INSPECTOR WALKS TEN MILES A DAY

Portland Man Says Tanlac Built Him Up So His Work Never Tires Him Now.

"I don't believe that anybody in Portland feels any better than I do now, but it's only due to Tanlac that I can make this statement," said I. A. Russell, 218 E. 39th street Portland, and inspector of stations for the Portland Railway, Light and Power company.

"I was in a terribly weak and run-down condition, and my appetite was so poor that I ate little more than stoup out feeling all the time and could scarcely hold up under the least little exertion. I didn't have ambition or energy enough to even want to walk around and I simply felt miserable nearly all the time.

"One day a friend of mine told me about the remarkable good Tanlac had done him and he advised me to try it. Since taking three bottles of Tanlac I am feeling altogether like a different person. I have an excellent appetite and have so completely regained my strength that I walk from eight to ten miles every day at my work without its tiring me at all."
