Battery for Helix was Pierce and Kendall and Cook, and the Christians used Crawford and Foster as pitchers with Friedley behind the bat. The next game will be Thursday evening when the Indians and Baptists will mix.

Will Have Horse Sale

Albert Peterson, of Uklah, is preparing to hold a horse sale at the O. K. feed yard in Pendleton on May 28. He will have a band of 30 horses for sale.

They're Going Fishing

The lure of fish in the stream has got into the blood of a number of men who left Pendleton today on a trip to the Deschutes river. Those making the trip are Dr. C. H. McCune of Walla Walla, and Drs. M. S. Kern and R. E. Wimer and Tom Barclay, all of Pendleton. They plan to visit East Lake before they return Monday.

Picnic To Be Given

Friends and members of the Methodist church and Sunday school will enjoy a picnic on Saturday at the Indian agency, where they will spend the day through the courtesy of an invitation from Major E. L. Swartzlander. Members of the agency staff will be guests of the church. Automobiles are to leave the church at 10 a. m. Saturday.

New Salesman Employed

John Lauer is a new employe of the Ellis-Schiller Co. He will act as salesman.

Weather Slightly Cooler

The weather is slightly cooler today because of a light breeze. The mercury registers 84, as contrasted with yesterday's maximum of 87. The minimum, Major Moorhouse states, was 49 and the barometer registers 29.60.

Ship Wool Clip

The wool clip of the Cunningham Sheep Co. was loaded today at Pilot Rock and will be shipped to Boston where it has been consigned to the Hallowell, Jones and Donald Co. Four cars were required for the wool, and the total weight is 120,000 pounds.

ON CAMPING TRIP

Mr. and Mrs. W. A. Gilliam and Mrs. N. J. Gilliam, Mr. and Mrs. Burton Hutchinson and Mrs. E. McBroom, all of Pilot Rock were in Pendleton this morning en route to White Salmon for a camping and fishing trip. They were joined here by Mrs. G. W. Rugg. They expect to be gone a week.

Is In North Dakota

Mrs. E. L. Swartzlander is at Devil's Lake, North Dakota, where she was called by the death of her father, Frank Palmer. Mr. Palmer died May 11, just a day before his seventy-fourth birthday. Besides Mrs. Swartzlander he is survived by two children by his second wife, Frank Palmer Jr. of Devil's Lake and Mrs. Marie Tharlson, of Bismark, North Dakota.

Ask Building Permits

Three applications for building permits were issued this morning and yesterday afternoon by City Recorder Thomas Fitz Gerald. George W. Record will build a new porch on his Alien street property at an estimated cost of $50. H. D. Thompson plans an addition to his house on Lilleth street to cost $250. Repairs on a dwelling on Railroad street will cost John Harvey $400.

Stove Is Demonstrated

A demonstration of the Florence Oil Cook Stove is being held at the Taylor Hardware Co., where Mrs. Christina Ransberry is cooking biscuits and doughnuts which show the cooking which may be done by the stove. Many local people have enjoyed the cookery. Mrs. Ransberry, who is a local caterese, was formerly head cook at the Hunt Club in Portland and also cooked in the Lipman & Wolfe kitchen.

Stanfield Supports Navy

Senator Stanfield's support of the navy bill is not liked by Miss Emma Wold, who signs herself as chairman of the woman's committee for world disarmament, and has wired Mrs. N. Berkeley, president of the Current Literature Club, asking that Pendleton people wire the senator protesting his support of a larger navy and urging him to support the Borah plan of an international disarmament conference. Miss Wold is a Portland girl and in the past has been conspicuous as a militant suffragette.

No Date Set.

The date for the funeral of the late Mrs. Florence Elizabeth Barlow, formerly of Pendleton and Pilot Rock, who died May 21 in Weneehie, Texas, has not yet been named because it is uncertain when the body of Mrs. Barlow will arrive here. Mrs. Barlow was the daughter of the late Henry Belts and Mrs. Belts, of Pilot Rock. Mrs. Barlow is survived by her mother, her husband, three children, Clyde Charles and James, and a sister, Mrs. Tom Gillette of Cayuse. She was the niece of Mrs. Minnie Kretzer, Roy Ogilby, Mrs. Charlotte Dudley, Douglas Belts and P. T. Belts of Pendleton, Sherman Belts and Sam Belts of Clarkston, Wash., Mrs. G. WILLAMETTE RIVER CONTINUES TO RISE

PORTAND, May 25.—(U. P.)—Rising of the Columbia river inundated two thirds of the Government island, says a Camas report. Truck gardeners on the island were forced to flee. The Columbia is four miles wide at Vancouver. The interstate bridge approach was saved by the rising temperatures on the Columbia headwaters.

PORTLAND, May 25.—(A. P.)—Cattle are slow, hogs are 25 cents lower, prime light $9.25 to $9.50; Sheep, eggs, and butter are steady.

SHOTGUN SUBSTITUTED FOR RIFLE BY POLICE IN CATCHING BANDITS

In Street Fighting Chances of Hitting Innocent Bystanders Are Minimized.

CHICAGO, May 25.—(A. P.)—Substitution of the shot-gun for the rifle is the latest development in man-hunting by the Chicago police. The time-honored rifle-squad has given way to the pump-gun squad.

The reason for the change was thus outlined by Michael Hughes, chief of detectives:

"In close-range fighting the pump gun is much the more effective weapon, for within 30 feet of the object it has a spread of four feet. Each shot carries nine rounds of lead, corresponding in size to that in a 38 revolver bullet."

"In street-fighting, also, the chances of hitting the innocent bystander are greatly minimized by the use of the shot-gun, because the effective range is so short."

"The other day we discovered a new use for the shot-gun. During a race after bandits in an automobile, one of our men emptied his gun through the rear curtain of the speeding machine ahead. The hail of bullets stopped that car as no rifle shot would ever have done."

"The gun we use has the shortest stock. Every one of the detective cars carries these guns as regular equipment."

Another innovation in the detective bureau's equipment is a steel shield, as high as a man's head, from behind which the operatives can direct, in comparative safety, their fire at bandits barricaded in a building. This portable armor is mounted on rollers, and is light enough, so that one man can operate it. Port holes, through which to fire, and a heavy glass peep hole are appurtenances.

Bombing, which is now a recognized part of police tactics in Chicago, can be carried on with great impunity from the shelter of this shield, said Chief Hughes.

ZION CITY TO ENFORCE SET OF 'BLUE LAWS'

ZION CITY, Ill., May 25.—(A. P.)—Authorities here have decided on a new method whereby they hope to enforce rulings against certain styles in women's apparel and violations of their laws for observance of the sabbath. Chief of Police C. C. Becker has sent to every home a copy of the latest regulations and had divided the city into districts with one person in every district appointed to report weekly on his section.

The latest regulations include:

No low necked gowns for women; no silk stockings; no transparent waists or gowns, the length of women's skirts to be left to discretion of the officers.

A ban on swearing, on Sunday games and on meetings on Sunday other than those for religious purposes also has been ordered. The regulations also forbid women from straddling a horse and they may not ride a motor cycle except in a side car.

Violations are to be punishable by fines of $50 to $200.

The Kidneys and the Skin. If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys, and clears the complexion. By thoroughly purifying the blood it makes good health.

Are These of the Same Man?

Charles Maust is serving a life sentence in Leavenworth for killing a postmaster. He says the crime was committed by another man, Ben Cravens, an Oklahoma outlaw. But the authorities say Maust and Cravens are the same man. Maust is shown at right, while at left is a picture of Cravens taken 20 years ago.
