COUNTY OFFICIAL PAPER

SOLDIERS AID MEASURE CARRIES IN STATE BY VOTE OF NEARLY THREE TO ONE

WOMEN TO SERVE AS JURORS; VETO MEASURE ADOPTED

Marriage Examination Bill Rejected But Substantial Vote is Cast for Measure.

BONUS BILL HAS 35,000 MARGIN IN 29 COUNTIES

Sixty Day Legislative Bill Lost Out by 10,000 Margin on Returns Now Available.

PORTLAND, June 8.—(A. P.)—Returns from 29 counties including Multnomah complete computed this afternoon gave: Legislative, 26,140 yes; 36,047 no.
Bonus, 53,720 yes; 18,452 no.
Emergency veto, 37,010 yes; 26,201 no.
Marriage examination, 31,333 yes; 38,656 no.
Women jurors, 35,018 yes; 30,034 no.

PORTLAND, June 8.—(A. P.)—Oregon voters overwhelmingly approved the bonus bill at the election yesterday. They also approved the measure enabling the governor to veto certain provisions in bills declaring emergencies without affecting other provisions. They defeated the bill requiring a physical examination by both parties seeking a marriage license, and a bill lengthening the legislative session from 60 to 90 days. The women's jury bill was close on the early returns.

Soldiers to Celebrate.
PORTLAND, June 8.—(U. P.)—The vote on the soldier's bonus continues to grow. The American Legion here bought out the Hellig theater show tonight to celebrate. The count so far includes 27 of the state's 36 counties. Other measures are holding firmly, the indications being they will win according to the early returns. The votes in the majority for or against the various measures continue to show substantial majorities. Voting in the whole state was very light. The bonus bill elicited the greatest enthusiasm, with the road bond issues second. In all nine counties interested in the road bonds are carrying. The port amendment is carrying by the slightest majority of all. There was keen voting on the Mount Hood Loop project. It will probably carry two to one.

Governor Congratulates Gilbert.
RALEIGH, June 8.—(A. P.)—Oregon is to be congratulated upon the magnificent showing in indicating some share of his appreciation for the service men who died during the great war, said Governor Olcott today in a letter to William S. Gilbert of Astoria, state commander of the American Legion. "The landslide in favor of the measure shows unequivocally that the people have not forgotten and will not forget the service Oregon's young manhood rendered the nation. The splendid work which has been done by the American Legion since its organization no doubt had much to do with the tremendous majority given the soldier's aid bill."

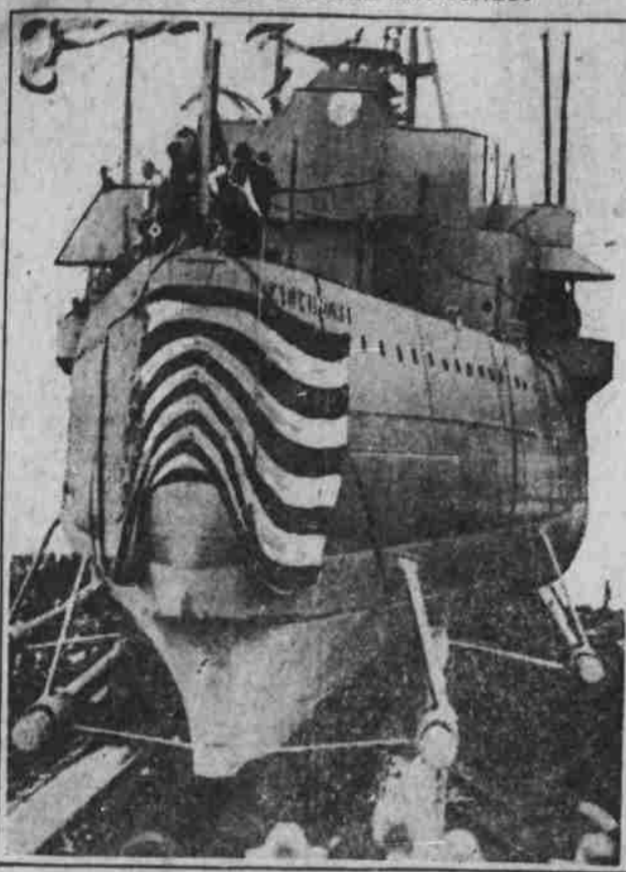

The highest and lowest points of land in the United States are but ninety miles apart. Mount Whitney, the highest point, is 14,501 feet above the level of the sea and a depression in Death valley lies two hundred and seventy-six feet below sea level. Both are in California.

