

Speed--Strength--Super-Comfort

In the extremely handsome ACE Motor carriage your every motoring desire is fulfilled. It is unique in design yet in no sense freakish. Its smart appearance causes it to stand out on any boulevard. Every line of its trim, graceful body suggests power and speed. Sturdy, low-hung, it makes you long to sit behind the steering wheel and pick your way quickly and quietly through the busy streets out into the open country. Its pulling qualities in high gear on a steep grade or a long hard pull are wonderful. Its performance in power, speed, silence and economy of operation under all conditions is as amazing as it is gratifying. The Standard Units of the ACE—each and all selected from the proven best of their kind—insure absolute reliability and freedom from worry.

Correctly located controls make for quick getaway, positive braking and the absence of fatigue after long periods of driving. An unusual degree of comfort is provided—well cushioned all leather upholstery, fitted with Marshall springs—the correct seat pitch and long buoyant front and rear chassis springs—all make for solid riding comfort even under the most trying road and traffic conditions. If you are considering an automobile for business or personal purposes, by all means ride in an ACE Six before you decide.

The ACE Six is backed by real service. A complete line of spares and accessories in the hands of skilled mechanics and technical experts will always be available for ACE owners.

EXTRA LIBERAL TRADE-IN OFFER

The local delivery price of the five-passenger ACE Six is \$2,465. To introduce quickly the Super-Comfort Road Car in this territory we will for a limited time take in used cars at the most liberal appraisal ever allowed in the west, with extremely liberal terms on balance of purchase price. We handle our own deferred payment papers. As the number who can take advantage of this offer is limited, early action is advisable.

PRICE OF HAYNES NOT TO BE LOWER COMPANY DECLARES

Assures Purchasers That the
Present Margin of Profit is
as Close as Can be Made.

Haynes purchasers are guaranteed against a reduction in the present list prices of Haynes cars until January 1, 1932, according to an official announcement by Alton G. Seiberling, vice president and general manager of the Haynes Automobile Company, Kokomo, Indiana. The guarantee was telegraphed May 19 to every Haynes distributor in the country. "Haynes purchasers and prospective purchasers will be glad to know that they are fully protected against any decrease in the present list prices of Haynes cars for the balance of this year," declared Mr. Seiberling. "Our present margin of profit is so slight that it would be impossible for us to reduce prices of our cars without lowering our standard of manufacture. This, of course, we will not do. And in justice to our many thousands of Haynes owners and to those who might be hesitating in the purchase of their Haynes cars in anticipation of a price decrease, we have announced this guarantee of our prices until January 1, 1932. Under this guarantee, every Haynes purchaser is fully protected against any reduction of Haynes car prices for the balance of this year."

WOULD REMOVE STATUE.

BIRMINGHAM, Ala., June 4.—A movement looking to the removal of a statue erected at Troy, Ala., just after the civil war to John Wilkes Booth, slayer of Abraham Lincoln, has been launched by Mrs. Cal D. Brooks, president of the Woman's League of Republican Voters of Alabama.

Wanted! Ladies

To see Mrs. Scott, who is an expert demonstrator and will demonstrate the

Simplex Ironer

At

J. L. VAUGHAN
Electric Supply House
Phone 139, 206 E. Court

Mrs. Brooks declares that protests against the statue have come to the league from many sections of the country and she believes the time has come when such acts as placing the shaft "will be frowned upon by all good citizens of the south regardless of party affiliation."

An injury has been done the south as a whole, she says and a wrong impression created north, east and west. In order that there may be "one harmonious union of interests, north, east, west, south," Mrs. Brooks has called upon all political faiths of the south to join the league in plans to remove the Booth shaft.

The statue was erected by funds gathered by semi-public subscription at a time when partisanship was keen and when Booth was looked upon by some as a benefactor and hero.

The league claims that this was not the sentiment of the south at that time and that the surviving few who had a hand in the erection of the shaft will not object to its removal.

SECOND GRASS BLAZE THREATENS PROPERTY; RINGOLD URGES CARE

The second grass fire of the season was extinguished today by the Pendleton fire department when a match thrown to the ground by a pipe smoker ignited dry grass north of the city and the blaze that resulted ran down the hill a distance of a quarter of a mile before its course was checked.

The fire was approaching the property of Loss Copeland north of the county library when members of the fire department responded to a call to put it out.

"Pendleton people should be mighty careful where they throw matches," Fire Chief W. E. Ringold said after the fire. "The sun is drying this grass mighty fast, and a little carelessness can cause a lot of damage. All dry grass should be raked away from buildings."

NEWSPAPER MEN'S CLUB

HAVANA, Cuba, June 4.—(A. P.)—Havana newspaper men will have a meeting place, built at a cost of \$49,000 by the national government, if a bill to be introduced by Representative Antonio Pardo Suarez at the next session of congress is passed.

The government, in 1919 ceded a plot of ground in one of the most valuable parts of the city as a site for the proposed club house of the Association of Reporters of Havana, to which virtually every active newspaperman in the capital belongs.

WILLIAMS IS HANGED

SAN QUENTIN PENITENTIARY, CALIF., June 4.—(U. P.)—George Williams was hanged. He murdered his wife and step daughter in San Francisco a year ago. He went to the scaffold smiling. The prisoner slept well ate a hearty breakfast and drank deeply of a "shot of whiskey" before being led from his cell.

WANTS AMERICAN CONSULATE.

KOVNO, Lithuania, June 4.—(A. P.)—Dr. Kazim Grinius, president of Lithuania, wants an American consulate to be located in Kovno, regardless of whether the American government recognizes the republic of Lithuania.

"In Lithuania," said Dr. Grinius "there are hundreds of persons desiring to emigrate to America. At present,

because there is no consul here, it is necessary for them to go to Riga, to apply to the consul there for visas."

Latvia and Estonia also have not been recognized by the United States.

but American consular authorities are established there.

"Naturally we hope for recognition from America," said Dr. Grinius. "Much of our ultimate prosperity depends upon it. And, besides, there are nearly a million persons of Lithuanian birth or descent in America, making a close tie between the two countries."
