Milton Team Lost.

The members of the baseball team of the Christian church of Pendleton, accompanied by their wives and friends, went to Milton yesterday afternoon where they met and defeated the Christian church team by a score of 26 to 8. Lunch baskets were taken, and on their return a stop was made at the Athena park where a big picnic "feed" was enjoyed. Five cars were filled with the picnickers.

Killed Rattler On Trip

Forrest Baker and Ora Hanavan spent Sunday and Monday on the north fork of Meacham Creek and on Meacham Creek. They caught the limit of fish, and incidentally, they were disturbed by a big rattlesnake which got in their way. The snake was killed, and he wore nine rattlers and a button. Two other snakes of the same kind were killed yesterday at North Fork by the section boss. The fish the boys brought back were of nice size.

To Attend Assembly

Rev. and Mrs. J. T. LaRose and Olive Mortimore and John Lawler left Sunday for Spokane where they will attend the Nazarine assembly which begins tomorrow. They expect to be gone for a week.

Hurt in Smash-Up

Mrs. Ida Doyle, formerly a resident of Pendleton who left last October to make her home in Portland, was injured Sunday morning at Wyeth in an auto accident when she was pinned under the car driven by H. A. Orleman. The man was also injured.

Scouts Take Hike

Boy Scouts of Troop No. 2 enjoyed a

vacation on Decoration day by taking a hike to McKay Creek and back. They were under the command of Scoutmaster H. J. Kirby. Games were enjoyed during the interval between their arrival and the return trip.

Last Day of May Wheat.

Because today is a holiday, no wheat market quotations were received by Overbeck & Cooke, local brokers. Tomorrow is the last day of the May wheat.

Seeks Building Permit.

An application for a building permit was made Saturday afternoon by Mrs. Howard A. Frick at the office of the city recorder for alterations and repairs on her property on Meacham street. The estimated cost of the work is placed at \$1,500.

Hunt and Fish

Harry Lester, Lionel Harthorn and Ivan Crow composed a party of hunters and fishers who invaded the Bear Creek country over Sunday and Monday for a vacation and the enjoyment of sport. They were fairly successful in their quest and returned home Monday evening.

To Attend Convention.

J. De Wilde, a member of the staff of the American National bank, will leave this evening to attend the state convention of Oregon bankers, which will be held at Seaside Friday and Saturday. Mr. De Wilde will deliver an address before the convention on "Financial Advertising," a subject which he has given special study for several years.

A. C. Huntington Dies.

Albert Clark Huntington, a Union county pioneer and grandfather of Mrs. E. R. Farley of this city, died in La Grande on Saturday in his ninety-third year. He is survived by one daughter, Mrs. George H. Currey of La Grande, and three grandchildren, Mrs. Farley, George Huntington Currey, and Albert R. Currey of Baker. Funeral services were held on Saturday.

Should Remove Grass

Grass that has been cut but not removed from the ground where it fell should be taken away immediately. Chief W. E. Ringold declared this morning. Yesterday afternoon sparks from No. 18 ignited dry grass on the grounds near the St. Anthony hospital. The chief put the blaze out himself with no damage. The grass dries very rapidly after being cut now, he declares and to leave it on the ground is to invite heavy fire risks.

Able to Work Again.

Bill Edwards, an employee of Pendleton Bros. Transfer Co. is able to be at work again this morning following an accident about a month ago in which he was seriously injured when he was caught under the body of an automobile which was being unloaded from a freight car. The machine fell on Edwards, and fellow workmen expected him to be killed, but he emerged with injuries that kept him away from work for awhile but did not prove serious.