MANY 'WEINIES' AND MUCH ICE CREAM WAS DESTROYED AT PICNIC

Supplies of 'weenies', ice cream and soda water were much depleted at Bingham yesterday when nearly 200 local boys between the ages of 10 and 15 were entertained by members of the Rotary club and other friends who assisted in giving the boys a good time. Twenty-five cars took the kids to Bingham and many willing volunteer workers assisted in giving them a lunch that was eagerly devoured. One helper reports he went "black in the face" buttering biscuits for sandwiches and it is said the boys fully measured up to expectations in the matter of consuming capacity. Next to the chief pastime of the day was swimming and the tank at one time contained every boy in the party.

VESSEL HITS ICEBERG OFF NEW FOUNDLAND

NEW SCOUT CRUISER LAUNCHED.

The scout cruiser Cincinnati is Uncle Sam's newest. It was built at Tacoma, Wash. The ship was christened by Mrs. Charles Edward Tudor, wife of the public safety director of Cincinnati. A bottle of Ohio river water was broken over it and afterward a bottle of champagne.

TWELVE SHIP LOADS OF IMMIGRANTS LIE IN NEW YORK HARBOR RESTRAINED BY NEW IMMIGRATION LAW; MORE BOATS ARRIVING

NEW YORK, June 8.—(Paul R. Mallon, U. P. Staff Correspondent)—Twelve ships with their holds jammed full of immigrants, penned in like cattle are lying in the New York harbor, restrained by the new immigration law. They are defenseless against the law. Feeble women of Italy, half-naked children from Czechoslovakia, central European hunger-stricken refugees, ill-kept, without bathing facilities are packed until the port immigration receive Washington instructions as to how to proceed under the new law.

BRITISH STEAMER SEAPOL STRIKES HUGE ICE BLOCK

Vessel Was 300 Miles Off Coast When Accident Occurred; Was Damaged But is Safe.

FOREFOOT IS BROKEN AS SHE RAMMED BIG BERG

Steamer, Enroute From Montreal to Dublin is 3,000 Ton Steamship British Operated.

NEW YORK, June 8.—(U. P.)—The British steamer Seapool is believed to be sinking, according to a message to the Royal Mail Steam Packet company. Captain Taylor of the liner Orduna, sent the message. The Orduna is standing by to offer assistance, though she is 750 miles from the Seapool's position.

A later message conflicts with the earlier advice saying the Seapool was able to proceed. Nothing has been heard from the Seapool direct since the first message. The Orduna heard nothing from the ill-fated steamer. The Orduna left Hamburg last week.

NEW YORK, June 8.—(U. P.)—The British steamer Seapool, is reported to have struck an iceberg off the New Foundland coast. The vessel was damaged but is safe, according to the naval radio station here. The ship's message: "We are proceeding on our course with forepeak full of water." The location of the steamer was 300 miles off the coast. Boston reports a Halifax message declaring the steamer is proceeding slowly to St. John's, N. F. Her forefoot was broken where she rammed the big berg.

Thought to be Rochambeau.
NEW YORK, June 8.—(U. P.)—The vessel first mentioned: "Struck an iceberg. Somewhat damaged by the collision." The steamer was then identified and "no position given." A radio taken at Otter Cliff, Maine, said the vessel was sinking, giving the position but not the name. The Seapool en route from Montreal to Dublin, sailing June second, was a 3,000 ton steamship, English owned and operated. Due to lack of identification of the vessel, experts believed at first it was the French liner Rochambeau, and also possibly the Cunard liner Carmania. The Seapool's position caused the identification.

TRAIN HITS STALLED AUTO; FAMILY JUMPS

EUGENE, June 8.—When L. Prime and family heard the northbound Shasta Limited whistle on a curve near Creswell Monday night at 11 o'clock they jumped out of their machine in a hurry. The car was stalled in the middle of the railroad on a crossing. No one was hurt, but the machine was smashed to bits by the train.

METHODISTS AND BAPTISTS IN TWILIGHT LEAGUE HAVE SPIRITED BASEBALL GAME

It's not so much fun to talk to a crowd if they have the privilege of "singing" back.
That's an experience that Rev. John Secor, pastor of the Methodist church had yesterday evening when he was the official umpire in the game of ball that was played between the Methodists and the Baptists in the Twilight League. The Methodists won the game by a score of 12 to 4, but the Baptists are talking some of protesting the contest on the ground that the downrodden Methodist team had "help" and to this insinuation the Methodists reply that the Baptists are poor sports. The "umps" wasn't rattled in the least by the "singing" he got from the sidelines. He made his decisions and then stuck.
Members of both teams admitted, however, that the game was the widest one they had ever played.

A. D. LASKER AGREES TO BECOME CHAIRMAN OF SHIPPING BOARD

Other Members Will be Admiral Benson, Present Chairman, and Ex-Senator Chamberlain

WASHINGTON, June 8.—(U. P.)—It has been definitely learned that A. D. Lasker has agreed to become chairman of the shipping board. Other members will be Admiral Benson, the present chairman, Frederick I. Thompson of Mobile, Meyer Lissner of Los Angeles, T. V. O'Connor of Buffalo, Ex-Senator George Chamberlain of Oregon and E. C. Plummer of Bath, Maine. The white house made the announcement.

