## MOUNTAIN RANGES IN BETTER SHAPE THAN IN 15 YEARS

Conditions in Sheep Game Are Excellent if Market Would Give Grower Chance to Sell.

Range in the mountains never has been better than it is this year. Donald Cameron, foreman for the Cunningham Sheep Co., has just returned from an inspection of the range used by the company.

### WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Mrs. Jack Phillips, 711 Lilletth St., Pendleton, says: "My kidneys were weak and disordered and I suffered from backache. I had a dull ache through my kidneys and I felt all tired out. My kidneys were disordered and my feet bloated badly. I was so nervous, I would nearly fly to pieces. I was annoyed by headaches and spells of dizziness, too. One of the family told me to try Doan's Kidney Pills and one box relieved me of the headaches, backaches, dizzy and nervous trouble and the bloating went down." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Phillips had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

good condition as it is now," he declares. "I've been with the company for 15 years and prospects for good feed certainly look promising."

Included in the shipments of sheep that the Cunningham concern has already put out for the summer, is a band of 2,000 yearling range rams. "For size, condition and quality, these rams are the best we have owned for years," according to Mac Hoke. "With the good pasture in prospect we expect to have some splendid offerings this fall."

The lamb crop this year has been better than for the average year. The wool clip, too, was better than usual, and if the market would show a tendency to behave itself with any decency, the scowl that characterizes the countenance of sheepmen would probably be replaced by a smile.

Hay in Good Condition.—According to state statistics, there appears to be a slight decrease in the total acreage of the state as compared with a year ago but condition of the hay fields and meadows on May 1, 1921, was estimated at 99.9 per cent of normal, compared with 92.9 a year ago. Considerable new acreage was added to alfalfa last year but a considerable area of old fields have been plowed up and seeded to other crops which will later be resown to alfalfa. The high prices prevailing for hay during recent years (prior to this year) have caused growers to hold on to run down alfalfa fields longer than would ordinarily be considered good farming practice. Present hay crop condition indicates a state production of about 2,925,000 tons of tame hay and 240,000 tons of wild hay. The percent of last year's hay crop remaining on farms on May 1, 1921, is estimated at 12.0 per cent, compared with 5.9 per cent in 1920, with 5.0 per cent in 1919, and 3.0 per cent in 1918.

## CARUSO GOES TO ITALY

NEW YORK, May 26.—(A. P.)—Enrico Caruso, tenor, who is convalescing from pleurisy, will sail for Italy with his family Saturday. The party, including Mr. and Mrs. Caruso, their baby, Gloria, and the tenor's brother, Giovanni, will occupy four suites fitted

up as bed chambers, music rooms, sitting rooms and nursery. Depletion of wild game in Northern Quebec, due to the introduction of the modern long range rifle is forcing Eskimos and Indians into cannibalism, according to missionaries who have recently returned from that region.
