

### NATIONAL SHRINE FOR WOMEN PLANNED IN WASHINGTON CITY

Estate Purchased by Woman's Nat'l Civic Foundation Headquarters for Organization.

WASHINGTON, May 21.—A development of keen interest to women and women's organizations throughout the country is seen in the purchase by the Women's National Civic Foundation of the magnificent Dean estate, comprising nine and one-half acres in the heart of the National Capital for a civic shrine. The foundation is of recent birth, and its inception is of several of the leading women of Washington and the country is being pointed to as one of the most significant and constructive evolutions of the post-war period.

The plan of the founders, women of unusual vision, is to provide in Washington a center for the promotion of those things necessary to the advancement of woman in her different spheres. To this end the grounds purchased at a cost of \$500,000, will be beautified and a commanding and comfortable clubhouse, built along artistic and novel lines, will be provided. Built probably in the form of a crescent, it will overlook the Potomac Valley, and a remarkable vista will be unfolded to the eye from the colonnade at the brow of the hill which dominates the estate. There will be suites for offices for different organizations of women, a ballroom, a restaurant, a theater, etc.

The foundation has long been the dream of Mrs. Clarence Crittenden Calhoun, of Washington, at whose home it recently was organized. Its development along lines suggested by Mrs. Calhoun not only will keep pace with the movement to make Washington the real heart of the Nation, but of still greater importance to Mrs. Calhoun and those associated with her primarily in the movement, will be the recognition of woman and her potentialities. A garden party planned for May around the old mansion now on the ground probably will mark the formal introduction of the public to the foundation's new home.

### MONUMENT TO PIONEER MONK TO BE ERECTED

CONCORDIA, Kan., May 21.—(A. P.)—A shrine to the memory of the Franciscan friar, Fray Juan Padilla, believed to have been the first Christian martyr in what is now the United States, probably will be erected by Bishop Francis Tiel, new head of the Concordia diocese, in the approximate spot where the pioneer monk was murdered by Indians nearly 400 years ago, in the vicinity of Junction City, Kan.

"If the spot where Fray Juan Padilla was slain, or better yet, his grave, can be located, I intend to have a

### United States? Not for Her!

That Mrs. Florence Vanderburgh, British wife of W. H. Vandergarh, Minneapolis attorney, refused to live in the United States, was brought out in the attorney's suit in Minneapolis to break up their antequatorial contract. Mrs. Vanderburgh is contesting the suit.

monument and bronze tablet placed there," said the bishop.

Padilla is believed to have returned to Quivira (now Kansas) following the expedition conducted by the Spanish explorer, Francisco Vasquez de Coronado in 1542, in search of the "seven cities" which Francisco missionaries had reported existed in Quivira. The route taken by Coronado through Kansas has been fairly accurately traced by historians in eleven central Kansas counties.

Residents of Lindsay and vicinity, in McPherson county, are beautifying Coronado Heights, named for the Spanish explorer who is said to have conducted his expedition to the crest of this mountainous like formation for observation purposes. Automobile drives have been constructed to the top and a rest house built there. This year trees have been set out and it

is the intention to make the spot one of historic interest for tourists. The elevation has attracted geologists from all parts of the country because its chalk like formation has yielded the skeletons of many valuable prehistoric animals.

### THORPE RECEIVES COMMISSION

OREGON AGRICULTURE COLLEGE, Corvallis, May 21.—(A. P.)—C. A. Thorpe of Thorpe, Wash., sophomore in agriculture and adjutant of the R. O. T. C. cavalry unit, has been commissioned first lieutenant in the cavalry unit of the regular army. He is to leave soon for Fort Sill, Okla.

Thorpe served over-seas as sergeant of the second cavalry. He participated in four major battles including St. Mihiel, Chateau Thierry, and the Argonne.

### That Tired Feeling

Is Just As Much a Warning as "Stop, Look and Listen."

It indicates run-down conditions and means that you must purify your blood, renew your strength and your "power of resistance," or be in great danger of serious sickness, the grip, flu, fever, contagious and infectious diseases.

Do not make light of it. It is serious. Give it attention at once. Ask your druggist for Hood's Sarsaparilla. He knows this good

old family medicine is just the thing to take in Spring for that tired feeling, loss of appetite, debility. It is an all-the-year-round medicine, wonderfully effective in the treatment of scrofula, catarrh, rheumatism and run-down after-disease conditions.

"My husband has taken Hood's Sarsaparilla every spring for years, and it always puts him in shape. He is 58 years old." Mrs. N. Campbell, Decatur, Ill.

A mild laxative, Hood's PILLS.