IN FEW DAYS OREGON S. A. R. WILL MEET IN PENDLETON FOR FINAL REUNION HERE; MORE ROOMS NEEDED FOR OLD SOLDIERS

Pendleton will be host next week to the Oregon members of the G. A. R. and three auxiliary organizations, the Woman's Relief Corps, the Ladies of the G. A. R. and the Daughters of Veterans. Requests for reservations are arriving with every mail and how to handle all the visitors is proving a problem for the committee and Secretary C. T. Barr, of the Commercial Association. Many rooms have been limited but more are needed and it is especially desired to secure as many close to rooms as possible as the G. A. R. men want to be located as closely as possible to their meeting place, the county library auditorium. A price of \$1 per person has been fixed for rooms in private homes. The veterans will eat their meals at downtown eating places.
The G. A. R. convention will be held at the library auditorium and opens on Tuesday forenoon. The council of administration meets at 9 o'clock and the credentials committee later in the day. The first business session will be held at 1:30 p. m. H. R. Neil, of this city, has been appointed as officer of the guard.

APPOINTMENT OF RICE AS COMMISSIONER IS URGED BY LOCAL MEN

Former Captain in Army Boosted as Fifth Member of Body to Have Charge of Loans.

Loman G. Rice, assistant cashier of the First National Bank, and formerly a captain in the 34th Field Artillery, has been unanimously endorsed by the Pendleton Post No. 23 American Legion for appointment by the governor to the commission of five members who will have charge of enforcing the provisions of the bill which will provide aid for veterans of the late war.

According to the law, the commission will consist of five men, three of whom must be the governor, the attorney-general of the state and the attorney-general. The other two, one of whom must be an ex-service man, are to be appointed by the governor. Pendleton ex-service men feel that Rice is one of the strongest men for the rank of the veterans who could be afforded for the position. His experience as a banker will stand him in good stead in handling the business of the commission which is expected to be secondary in volume and importance only to the work that is done by the state highway commission.

He is a man of strong personality, and his ability is indicated by the fact that he was the youngest captain to be commissioned from the second officers' training camp at Camp Greig, Calif. He had nine months service in France and Germany and participated in the Meuse-Argonne. Three months of his foreign service was spent with the Army of Occupation in Germany. Rice was graduated from the state university in 1914, and his acquaintance among the younger business men is state wide. He is prominent in fraternal circles in the state, and he is treasurer of the local post of the legion, as well as being a charter member. He served one year as president of the state bankers' association.

PUEBLO STARTS TO RETURN TO NORMAL STATE

City Settles Down to Task of Cleaning Up Debris Which Will Take Several Months.

RELIEF TRAINS BRING SUPPLIES TO REFUGEES

Railroads Repair Levees to Protect Newly Laid Tracks; Electricity Works.

PUEBLO, June 8.—(Sam Freed, U. P. Staff Correspondent).—The city is settling down to the task of cleaning up which will take months. The electricity and gas is working and relief trains are getting through supplies. Motor lorries and fifty wagons are expected today from Fort Sam Houston to aid in the work. The railroads are repairing the levees to protect the newly laid tracks. Livestock which was drowned in the flood is being burned. Simple funerals for the flood victims have started. The dead totals 45 in the Pueblo mortuaries and 27 additional in the valley towns. The transfer of refugees to the concentration camp which the national guardmen erected has begun.

E. R. BASHOR, PORTLAND MAN, PURCHASES DELTA

E. R. Bashor, of Portland, for 11 years assistant manager of the Hazelwood stores in Portland and at Multnomah Falls, and for the past two years in charge of the Broadway Hazelwood, has purchased the Delta confectionary and restaurant from George W. Gray, according to an announcement made today. The consideration has not been made public. Mr. Bashor has had experience both in restaurant and confectionary management and with his wife, who was for several years in charge of the Hazelwood candy sales, will manage the store. Mr. Bashor is an ex-service man having seen service during the world war.

Besides Delta candies, Mr. Bashor expects to handle Hazelwood candies and pastries and will give local patrons the advantage of Hazelwood service.

BOY, 4, SHOOT HIS BROTHER, 5; AT PLAY

EUGENE, June 8.—James Knight, 5-year-old son of Mr. and Mrs. J. Knight of Springfield, was shot in the stomach by his 4-year-old brother Tuesday while the two were playing in an empty house. The gun used was a .22 calibre rifle and was not thought to be loaded. The lad is very low, say Springfield hospital authorities, and it is not known whether he will recover.
