SAVAGE FIGHTING  
DEVELOPS IN  
UPPER SILESIA

Battle Not Confined to Armed  
Bands; Polish and German  
Citizens Engage in Fight.

BARBARITIES ARE CHARGED  
TO POLES AND GERMANS

After Battle Bodies Were Found  
Slashed With Knife Wounds  
and Their Eyes Gouged Out.

OPPEL, May 25.—(U. P.)—Savage fighting is developing in Upper Silesia. The struggle is no longer confined to armed bands, but the Polish and German residents of the same communities engage in a death struggle with whatever weapon they find. Barbarities are charged on both sides. The German leaders declared that after one community fight they found three Germans with their bodies slashed with knife wounds and their eyes gouged out. Polish leaders reported that worse mutilations had been found on their dead.

JOINT COMMITTEE ADOPT  
PLAN FOR RENAMING  
FEW OF CITY STREETS

East and West Streets Will Re-  
tain Their Present Names;  
They Will Become Avenues.

A compromise plan whereby streets of Pendleton will be renamed in some districts while in others the old names possessing sentimental and historical value will be retained was adopted last night at a joint meeting of committees representing the city council, the X-club and the Commercial Association. The conclusions reached last night probably will be incorporated in recommendations for action by the city council.

Under the plan agreed upon, the east-and-west streets running the short way will be changed, except in a few instances, some of the present designations on either side of Main street being retained.

East of Main, five cross streets will remain unchanged and it is probable that the next street will be known as Sixth, and the numerical scheme will be applied out to the edge of the city.

More names will be retained on the cross streets in the west end of the city, and where changes are made, the nomenclature will be alphabetical. The first letter of the name will indicate the distance of the street from Main which will enable strangers to become accustomed to the street system readily.

One matter that was not definitely decided on at last night's meeting was whether Court street or the river should be used as the dividing line east and west. Arguments in favor of each division were made, but no definite action was taken. Mayor Hartman favoring use of the river and Supt. H. E. Inlow, who with J. A. Murray composed the Commercial Association committee, was inclined to favor Court street.

The attitude of the X-club was made known by Col. J. H. Raley who declared that the objections to wholesale changing of the names was made purely from a sentimental point of view.

"Some of us were here when the town was laid out," he said, "and the names of the streets mean a great deal to us."

INTERNATIONAL POLITICS  
MAY PUT THE OLYMPIC  
GAMES IN SCRAP HEAP

France Will Not Permit Ger-  
many to Compete Nor Allow  
Her Athletes to Enter Games

NEW YORK, May 25.—(Henry L. Farrell, U. P. Staff Correspondent.)—International politics may put the Olympic games in the scrap heap when the committees get together in Lausanne next month to select a site for the 1924 games. Germany looms as a stumbling block, France, which seems a favorite now in the race for the next world games, made the unqualified assertion that she will not permit Germany to compete and will not allow her own athletes to enter the games if the Germans are put back in the good graces of the committee.

PENDLETON WARM HEART WILL BE  
SHOWING A. R. VETERANS WHILE HERE  
FOR GRAND ENCAMPMENT JUNE 14-15

Let all help in showing G. A. R. veterans the glad hand and the warm heart of Pendleton while they are here for their annual state encampment June 14-15 and 16.

This is the slogan of the Commercial Association conventions committee and allied committees now making preparations for the convention. In carrying out the idea the said everyone is wanted and it is particularly desired that all people with automobiles have their cars adorned with signs showing the veterans are invited to ride whenever they wish. Councilman Robert Simpson will be in charge of this feature of the work and will also have cars at the trains to meet the visitors on their arrival in the city.

In handling the G. A. R. and auxiliary conventions comprising the Women's Relief Corps, the Ladies of the G. A. R. and Daughters of Veterans the Commercial Association committee has enlisted the cooperation of the American Legion, the local organization of Ladies of the G. A. R. and the Boy Scouts.

Features of the convention will be a general reception at the county library Tuesday evening June 14, a parade on the forenoon of the next day and a dinner and "camp fire" meeting on the evening of June 15.

The parade will be handled by the American Legion, under Commander Perry Ideaman and aides and the line of march will be from the court house down Alta to Main and north on Main to Pioneer park where a flag and a

picture of Abraham Lincoln will be presented to the high school.

The dinner on the evening of June 15 will be staged in the open air in Pioneer park and will be served by the Ladies of the G. A. R. and assistants. Will H. Bennett and James Johns Jr. will represent the Commercial Association in arrangements for the occasion. During the opening air dinner music will be furnished by the band. The dinner will be not only for the G. A. R. but for ladies attending the auxiliary conventions and it is felt no indoor place will be large enough to handle the affair.

On their arrival in the city the visitors will be greeted at the depot by a committee headed by J. B. Knight, J. M. Cornelison, H. K. Kirby and the members of the boy scout troops. Those having rooms reserved will be driven directly to their rooming places and those not assigned quarters will be taken to the Commercial Association where rooms will be assigned them.

