bridge has been needing attention for several months, but the council has deferred repair work in the hope that costs would be lower.

Forty Men At Work
 Forty men are at work on the Pendleton-Pasco N. P. railroad track this week. They are making necessary repairs.

Funeral Is Held
 The funeral of the late James H. Aldrich, father of E. B. Aldrich of this city, was held this afternoon in Portland from the conservatory chapel of the East Side funeral directors. Mr. Aldrich, who was called to Portland by the death of his father is expected home tomorrow morning.

premen as a starter he turned on the hot water in the shower bath department and not being familiar with the mechanism of the place could not shut off the hot water. The interior of the club house soon resembled Dr. Phy's steam bath room at Hot Lake and finally Mr. Grady called the fire department to turn off the hot fluid which was making everybody sweat.—La Grande Observer.

Recovers After Injury.
 T. Jackson, the colored man who suffered a broken jaw about a month ago when he lost control of a bicycle he was riding down the hill north of the river on Main street and smashed into a big truck, has so far recovered that he is able to get about again. His jaw is in a cast and infection was feared for a time but that danger has passed.

French Restaurant Not Sold
 Denial that the French restaurant has been sold was made today by Hobback Bros., proprietors of the concern. Negotiations were carried on with a stranger who was here the first half of the week, but after telling a number of people that he had purchased the place, he packed his luggage and quietly left Pendleton.

Smith Owned Pendleton House.
 Information received in a letter from private sources in Bellingham, Wash., give the information that J. C. Smith, who recently shot his wife and then turned the gun on himself and inflicted injuries that resulted in his death, owned property here and had planned to bring his wife back to Pendleton to live. He was at one time employed by Tom Boylen on his ranch.

Have Name Suggestions.
 In response to the invitation of Judge I. M. Schanep to Ornatilla county people to submit names that might be more suitable as a designation of Cabbage Hill than the present name, Mrs. Joseph Wurzer has submitted the following: Scenic Hill or Grade, Panorama, Bird's Eye and Skyline. Many suggestions have been made, and the suggestion of the county judge has caused a great deal of discussion, some of which indicates that a change of name would be fitting, and others express a desire to retain the old name.

Estimate on Matlock Bridge.
 There are approximately 700 square yards of surface on the Matlock bridge that should be given a double coating of crushed rock and a finishing cushion. C. P. A. Lonergan, representative of the Warren Construction Co. reported to the city council last night. The cost will be \$140 a yard, he reported. The matter was referred to the street committee for a recommendation at the next meeting. The

Harry Grady on the Job
 Since he ran a train through Eastern Kansas and stopped one day so his passengers could see a man hung by the side of the railroad track, Harry Grady has had the habit of getting on whatever job he was doing and sticking to it. His old habit is still with him for he is handling the railroad boy's club room now and he is an ideal host. When he was looking over the

Sports Wear

The sports girl no longer hampers herself with a skirt. For the courts or the links she dons knickers with a belted jacket, like this worn by Martha Mansfield of Selznick pictures. A felt hat of the soft small variety completes the costume.

Pilot Rock Picnic.
 The first annual picnic of the southern part of the county at Pilot Rock will be held tomorrow. An interesting program has been arranged for the day, and the attractions will be of a wide variety. Judge Stephen A. Lowell has been secured as the principal speaker of the day. Street athletic events have been arranged. An old fashioned basket dinner will be enjoyed during the noon hour. The schools of the southern part of the county will contribute materially in the program.

Dines With Lloyd George
 A United Press dispatch today from London gives the information that Philip Jackson, a former Pendleton boy, had the honor of dining with Premier Lloyd George today. He is publisher of the Oregon Journal.

Busy Repairing Damage.
 A force of workmen is engaged in tearing out debris which resulted from the fire which recently did heavy damage to the building of the Roesch Bottling Works. The place will be rebuilt, according to plans of the owners.

To Hold Social.
 The Columbia school will hold a social, Friday, June 3. Proceeds of the event will go toward assisting two of the club girls to go to summer school at Corvallis. Fred Beanton and W. W. Green will speak at the social. An interesting program is being arranged for the event.

"Emigrant's Crest" Suggested.
 J. P. Walker has come forward with another suggestion for a new name for Cabbage Hill if the present name of the picturesque grade is changed. His suggestion is that the name be changed to "Emigrant's Crest," and his choice has historical significance. His parents came to Oregon overland in the early days, and after they left Kansas City they never saw any buildings until they arrived in Tygh valley, near The Dalles. On their arrival at the break of the hill where the view of the Inland Empire is visible they were happy and declared that this was the country for the emigrants.

Miners searching for gold along a river in British New Guinea, encountered a bluish-gray, flakish substance which they discarded. This substance was osmium, a member of the platinum metals and one of the hardest metals known to science.

LONG CHASE ENDS AS MAN BOARDS TRAIN

Perched between two cars on a freight train which was about ready to pull up the grade to La Grande, James McDonald, alias James McLean was caught last night by Deputy Sheriff E. R. Edgeway at Grubbs after a two-day search in which Indians and members of the sheriff's office had combed the country for him. Wes Spears, deputy sheriff, was on the ground all the time, and he and an Indian assistant were close upon McLean for several hours. The railroad was patrolled by several parties and it fell to the lot of Edgeway to grab the man who is wanted on a charge of stealing a horse.

McLean's clothing was almost torn from his body. He had no shirt left when he was apprehended, and across his back and shoulders, buried wire, through which he had dodged, had inflicted wicked cuts. He had had nothing to eat for two days when arrested, and the first thing he wanted to do when he arrived in Pendleton was to get a good meal. The privilege was accorded him, and the officers declare that he made a wonderful showing.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

In 1900 there were 184 farms on Manhattan Island where now there are but five. The land here devoted to this purpose is rapidly diminishing.
