

People Here and There

G. W. Root, of the Portland Forestry office who has been engaged in making a map of the Umatilla National Forest, left today for Wallawa. He has been the guest of Mr. and Mrs. C. A. Crabtree during his stay in Pendleton.

Wheat in Gilliam county is in fine shape says Ed Schiller of the Ellis-Schiller Co., who has returned from a motor trip to Condon. Farmers expect a fine crop as the stands are unusually heavy. Mrs. Schiller, who has been visiting at the James Engberg ranch as the guest of Mrs. J. H. Sherman, accompanied Mr. Schiller home.

A. A. G. Drew, Boston wool buyer, is here visiting Umatilla county wool men and inspecting clips.

A successful business woman is Mrs. Kathryn Coffield, of Portland, who is in Pendleton on business for a few days.

THE WOMAN CITIZEN
How is it possible for the woman of today to meet the requirements of a home-maker, mother, and voter, with all her social and political activities, if she is to go on suffering the pain that comes from ailments peculiar to her sex?
Check the malady at once by a conscientious treatment of Lydia E. Pinkham's Vegetable Compound at the first sign of backache, and dragging-down sensations, so common to women who suffer from female diseases.

days. She is proprietor of the "Shop of Intimate Things." Mrs. Coffield will remain in Pendleton during the state convention of the Oregon Federation of Women's Clubs and will be the official delegate of the Portland Women's Advertising Club.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Deputy Assessor Here.
A. A. Bixby, deputy assessor of the Umatilla district, was here today checking over his books with E. O. Hawkes, county assessor. His work is about completed. A few days since he had a narrow escape from serious injury when his car was struck and overturned by a larger car which was attempting to pass him on the road.

Escaped Prisoner Caught.
Richard Sutton, prisoner in the county jail who took French leave Monday evening while working as a trusty on the lawn at the court house, has been arrested at Baker by the authorities. Deputy Sheriff E. B. Ridgway will leave this evening to get the man and return him to the jail here. He violated a parole and will be com-

pelled to serve a sentence of two years in the state penitentiary.

Tax Money Turned Over.
The final amount of tax money for the spring collections has been turned over to the office of Miss Grace Gilliam, county treasurer by Sheriff Zeph Houser. Delinquent taxes for 1919 collected this spring amounting to \$2,976.31 were turned over in addition to \$66,581.55. The county treasurer has sent to various school districts of the county approximately \$250,000 which represents the semi-annual payment to the districts.

CLUBHOUSE FOR ROD AND GUN CLUB IS NEARING COMPLETION

The general contract on the clubhouse of the Rod and Gun club has been completed, acceptance has been made by the club, and the contractor has been paid. The completion of the new home marks another step toward realization of the desires of sportsmen of Pendleton and vicinity.
At present the painting is being finished, and the ditch through which water will be piped from the Mission is being dug. The ditch will be a quarter of a mile in length and city water will be provided for the building. Plumbing installation is now being made, and when this part of the work is completed, the clubhouse will have men's and women's rest rooms.

A new trap has been purchased and three traps will be in use for the big shoot to be held here June 12. At least 100 guests from outside points are expected to be present for the shoot. Tronigs have been installed, and baskets are here for the fishery, but one million-eyed fish eggs which have been ordered are held up due to high waters. As soon as the waters recede so the hatcheries can make delivery, the hatchery of the club at Bingham Springs will start operations. The fish will be used to stock streams in the county.

A drive for membership is being planned by the club to be made with the near future to augment the present membership of the organization.

SPEAKERS CHOSEN BY LEGION TO ADDRESS PENDLETON SCHOOLS

Speeches on the themes of Americanism and patriotism will be delivered Friday by four ex-service men to the different schools of Pendleton as a part of the observance of the spirit of Memorial Day and Decoration Day. Final plans were made today at noon at a luncheon of the executive committee of the American Legion.
At the high school Friday morning at the assembly period, Dr. Fred A. Lienau will make the address. In the afternoon Tom Murphy will speak at the Lincoln school. Ernest Crockett will make an address at Washington school, and at Hawthorne Earl Williams will be the speaker.
The men will tell something of their experiences while in France and will make plain some of the obligations of patriotism. The special speeches at the school are a part of the program being observed this year by the legion in Memorial Day services.

Gloria Hope is to be the next movie bride. Her engagement to Lloyd Hughes, screen actor, has been announced.

