PROPOSES PLAN FOR SHOWING RESOURCES OF UMATILLA COUNTY

Judge D. M. Schannep Would Put Monster Signs on Roads for Tourists to Inspect.

A proposal to advertise Umatilla county so that tourists coming through here will have an opportunity to appreciate some of the outstanding features of the life and interests of the county has been put forward by Judge I. M. Schrannep of the county court.

Judge Schannep's idea, as he has explained it to friends, is to erect at least four monster sign boards on the main traveled highways near the county line on all four boundaries.

One would be placed between Umatilla and Boardman, another on the Oregon Trail between Union and Umatilla counties, a third to the north on the Oregon-Washington line and a fourth on the highway between Pilot Rock and Heppner on the Oregon-Washington highway.

"There is no doubt that this county would be vastly benefitted by such action," Judge Schannep declared in speaking of the plan. "Our resources are so great, we really produce such an amount of agricultural products that a bare statement of what the county does each year in adding to the wealth of the state and nation would be all that would be needed to make an imposing set of figures."

The signs would be in reality double according to the idea of the county judge. One, which would be visible to incoming tourists, would tell of the resources of the county, the square miles included in its area, the amount of wheat, wool, sheep, cattle and other items produced each year. On the other side of the board would be a statement which would inform the tourists that they were leaving Umatilla county with the same statement of resources. Such signs would give tourists some conception of the size of the country and of the wealth it produces which probably would not be given in such vivid fashion by any other plan.

The assistance of the Pendleton Commercial Association will be sought in working out the plan which has been in the judge's mind for a long time.

QUALITY—THE REAL TEST

The real basis of merchandising value rests in its quality. Price enters in only so far as the quality of the article just fits. Quality determines whether this price is a high one or a low one. Quality is the guiding influence as to its final value and true worth to the customer. You may depend on the BEE HIVE quality and the BEE HIVE price as your protection on all purchases at this store.

Merchandising Bargains have to be justified by something besides extravagant claims of the imagination. We value our firm name and reputation too highly to indulge in any publicity that might disappoint the purchasing public. It's true we are not giving merchandise away, but in most sales we are satisfied with a "below-the-average" profit. INVESTIGATE FOR YOURSELF.
