

DAILY MARKET NEWS, LOCAL AND GENERAL

Including Pendleton Prices and Associated Press Reports

Hog Prices Lower

With Sheep, Cattle Steady (From the Oregon Journal.) There were 16 loads of livestock reported in the North Portland alleys Wednesday, but most of them consisted of sheep. Hogs showed a fractional loss, while cattle and sheep were steady.

In the hog alleys the previous top of \$9.50 melted so far as extreme sales were concerned and the top for cars was \$9, while it was considered likely that drive ins would bring an extra quarter.

The lower price for carloads here is made in face of the strength and advances in the East. On the basis of the Chicago price it would cost at least \$9.50 to land Eastern hogs in Portland or at other coast points.

General hog market range:

Table with 2 columns: Description and Price. Includes items like Prime light, Smooth heavy, Smooth heavy, 300 and up, Rough heavy, Fat pigs, Feeder pigs, Slugs.

General cattle market range:

Table with 2 columns: Description and Price. Includes items like Choice steers, Medium to good steers, Fair to medium steers, Common to fair steers, Choice cows, heifers.

Medium to good cows and heifers:

Table with 2 columns: Description and Price. Includes items like Fair to medium cow and heifers, Common cow, heifers, Canners, Choice feeders, Fair to good feeders, Bulls, Choice dairy calves, Prime light calves, Med. light dairy calves, Heavy calves.

Wool at London Maintains Strong Position.

LONDON, June 9.—(A. P.)—The wool auction sales were continued yesterday with offerings of 11,997 bales. Competition was keen and the opening advances were maintained. Fine crossbreds advanced five per cent.

Larger Crop of Wheat Than Last Year, Report.

WASHINGTON, June 9.—(A. P.)—The country's combined winter and spring wheat crop promises to be 43,000,000 bushels larger than last year's based on forecasts of production announced today by the department of agriculture. There will be smaller crops of oats, barley and hay than last year, while the apple crop will not be half so large and the peach crop will be much smaller.

Winter wheat, which a month ago promised a crop of 42,000,000 bushels, came through in May in bad shape in several states and as a result of the forecast of production showed a reduction of 1,000,000 bushels, bringing the total to the same quantity as produced last year. Kansas, premier wheat state, reported a decline in the condition of the crop from 84 per cent of normal on May 1 to 60 on June 1, which resulted in a reduction in that state's forecast by 32,000,000 bushels. In Nebraska the condition dropped from 92 to 75 and in Oklahoma from 84 to 75.

The spring wheat crop forecast indicates 43,000,000 bushels more than last year's crop. The condition is better than a year ago while the acreage is somewhat smaller. An acre yield of 13.9 bushels is forecast compared with 10.8 bushels last year.

California Growers to Ship Pears East.

SAN FRANCISCO, June 9.—(A. P.)—The California Pear Growers' Association announced today that opening prices for pears would not be fixed for several weeks yet but that the organization had decided to ship most of its product east this year instead of delivering it to California canneries. Failure of some eastern crops has made it possible for California to ship fresh pears east advantageously, the association reported. As the California crop is 18,000 tons short of last year, President Frank T. Sweet said, the amount sent east will be only about the same as last year, 50,000 tons, although the proportion is greater. The 1921 total will be 76,000 tons, he said, against 94,000 tons last year. According to the association, some canners offered growers outside the association \$40 a ton for growing pears while other canners suggested "pre-war" prices from \$25 to \$40 a ton to the association. These being below the cost of production, the association said, they were not seriously considered. The eastern shipments will be backed up with an advertising campaign.

Railroad to Be Put On Factory Basis.

DETROIT, June 9.—(A. P.)—A minimum wage scale of \$6 a day for employees of the Detroit, Toledo & Ironton railway will become effective July 1, it was announced today by Henry Ford, who recently acquired the road.

OUTBURSTS OF EVERETT TRUE

On the same date, he added, the road will be operated but six days a week. Mr. Ford said he was endeavoring to put the railway on a "factory basis," adding that eight hour shifts for employees was contemplated.

Wheat Shows Slight Dip on Report of Itals

CHICAGO, June 9.—(A. P.)—Wheat showed an upward slant yesterday chiefly on account of rains which pointed to a delay in the harvest of the winter crop. Closing quotations were firm at the same as yesterday's finish to 2-3-4 cents higher, with July \$1.22 to 1.32 1/2 and September \$1.16 1/2 to 1.17. Corn lost 7-8c to 1 1/2c and oats 3-4 to 5-8c. In provisions the outcome was unchanged to 7 1/2c higher.

Kansas and southern Indiana were chiefly the subject of misgivings among wheat traders who feared a wet harvest. Considerable buying of July took place as a consequence. The general run of crop advices, however, appeared to be optimistic, and September was therefore much less in demand than July. Bulls were handicapped also by slowness of export call and by a new break in foreign exchange. The government figures came subsequent to the close, and as generally had been expected proved bullish, though not to such a radical extent as the latest recent private forecasts would imply.

Call Money Much Easier On Market

NEW YORK, June 9.—(A. P.)—Relaxed money rates and recurrent weakness in foreign exchange overshadowed yesterday's stock operations. Call loans opened at 7 per cent but before midday eased to 6 1/2, the lowest in many weeks. Time rates were unchanged, but brokers reported more liberal offerings which extended to bank acceptances and mercantile paper. Explanation was lacking for the further collapse of international remittances, which amounted to 6 cents in the pound sterling and 10 to 45 points in French, Belgian, Italian, Swiss, Spanish and Dutch bills. Renewed sales of sterling in London and Paris by German interests, speculative pressure at this center, and the supreme council's delay in meeting were among reasons assigned for the reaction. In banking circles, the engrossing

OFFICE CAT

BY JUNIUS

We were driven from a shady spot today by the conspicuous "No Loafing" signs at the doorways of Ralph Folsom's undertaking parlors. After which we concluded that even the dead ones will have to wreathe in future. (Or should we say hereafter?)

The heading "Relatives Are Safe," appeared in yesterday's columns of the E. O. Not always.

Some day someone with an original mind will write a movie in which the husband and wife love each other and are uninterrupted by a third party.

When a Man Goes Wrong

In the majority of cases of men who went wrong, their early history will show a neglected boyhood, and a lot of drifting and stumbling. Perhaps they were not taught to work during their school vacations, to earn and learn the value of money and to become useful to the community. The sovereign remedy of keeping a boy straight always is the habit of work and of saving. A Savings Account for a boy can be started here every day.