EVERY ONE IN SEVEN OF 124,000 IN COLLEGE ARE PRESBYTERIANS

Church Has Established Religious Education Work in Many University Centers.

WINONA LAKE, Ind., May 25.—(A. P.)—Discovering that one in every seven of 124,000 college students in American institutions is a Presbyterian, the Presbyterian Church has established religious education work in many university centers of the country, according to the annual report of Dr. Edgar P. Hill, General Secretary of the Presbyterian Board of Education, to the General Assembly. Dr. Hill's report said in part:

"Education has become a matter of national concern. Technically trained men are essential in developing national resources, in handling economic problems and in furnishing leaders in the event of war; education is also a matter of peculiar importance for the further reason that ideas are recognized as a supreme significance in determining national destinies, and the classroom as the battleground of ideas."

"A conference of representatives from training schools, theological seminaries and of secretaries of the missionary boards of the church revealed that the Presbyterian training schools now operating are utterly inadequate to meet the needs of the church. Certain issues came clearly into the open and the following resolutions were adopted:
"First, that the church shall enlist and train her own lay workers.
"Second, that we record our conviction that there is a growing demand for the work of the lay workers training schools which should be promptly met.
"Third, that these training schools should be affiliated with out theological seminaries wherever possible."

"Almost without exception our 57 Presbyterian colleges and academies report an increased enrollment this year. Over 2,000 students were turned away from our institutions last fall because there was no room for them. The greatest numbers were refused by:

SHE WILL NEVER STAY WITHOUT IT

Oregon Woman Says She Can't Praise Tanlac Enough If She Lived 100 Years.

"If I live a hundred years I can't ever praise Tanlac enough for what it has done for me," stated Mrs. W. B. Hayes, of Hoskins, Ore.

"Fifteen years ago," continued Mrs. Hayes, "my stomach got to troubling me and gradually got worse till a few months ago I was on the verge of a breakdown. I couldn't eat a thing without suffering awful pains afterwards, and sometimes I felt like the agony would run me wild."

"Then, too, I had neuralgia in my eyes that hurt so terribly I felt like I would go blind. I suffered with pains in my back, over my kidneys, and had rheumatism in my arms and legs that cramped me till I couldn't rest. I was so nervous I had trouble in getting any sleep and was living in constant misery."

"One day I read a woman's statement in the papers about Tanlac whose sufferings fit my case so well that I got me a bottle to try and found I was improving in no time. Tanlac soon made me a well and happy woman, and now all that is left of my old troubles is the memory of them. Positively, I believe so strongly in Tanlac that I wouldn't stay without a bottle of the medicine in the house."

"Fourth, that it is the sense of this meeting that the General Board of Education be requested to investigate this whole subject of training of lay workers, and the feasibility of affiliating the training schools with the theological seminaries, and report to another meeting which it will call."

"The rise of American universities is one of the most remarkable chapters in the history of the world's modern educational movements. In 1870 there were but 6,000 students in the universities of this country. Ten years later the number had increased to 16,000. In 1890 the student body was 22,000. Today there are 150,000 young men and women in the classrooms of our state educational institutions."

"During the past year a survey was made of 55 of these institutions, and it was discovered that out of an enrollment of 124,416 there were 17,519 who announced themselves as Presbyterians, or one in every seven. The Presbyterian Church is now at work in more than 40 of these university centers."

"Almost without exception our 57 Presbyterian colleges and academies report an increased enrollment this year. Over 2,000 students were turned away from our institutions last fall because there was no room for them. The greatest numbers were refused by:

What Your Kidneys Should Do For You

The kidneys are really filters, finely organized for their work of cleansing and purifying the blood, selecting and throwing out waste products which would act as poisons if permitted to remain in the system. When your kidneys are out of order, the impurities are not removed and remain to poison the system, causing backache, swollen or stiff joints, rheumatic pains, puffiness under the eyes, floating specks, biliousness, weakness and pale, waxy, dry skin.

WAS MISERABLE AND ALL TIRED OUT
"I suffered with kidney trouble and have taken many kinds of medicine without getting relief. I used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well. In fact I have not been bothered with kidney trouble since taking the pills."—Mrs. C. J. Ellis, 505 5th Ave., Sioux Falls, S. D.

FOLEY KIDNEY PILLS

are made from the purest and finest medicines, accepted as the most helpful for kidney trouble and bladder ailments. They cost far more to make than the average kidney pills, for the high standard of their making is never deviated from, no matter how the cost of ingredients advance.
