Umatilla county, rode at the head of these buckaroos. A few days later he was shot down by criminals who had just broken jail and wanted Sheriff Taylor out of the way, thinking this would insure their escape. But although Til Taylor is not here in person, he is remembered by his Portland friends and the Festival season is saddened by his absence.

No Rose Show This Year.
 Because Pendleton's loveliest roses bloomed during the state convention of the Oregon Federation of Women's Clubs when it was impossible for the Pendleton Women's Club to hold the annual Pendleton rose show, the show will not be held this year. The plan was to hold the show this week but the rain has worked havoc with the blossoms and local growers declare that a showing worthy of Pendleton would be impossible. Another reason for cancelling this year's show is the coming G. A. R. convention, June 14, 15 and 16.

Dodge Prices Reduced
 The Ellis-Schiller Co., local dealers in Dodge cars, has received a wire announcing a substantial cut in the

price of Dodge cars. It was announced the reduction will bring the price of these cars below the pre war level.

Funeral Is Held.
 The funeral of the late Patrick Kelly, who was killed a few days ago in an accident at Pilot Rock while engaged in road work, was held today from St. Mary's Catholic church. Father Van Hoomissen officiated.

Has Tonsils Removed
 Miss Leona Bowman, stenographer in the office of the East Oregonian, underwent an operation this morning for the removal of her tonsils. She is recovering from the effects of the operation very nicely.

New Employee at Store.
 Fred A. Booth is a new employee of the Peoples Warehouse and has begun his work as a window dresser. He has had experience in this work and comes to Pendleton from Medford. Mr. and Mrs. Booth and son will make their home on Alta street.

Relatives Are Safe.
 Harold Newquist and Mrs. Albert Hoover, formerly of Pendleton, now residing at Boone, Colorado, in the flood district, are safe, according to word received here today by their sister, Miss Ethel Newquist. They are the son and daughter of Mr. and Mrs. A. P. Newquist and since hearing of the disaster in Colorado, fears for their safety were felt.

Doubtful About Ships
 That the S. P. & S. company is very doubtful about again securing the Northern Pacific and the Great Northern for the run between Astoria and San Francisco is stated in a letter from W. F. Turner, president of the company. Mr. Turner understands the government will not sell these ships at this time and there is objection to chartering the ships as they would have to be remodelled for the passenger run.

Stock Is Sold.
 The stock and fixtures of the Kenilworth Shop of the Peoples Warehouse was sold today by the firm to Mrs. Jessie Hiestand, who will move the new purchase to the Cosmopolitan Art Shop on Main street. The art department of the Peoples Warehouse will in future be located on the main floor, with John Benson, head of the dry goods department, in charge. New shelves have been put up to accommodate the stock. The entire upper floor will be devoted to women's and children's ready-to-wear.

McNary and Idleman to Speak
 Dr. W. D. McNary, superintendent of the Eastern Oregon State Hospital and Perry Idleman, commander of the American Legion will be the chief speakers at the Commercial Association forum luncheon at the French restaurant tomorrow. Dr. McNary is expected to give some frank impressions of Pendleton and suggestions for betterments here. Mr. Idleman will tell of plans for handling the G. A. R. convention next week and of the need of cordiality by local people in making the old soldiers comfortable while they are here.

Will See Round-Up.
 Among the advance orders for Round-Up tickets is one from Mrs. Alice McNaught, of Portland. Mrs. McNaught writes Pendleton friends that after attending the state convention of the Oregon Federation of Women's Clubs, she is eager to see the big show. Mrs. McNaught is president of the Progressive Women's league of Portland and a director of the Monday Musical Club. She was a candidate for the legislature and will be remembered as having polled one of the largest votes of any woman candidate in the state.

Plant Fish Eggs
 State Superintendent of Hatcheries Matt Erekman and a committee from the Pendleton Rod and Gun club composed of Marion Jack, Louis Scharrp, John Vaughn and James Estes planted over a million eggs at Bingham Springs today. In 45 days these eggs will be young fry and they will be released into the streams of Umatilla county by the members of the Pendleton Rod & Gun club. As soon as this bunch of young fry are released another million will be sent to the local club and they will be released in the fall. The aims of the Pendleton Rod and Gun club is to give careful attention to the planting of the young fry in an effort to secure the good will and cooperation of farmers and land owners who are inclined to keep their places posted and to educate anglers to be careful when fishing on land that is in cultivation to refrain from needlessly leaving gates open, breaking down fences and destroying crops. The club feels that they can bring the land owners and the angler together in a way that will be to their mutual benefit. Everyone knows that good fishing and hunting attracts many dollars to our state and helps to sell land and other property.

Cool Weather Pleases.
 The recent rainfall while not general throughout the county, brought cooler weather which was welcomed by farmers. The temperature yesterday and today will keep the wheat

from burning and lessens such a danger, say wheat growers.

Is Gambler, Wife Charges

Parker in her suit for a divorce. The couple married October 3, 1918, and they have a boy baby. The plaintiff inherited \$2,500, she avers, which was borrowed by the defendant and remains unpaid. The plaintiff's attorney is Judge I. M. Schamp.

ed States as Secretary Hughes proposed, is believed here.

President Oregon will take this course in effort not to menace his position with the Mexican people in reaching an agreement with the American government which will allow an extension of American recognition. It is believed Oregon's next message will suggest the United States and Mexico treaty along the lines Secretary Hughes suggests, provided recognition will be extended to the Mexican government. George T. Sumnerlin is conducting the American negotiations in Mexico City.