During the conventions Secretary C. I. Farr will devote his personal time to details in connection with the accommodation and entertainment of the visitors. Mr. Farr is familiar with the work through having handled these conventions at Astoria last summer. The publicity and conventions committee of the Commercial Association, which is directing the work, is composed of E. B. Aldrich, chairman, James Johns Jr., C. G. Matlock, J. B. Knight, Will H. Bennett and Sam Wright.

MERCHANTS' AND MANUFACTURERS'  
CARNIVAL OPENS AT HAPPY CANYON  
TOMORROW AND LASTS THREE DAYS

A beautiful miniature city enclosed under one roof.

That is what the people of Umatilla county are going to get under way tomorrow when they visit the M. and M. Carnival at Happy Canyon which will get under way tomorrow afternoon for its three days of opportunities for people to get acquainted with the real spirit of Pendleton's business life.

Nothing will be sold, it won't cost a single cent to get in or to get out, no prize displays will be made. In fact the individual who visits the carnival without a penny in his pocket, provided his eyes are sharp enough, may receive more than the pleasure of a million dollar bankroll.

"We're just taking three days in which we will show Pendletonians and Umatilla county people what the business forces of the city have to sell, and the variety of articles and products that are made here," one of the prime movers of the big show said today.

Special guides are going to be provided for the show, too, because Happy Canyon has been so transformed that there will be many people who will not recognize the big room. The carpenters are putting in double shifts now to get their part of the labor done before the hour of opening. They worked until 10 o'clock last night, and they will have that much to do again tonight before they can quit. The decorators worked practically all night, and they will be busy into the wee hours again tonight.

Evergreen boughs, Japanese lanterns and parrots and decorations that are a delight to the eye have made the place a bower of beauty. These finishing touches are being added today, and the final work will be done in the morning.

The general decorating is of a quality that will elicit praise, but if it is possible, the booths and the exhibits they hold are of even more interest. The visitor will be able to see goods

and wares of practically every kind on display. If he has always depended on the "ole swimmin' hole" for his bath he can see what a modern up-to-date bathing place looks like. Then there will be displays of every kind of good things to eat. A dairy barn can be studied, too, by those who are interested in housing cattle. There will be things to wear, beautifully displayed and goods from which clothes can be made. The field covered by the telephone in the county will be vividly displayed. Incidentally, swains who have displayed a reticence about buying the ring can be pulled up to the counter at the jewelry displays and maybe the man will take the hint. Smokes for smokers and harness for horses, in fact something to interest everyone will be there.

PRESBYTERIANS OBJECT  
TO PUGILISTIC MILL IN  
JERSEY CITY JULY 2ND

WINONA LAKE, Ind., May 25.—(A. P.)—Condemnation of the "pugilistic mill in Jersey City, N. J., July 2," was expressed in resolutions passed yesterday by the 123rd general assembly of the Presbyterian church in the United States of America. Resolutions presented by the assembly's board of temperance and moral welfare, approving the Volstead act, expressing regret over the dismissal of many prohibition enforcement agents, urging a nation-wide campaign for federal censorship of moving picture and federal enactment of uniform marriage and divorce laws, did not pass until an amendment regarding the Dempsey-Carpentier fight had been inserted.

MAY WHEAT INCREASES  
JULY WHEAT DECLINES

The Chicago wheat market today shows a higher price for May wheat than that shown yesterday but July wheat is quoted at a lower figure. The quotations are \$1.75 3-4 for May and \$1.22 3-4 for July, yesterday's prices having been \$1.73 3-4 for May and \$1.24 3-4 for July.

Following are the quotations received by Overbeck & Cooke, local brokers:

Wheat—It was an extremely erratic market in May which advanced to a premium of nearly 10 cents above the previous high on the crop with short uneasy over the failure of wheat to come into this market for delivery. Towards the close the tension was relieved by a sale of 40,000 bushels into store no doubt for delivery purposes. Purchases to arrive for five days shipment were made on a basis of five cents under May for No. 1 hard.

Country offerings to arrive "on the southwest were more liberal and it was predicted that there would be more wheat here within a few days. With cash wheat bringing 35 to 45 cents over July prices it is natural that the latter should be highly susceptible to crop deteriorations. Complaints were received today from a large area in Missouri and Nebraska.

DON'T TELL MOTHER  
BUT THERE'LL BE A  
HAREM AT CARNIVAL

Among other things that will be of interest to the crowd that is expected to attend the Merchants' and Manufacturers' Carnival beginning tomorrow afternoon at 2:30 o'clock will be an honest-to-goodness Turkish harem. Of course mother may not take a great deal of interest in that announcement, but father will undoubtedly prick up his ears.

The harem won't be empty, either, not by a jugful!

A beautiful Turkish woman with black hair and dark eyes characteristic of her people will be there, and she will be garbed in a genuine Turkish costume.