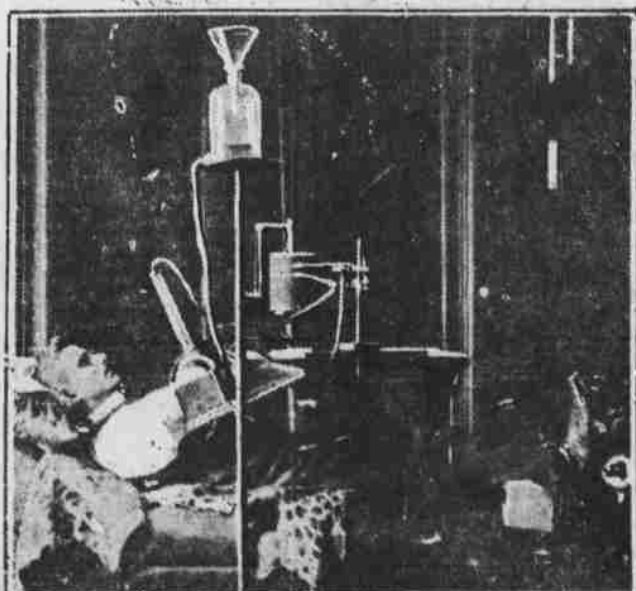

Reception For Grand Officers

Members of the Odd Fellows and the Rebekahs will gather for a reception in honor of their local people who are officers of the grand lodge. The function will be held Wednesday evening at 8 o'clock at Odd Fellows hall. A program of brief speeches, light refreshments and other features has been arranged. Music during the evening will be furnished by the school band. The officers who are Pendleton people are R. F. Kirkpatrick, P. G. P.; Mrs. Nettie Whitestone, president of the grand assembly; and S. F. Bowman, deputy grand master.

Insurance Rating Man Here

An inspection of Pendleton's water system, its new fire fighting apparatus and the conditions of the city having a bearing on its ability to prevent and extinguish fires is being made today by J. V. Murphy, surveyor for the Oregon Insurance Rating bureau. He arrived last night from Portland and is busy today making his survey. He also inspected some of the most recently constructed buildings of the city with the idea of determining the up-to-dateness of property owners in building to guard against fire loss. Courtesy was extended him by Fire Chief W. E. Ringold and F. J. McMonies, chairman of the fire committee of the city council. The present rate of insurance paid by property owners is based on an examination that was made about six years ago and the coming of the bureau engineer is in response to a demand that another survey be made to determine whether the rate should not be lowered. The findings of Mr. Murphy will be filed with the bureau on his return to Portland.

Machine Detects Stallers

Popular Science Monthly. If you see a machine like this in your boss' office, don't stall or this will betray you. It was invented by Dr. E. Weber of the University of Berlin to measure how hard a person works, and tell how much he ought to work.

Dogs won't take all the space in the hall of movie fame, for these two kittens, "Cooper" (left) and "Hewitt," have stepped into the limelight as screen stars. They're in George Fitzmaurice's production, "Expensive." There's "Censorship," too, the Paramount cut that appears with Elaine Ferguson in "Footlights."

monthly reports until the children have reached the normal stage under feeding advised by Mrs. Van Deusen and Miss Lattie Lane. Mrs. Van Deusen will attend the conference at O. A. C. June 8 and will confer with Mrs. Max West of the New York children's bureau. Statistics show that rural children suffer from malnutrition more than do city children. Four out of every 10 children are under weight. Women of this county hope to put more hot lunches into schools this fall and to encourage milk drinking at school.

HE IS LOOKING 'EM OVER AGAIN
"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised May's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.

QUALITY—THE REAL TEST

The real basis of merchandising value rests in its quality. Price enters in only so far as the quality of the article justifies. Quality determines whether this price is a high one or a low one. Quality is the guiding influence as to its final value and true worth to the customer. You may depend on the BEE HIVE quality and the BEE HIVE price as your protection on all purchases at this store.

Merchandising Bargains have to be justified by something besides extravagant claims of the imagination. We value our firm name and reputation too highly to indulge in any publicity that might disappoint the purchasing public. It's true we are not giving merchandise away, but in most sales we are satisfied with a "below-the-average" profit. INVESTIGATE FOR YOURSELF.
