GEORGES WILL TALK ABOUT MOST ANYTHING RATHER THAN ON HOW TO WIN FIGHTS, REPORTERS FIND

Frenchman Gets Impatient and Talks English Fluently When Interpreter Gets Stalled.

NEW YORK, May 25.—(Henry L. Farrell, U. P. Staff Correspondent.)—If you want to learn the best way to raise a baby girl, if you would like to take some lessons in teaching a dog tricks, if you want to take a good beating at any kind of a card game but poker, put Georges Carpentier on your list.

If you have a desire to talk boxing or get some insider first hand information on who'll win the Dempsey-Carpentier fight, consult anybody but Carpentier.

The trim, fastidious young Frenchman who journeyed over here to meet Jack Dempsey for the world's cham-

ionship will talk fluently about everything but his business.

Carpentier can speak fluently too. He picked up a lot of English from the Tommies and Doughboys during the war but he was a little bit backward last year about using it.

The newspapermen who went down the bay to meet him on his recent arrival learned with some surprise that the European heavyweight champion can shake a wicked tongue on English.

Before boarding the liner, the scribes made the pleasant discovery that one of their number could speak French. After making a perfunctory ascent over the side of a rope ladder, the reporters except Carpentier and his manager, Desamps, into the main saloon where all gathered around a big table and proceeded to cross-examine Desamps through the interpreter.

Carpentier found the interviewing such a slow process that he lapsed in and answered all the questions in per-

Bad Blood Disfigures Young Faces With Unsightly Eruptions

The mortifying and unsightly facial disfigurements on young people from 14 to 20 years old are seldom due to anything worse than impure blood. The young bodies are undergoing important changes, and the blood stream is temporarily disordered—often filled with poisonous waste matter.

In such cases only internal blood remedies can relieve. The impuri-

ties must be cast out and the vital skin and facial disfigurements on fluid enriched before the disfigurements are cleared up. For this you naturally want an efficient, tested blood remedy—like S.S.S., the famous old herb medicine.

Start the young folks with S.S.S. today (your druggist has it), and write us about their condition, addressing Chief Medical Advisor, 841 Swift Laboratory, Atlanta, Georgia.

FOOTBALL WILL BE TAUGHT AT SUMMER SESSION OF O. A. C.

A course of football under R. B. Hetherford, director of physical education, has been announced for the college summer session at O. A. C. The theoretical work will cover the rules from the standpoint of coach, players and officials together with the several styles of offense and defense with consideration of their special strengths and weaknesses. The practical work will include training, conditioning, player's equipment, punting, the various kinds of kicking and tackling dummy and charging sled. Special freak plays and fundamental plays will also be considered.

In a story laid in the Oklahoma desert before it was named Oklahoma, it is "Lahoma," an adaptation of John Breckenridge Ellis's novel, and showing at the Arcade Theatre today. As pictured by Edgar Lewis, it is a play in which you feel the immensity of the desert and the infinite beauty of the vari-colored walls of rock that tower above the Western horizon, as you would not believe possible on the screen.

Can England's Champ Beat Molla?

England's woman tennis champion, Miss J. J. Collyer, looks as though she means to get the international women's tennis title. But Molla Mallory, American women's champion, is on her way to meet Miss Collyer in the international matches.

SPORT BULLETINS

ANGELS TAKE ONE
SACRAMENTO, Cal., May 25.—(A. P.)—Los Angeles bunched hits off Fitzley in the seventh inning here yesterday and took the first contest of the series by a 3 to 2 score. Rehnhardt displayed much stuff and hurled a nice game.

SEATTLE IS VICTOR
LOS ANGELES, May 25.—(A. P.)—Seattle beat Vernon, 4 to 2. The Tigers took the lead in the second inning, but the Swashes bunched their hits on Love to the sixth and in that inning made three runs on a triple, two singles and an error.

OAKS BEAT SEALS
SAN FRANCISCO, May 25.—(A. P.)—Winn was hit freely yesterday but tightened up in the pinches with the result that Oakland defeated San Francisco, 6 to 1. Couch pitched eight half up to the sixth inning, when he weakened and allowed three runs in four hits. He was taken out in the eighth after letting in two more runs. The Seals only run resulted from Kamm's home run in the fifth inning.

BEPS WHALE BEAVERS
SALT LAKE CITY, Utah, May 25.—(A. P.)—Salt Lake whaled two Portland pitchers yesterday afternoon in the opening game of the series, winning by a score of 15 to 2. Reiger, although wild, allowed the Beavers only four safe hits. Portland twice filled the bases, but the needed hit was not forthcoming. Brown and Sand hit home runs.

NEGROES DIG MUD FISH FROM GROUND

NEW SMYRNA, Fla., May 25.—(A. P.)—Isaac Walton scarcely would believe his eyes if he were to walk through the country near here and encounter negroes digging live fish from the ground as if they were potatoes, and even persons accustomed to the miracles of this age would look twice and then set out in search of an oculist. A certain variety of mud fish found in nearly all parts of the state is responsible for this.

This queer members of the finny tribe inhabits streams or ponds which have mud banks or bottoms, is black and weighs up to five or six pounds. When the water in a pond evaporates, or it dries during certain seasons of the year, leaving only a mass of mud which on the surface is practically dry. It doesn't worry the fish. They merely burrow into the mud and wait for rain and apparently confine to live as long as the earth is wet. The negroes locate them by exploring the mud with their bare feet.

The fish is edible but is not a favorite because of its stringy and coarse flesh.

President Obregon, of Mexico, has ordered the return of all properties seized by past governments in Sahuahuaco, Sonohua, Tamasulipas and Nuevo Leon, including that of the Mormens to Chihuahua, tracts owned by Luis Terrazas and lands abandoned by Americans when revolutions broke broke out.

Labor Chief?

Rumors in important labor circles say John L. Lewis, president of the United Mine Workers of America, will be a candidate to succeed Samuel Gompers as head of the American Federation of Labor.

Lahoma
A Drama of the Early Days in Oklahoma
THESE PEOPLE KNEW THE WEST

With simple sincerity they unfold to you the human drama that flowered in the pioneer days of Oklahoma. You'll thrill at the immense open spaces, the beauty of a blinding sand storm. You'll hold your breath at the lightning swoop of the riding outlaws.

You'll thrill at the immense open spaces, the beauty and wondrous charm of primal nature.

— And you'll laugh a bit, weep a bit, with the rose of the rancho, the lonesome cowboy, the cynic, the outlaw and the schemer.