The lower part of her face will be hidden by the veil worn by the women of her country. It wouldn't be fair to tell in advance what firm is putting on the harem stunt because some other business houses might try to steal the Turkish girl, but by making the rounds, visitors to the carnival will be able to see her. She will be in a red booth.

MERCHANTS' CARNIVAL

Four KANSAS MEN ARE  
HELD IN JAIL HERE FOR  
ALLEGED AUTO THEFT

Are All Less Than 25 Years  
of Age and When Arrested  
Possessed Three Cents.

Four young men are in jail, and a Studebaker sedan is held for a Kansas firm as the result of work on the part of Deputy Sheriff E. B. Ridgway and W. E. Spears this morning. Conflicting stories as to what they expected to do coupled with the passing of checks roused the suspicions of the authorities, and the arrests were made.

Telegrams received from Emporia, Kansas, the home of the four men, gives the information that the car is the property of Moose Bros. and that Sam Book, the oldest member of the quartet, and the man who wrote the check, has no account in the bank on which the check was given.

G. S. Gibson, sheriff at Emporia, has wired that he will come for the men, and the auto company has offered a reward for the return of the machine. The men have indicated that they will not fight extradition.

The men gave their names as Sam Book, Gene Stouckaker, Earl H. Kimble and Glenn Porter. They are all less than 25 years old. A search of their effects disclosed that they possessed a total of three cents.

PENDLETON WOMAN'S  
CLUB TO HAVE 'SWAT  
THE FLY' CAMPAIGN

Members Have United in Effort  
to Exterminate Pests Before  
Approach of Hot Weather.

The death knell of that messenger of death the house fly, has been sounded by members of the Pendleton Women's Club who have united in an effort to exterminate the pests in this city before the approach of hot weather.

To carry on the campaign, committees which will be personally responsible for spreading the gospel of "Swat the Fly" have been appointed by Mrs. Charles Greulich, general chairman.

Following are the committee chairmen, their territory and their assistants.

Mrs. E. E. Geist, west of Main and North of Webb; Mrs. E. J. Matthews, Mrs. L. A. McClintock, Mrs. Guy Johnson and Mrs. H. S. Garfield, assistants.

Many Will Aid.

Mrs. G. W. Byers, east of Main and north of Webb; Mrs. R. Raymond, Mrs. J. H. Eades, Mrs. Joe Paries and Mrs. A. J. Roumagnac, assistants.

Mrs. J. T. Richardson, south of Webb; Mrs. J. K. Salling and Mrs. C. S. Terpening, assistants.

Mrs. Joe Cox, south of Jackson and west of Garfield; Mrs. L. M. Spalding, assistant.

Mrs. Laura D. Nash, south of Jackson street; Mrs. A. W. Dickson, Mrs. Joe Stockman, Mrs. L. C. Scharpf and Mrs. H. H. Harty, assistants.

Flyes Must Go.

The committee members are emphatic in urging that the flies be exterminated now before the pests have a chance to multiply. One pair of winter flies surviving to Easter as so many couples do, would have by the following fall, provided they all lived, no less than 524,000,000,000 descendants, according to the American museum of natural history. If all the flies of such a descent survived, they would reach in a solid phalanx to the moon. All the flies born in the spring if they lived and multiplied until the time of the harvest days, would in mass equal the size of mother earth.

To kill a fly therefore seems to slay quadrillions the next summer, and all with the same swat.

10,000 COPIES OF FURLONG  
BOOK WILL BE SOLD THROUGH  
LOCAL PEOPLE UNDER PLAN

Twenty five hundred copies of Col. Charles Wellington Furlong's book "Let 'er Buck" were subscribed for at the Rotary Club luncheon today and this afternoon a committee from the Commercial Association is endeavoring to underwrite the sale of 10,000 copies by Pendleton people.

At the Rotary luncheon Bond Bros. ordered 500 copies of the book and the Thompson drug stores 1000 copies. The other business men present subscribed personally for another 1000 copies.

Under the plan offered by the publishers a discount is offered that makes the sale of the books a commercial proposition and the view is held that the desired 10,000 copies may be sold here to local people and

to Round-Up visitors. The suggestion is made that the books will be very appropriate for Christmas or birthday gifts.

The committee named to sign up orders for the books is composed of C. C. Matlock, Willard Bond, Lester Hamley and J. H. Stork.

Prior to action to the meeting today Col. Furlong made a talk in which he explained in detail about the book which will be a large volume, well printed and well illustrated. The books will be on sale here by early in September.

The following now members were elected to the Rotary Club today: Dr. H. C. McKenzie, E. J. Murphy, Frank Hayes, Charles W. Furlong and Philo Rounds.

Closed Her Frontier and Asks  
Poland to Follow Example.

Under Control of Special  
Commission for 30 Years.

The council denied the request from Berlin that the Germans be permitted to reclaim the anti-tank guns left in Upper Silesia.

Apportion Special Commission.

PARIS, May 25.—(A.
