricultural paper was favored yesterday by Secretary Mellon as a means of relief for farmers. The re-discount time limit for livestock paper should go as high as two years, he thought, and be extended to nine months on ordinary paper. Extension of the maturities on agricultural paper would require legislation, he added, and such measures were before congress.

World Market Overstocked, Says Hoover WASHINGTON, May 20.—(A. P.)—Overstocked world markets were said by Secretary Hoover yesterday to be largely responsible for the slump in American exports. Conditions are improving somewhat, however, he added and with the movement of the stocks of commodities on hand in the foreign markets, American exports could be expected to pick up again.

Lumber Production Still Below Normal SEATTLE, May 20.—(A. P.)—Lumber production of 115 mills of the west coast lumbermen's association totaled 59,879,194 feet, which is 28 per cent below normal, according to the weekly bulletin of the association issued yesterday. Shipments totaled 58,192,307 feet the report showed.

NORTHWESTERN FORESTS WILL BE PATROLLED BY 91ST AERO SQUADRON EUGENE, Or., May 20.—(A. P.)—Lieutenant French, quartermaster of the 91st aero squadron, arrived in Eugene this morning from Mather field, to arrange for the beginning of the Pacific northwest airplane forest patrol. He came north by airplane as far as Medford, being compelled to stop there on account of bad weather,
