NEW PROBLEMS ARE ADDED TO TULSA SITUATION

Pillagers Rob Shacks in Negro Quarters; Many Thefts Reported; Pianos Being Taken.

VERY STRICT MARTIAL LAW IS BEING ENFORCED

Negroes Are Back at Menial tasks Though Not at Ease; Citizens Dispatch Supplies.

TULSA, June 3.—(U. P.)—Pillagers are robbing the shacks in the negro quarters giving a new problem. Numerous thefts are reported, even pianos being taken. General Barrett in charge of the troops, is centralizing the negro property for identification. Martial law, which was slackening following a quiet day is now more strict. Revised estimates of the casualties are 36 killed and 290 wounded. Multiplication reports of officers are responsible for the report of 175 killed. The negroes are back at their menial tasks, though not at ease. Citizens are dispatching supplies to the needy negroes. It is considered miraculous that no sickness has broken out in the camp where 3,000 negroes are collected. Calm is gradually being restored. Charges will be presented against the city authorities when the special grand jury meets on June eighth, according to reports. The charge may lead to the removal of Mayor Evans, it is asserted.

Martial Law Lifted. TULSA, Okla., June 3.—(A. P.)—The chamber of commerce adopted a resolution urging Brigadier General Barrett, commanding the national guardmen here not to permit the removal of troops for at least a week. Barrett returned and announced the martial law would be lifted today.

TRETROWSKI IN RACE TO BECOME ATTRACTION AT ROUND-UP THIS FALL

The Round-Up Association has its eye on a new attraction that may be secured for the big show this fall in the person of Frank Tretrowski, an employe of Penland Bros. Transfer Co. The demand for his services grew out of an incident yesterday afternoon in which he figured as the chief thrill maker. In some way Tretrowski lost his balance Thursday afternoon while driving a team of mules to a delivery wagon. He was precipitated to the tongue of the wagon. His team became frightened and started to run west on Court street. He had one arm hooked over the pole and the lines dangled through his other hand. He was yelling to the team to stop, but they maintained their rapid run, and he balanced himself in his perilous position. The team turned south on Aura street and were stopped within the first block. No damage was done, but onlookers expected to see Tretrowski picked up in pieces.

BROADER SPIRIT MUST GOVERN TRANSACTIONS OF BUSINESS WORLD

Lessons Drawn From History and Present Day by McElveen to Show Need Fairness.

Business must realize that its function is to be really and truly productive if it is to secure a full success and make its influence for good felt, according to the ideas of Dr. W. T. McElveen who made the address today at noon at the weekly luncheon of the Commercial Association which was held at Jolly's Inn. The principle holds good particularly in its relation with labor, he declared, and the failure of capital to pay heed to this fact blinds its own eyes to the good of affairs. He recounted his experience as chairman of the board which recently concluded arbitrations between the building trades of Portland and the contractors. The efforts of capital to force labor to accept the open shop will not be successful, he predicted. The conclusions of the speaker were drawn after a comprehensive review of the tendencies of civilization since the beginning of the Christian era. Opposed to League. Conservative practices should prevail, he said, in the conduct of affairs. The ultra conservative workshops at the shrine of things "as they always have been," the ultra radicals are so far away from the heart of society that they tend to add to mankind, and it remains for the conservatives to blaze the way to better things. "The right philosophy of life for a man to have is to see that progress is made, a little every day, a little every month and year," he said. "We can not return to the old things, because not even the language of a few years ago is the language of today." The covenant of the League of Nations was severely criticized by the speaker who gave it as his own idea that it was one of the biggest shams and pieces of hypocrisy ever foisted on the world. The world was not fought to make the world safe for democracy, he declared, but for the control of oil fields and markets. France and England are on the brink of war now, he said, due to the fact that Britain is attempting to grab the Mesopotamian oil fields and wheat lands. There is also a group in France now who are "Prussian" as the Prussians ever were, and their efforts are not bent toward the preservation of peace but toward the acquisition of wealth, he declared.

HOUSE LEADERS URGE ACTION ON RACIAL BILL

WASHINGTON, June 3.—(U. P.)—Leaders of both houses of congress declared the congressional action on the American racial question as speeded as the result of the Tulsa riots. An investigation such as followed the labor dispute riots in East St. Louis is expected, but the two bills in congress will be pressed to early action. Representative Dyer of Missouri wants the negro protected from lynching under the 14th amendment. The bill would punish lynchings for murder and fine the county where the lynching occurred \$10,000. Senators Spencer of Missouri, and McCormick of Illinois, have a plan to afford protection in other ways and it has the support of President Harding. There are many opponents to the Dyer plan, as it invades the state police power. The president took cognizance of the racial question in his first message to congress.

Unusual calm marked the election of officers for the Oregon Federation of Women's Clubs for the coming year at the election held at state convention here today, the present officers being unanimously re-elected to serve for 1922 and 1923.

Mrs. Ida B. Callahan of Corvallis, president, was nominated by Mrs. A. Wise Carver, of McMinnville. Mrs. Collins Elkins of Prineville, first vice president, was nominated by Mrs. Anderson of Salem. Mrs. William Bell of Roseburg, second vice president, was nominated by Mrs. Steele. Mrs. Charles Hines of Forest Grove, recording secretary, was nominated by Mrs. Dora B. Schilke, of La Grande. Mrs. John Van Zante, of Portland, treasurer, was nominated by Mrs. Charles Tunyan of Portland. Mrs. L. E. Bean of Eugene, auditor, was nominated by Mrs. Charles H. Mrs. Bean is ill in a Portland sanatorium and news of her election was telegraphed to her.

Mrs. Wade Chosen. Mrs. E. T. Wade of Pendleton, first director, was nominated by Mrs. Sarah Evans, past president of the Oregon Federation, and Mrs. George Cochran, of La Grande, second director, was nominated by Mrs. John Bledsoe of Wallawa. All the officers received commendation for their past work and all promised to serve just as faithfully in the future as in the past. Mrs. Evans, in the name of the federation, installed the officers.

Music Last Night's Feature. An artistic program was presented last night at the library auditorium, Mrs. Jane Thatcher, of the University of Oregon School of Music, presenting a group of piano numbers. Her technique is remarkable and the evening proved a delight. Miss Florence Humes of the Portland Park Bureau, appealed to Oregon clubwomen to preserve the great beauties of the state and wherever possible to create parks. She praised the scenic beauties of the Umatilla river.

A. R. Sweetser, of the University of Oregon, urged that the wildflowers of Oregon be preserved and that various varieties be restored.

Resolutions Passed. Probably the most important resolutions passed by the convention were those giving endorsement to the Soldiers Aid and Loan Bill, and to the Smith-Towner bill. The federation will protest against the coming of the educational provisions of the bill with the veterans' aid and health nursing features. The resolution favoring the establishment of a state board of censorship for moving pictures, was referred to the various clubs as no action in the matter can be secured for the next two years. Several votes of thanks were given to Pendleton clubwomen and to committee heads.
