## SUNDAY'S BALL GAME TO DECIDE WHETHER BUCKS ARE LEADERS

Peterson and Styson Hardest Hitters in League, Moe's Dope Sheet Makes Plain.

The League Standing

Pendleton	3	0	1,000
Helix	3	1	750
Weston	1	3	250
Pilot Rock	0	3	000

The outcome of Sunday's game between Helix and the Pendleton Bucks will determine whether the locals shall continue to lead the Wheat Belt League, or whether the leadership now held by them shall be relinquished to the Helix team. The present standing of the teams gives the Bucks a clean slate with three victories, and the Helix team has won three and lost one. A victory for the Helix gang Sunday would reverse the standing.

Captain Peterson's team will be in fairly good shape for the contest that is to be played here. The outfield is weak right now as was disclosed by the four innings played at Pilot Rock last Sunday when rain interfered and caused the calling of the game. The infield is in good shape.

Figures compiled by Fred Moe, secretary of the league, show that Peterson and Styson of the Bucks are the hardest hitters so far this season. Peterson's average is .555 with Styson coming second with a rating of an even .500. Hanley, who ranks sixth, is the third Pendleton man in the list of

those who have batted 250 or better in two or more games. Following is the list:

Peterson (Pendleton)	555
Styson (Pendleton)	500
Clarke (Helix)	500
Hinkle (Pilot Rock)	461
Cook (Helix)	428
Hanley (Pendleton)	384
Kirkpatrick (Weston)	363
Pierce (Helix)	333
Gilbert (Pilot Rock)	307
Blomgren (Weston)	294
Kane (Pilot Rock)	285
Kendall (Helix)	277
Robertson (Helix)	250
Gartzel (Helix)	250

MAKE NINE IN SIXTH  
SACRAMENTO, Cal., May 20.—(A. P.)—A rally in the sixth inning, when Sacramento pushed over nine runs, turned victory into defeat for the Oaks here yesterday, the final score being Sacramento 12, Oakland 3. Up until the fatal frame the bay club had been leading 3 to 1. McGaffigan was the hitting star of the day, getting four hits in five times at bat. One of his biggies was a home run with the bases full.

WASHINGTON U. WINS  
PULLMAN, Wash., May 20.—(A. P.)—Setzer's pitching combined with 16 healthy clouts by the University of Washington team brought victory to the Sun Dodgers here yesterday over Washington State college. Shadan lasted five innings for the locals and was replaced by Raley. McMahon lined out two triples and a double for the visitors. Score: Washington U., 7 to 2; Washington State, 1 to 3. Batteries—Setzer and Land; Shadan, Raley and Bray.

## LOCAL GOLF FANS TO COMPETE FOR PRIZES SUNDAY

Interest Roused in Tourney That Will be Played Here May 28-29; La Grande Busy

As the golf season advances, interest in the sport is being reflected in the time that is spent by devotees of the game, and in Pendleton it's getting to be a common thing for some of the boys to look the sun in the face at 6 o'clock in the morning as a part of the early playing.

Some of them are preparing for the competition and medal tournament which is to be played here Sunday. There will be provisions made for both old and new players, so all members will fit into a class where they can qualify. An added attraction of the Sunday competition, which starts at 10 o'clock Sunday morning, will be the blind tournament.

Pendleton players are also looking forward with keen interest to the Tri-State tournament that is to be played Saturday and Sunday, May 28 and 29. There are other golf fans in this part of the country who are planning to do their best on this occasion as the following from the La Grande Observer indicates:

"All golf players are asked to meet at the Club House this coming Sunday, when the eight best scorers will be selected to go to the golf tournament in Pendleton on May 28 and 29. Sunday is also the day that the people of Union and vicinity have been in-

ited to the club house to view the grounds and get acquainted with the people of La Grande. It is desired that as many people be at the club house as possible, in order to show the Union people the true La Grande hospitality.

"Several days ago, an invitation was received from the Pendleton club to participate in their tournament, in which six towns will be represented. In speaking of the tournament this morning, one golf enthusiast said, 'None of us La Grande fellows expect to show up in the tournament, but we do want our eight best players to go to Pendleton; just to show them that, although our game is poor, our hearts are in the right spot.' George L. Eddy, golf instructor, will select the eight best scorers."

## SPORT GAS (BY THE STAFF)

The gas editor is in receipt of a letter from Ad Gustavo who writes from La Grande that after seeing in our paper that Ray McCarroll stayed with Herman Hackenschmidt fifteen minutes the night of the circus and prevented Hack from getting a fall he is moved to express the opinion that he can throw either man.

To support this statement Ad declares he is able and willing and even anxious to come to Pendleton to show how the trick is done if local fans would like to see the bout.

He says he weighs 180 and is in good condition, and furthermore, that he has plenty of backing down that way.

The Gas Ed. has lived long enough to have had some of his earlier ardor about the wrestling game chilled by divers exhibitions he has witnessed in small towns, and he personally would not give a plugged nickel even in the flushed interval that accompanies payday to see one of these affairs.

But the challenge has been issued and it is hereby told unto the world.

The catches of fish that are being displayed in local windows are inviting enough to make one feel the lure of hill and stream. No wonder the boys are even now quietly talking over the vacation plans when the boss is not around.

Have you seen a Twilight League game of baseball lately? The boys are having lots of fun and exercise down at the park of evenings.

## REMEMBER WHAT HARTE SAID ABOUT CHINESE?

It is doubtful if that many persons live in the community. "My Village elders submitted the figure," blandly explained the magistrate, "and I had to accept their word or they would lose face with my people."

Hayes was of the opinion that food was more important than face and immediately set about remedying matters.

Another grave condition is being dealt with in the district administered by the Southern Army. A fund of \$50,000 for famine relief fell into the hands of the authorities and was distributed impartially—and then re-collected as taxes.

But in spite of these instances of graft it must not be believed that the great majority of the famine relief money is not going into the proper channels.

LICHUAN, Shensi Province, China, May 20.—(Charles E. Hoare, U. P. Staff Correspondent)—Waste of money is inevitable when large sums are used for emergency relief in a country like China, where "squeeze" is an accepted and honorable practice, but an investigation of the famine region leads to the belief that the money that has been poured into this stricken land has for the most part been very well spent. Daily there is less and less waste.

But there are financial plague spots. Here in Shensi is to be found one of them. The local magistrate has, until John Hayes and his party of foreigners arrived on the scene to internationalize the control of the funds, been playing ducks and drakes with the money forwarded from Peking and Shanghai. Hayes put a sudden end to that situation when he discovered that the magistrate's home village was listed as having 3,000 starving persons, whereas
