### NEWS OF FARM AND RANGE

### WHEATGROWERS WANT THREE WEEKS MORE OF GOOD WEATHER

Fair and Warmer' Does Not Fit the Bill With Them Now When Coolness is Needed.

Twenty days more of good seasonable weather!

That's the prayer of Umatilla county wheatgrowers. In the lower regions of the county the wheat is already beginning to fill, and in the higher districts it's in bloom, and the yield that will be harvested this fall depends in large measure on the way the weatherman behaves during the next three weeks.

For this stage of its development the crop is in excellent condition. The season has been a propitious one, and if extremely hot weather will hold off until the heads are all filled, the crop will be a hummer.

That's why farmers smile at the cloudy, cool weather that has prevailed during this week. They want more of it, and gentle showers mixed in judiciously with the passing of the days won't make them very mad.

Men Want Work—Mayor George A. Hartman, in addition to a lot of other correspondence that comes to him as head of the city administration, is receiving a lot of letters from men who want work. Some of them want anything, but almost without exception, the writers express a preference for work on the farm.

Hay Regulations—The hay farmers of the West Extension Irrigation Project who are contemplating selling hay through the Oregon Hay Growers association are keenly interested in knowing what graded hay really signifies. The following is a copy of the State Regulations regarding the grades of alfalfa:

"Choice alfalfa hay shall be alfalfa hay 95 per cent pure, good, clean, and of natural color, sound, sweet and well baled.

"No 1 alfalfa hay shall be alfalfa hay with a mixture of not to exceed 25 per cent combined of bright bleached or other tame grasses, and may contain not more than a slight trace of foxtail. It shall be leafy, reasonably fine, of good green natural color, sound, sweet and well baled.

"No 2 alfalfa shall be alfalfa with a mixture of not to exceed twenty per cent of other tame grasses. It shall be of fair color, leafy, reasonably fine, sound, sweet and well baled."

### \$1,000,000 DAMAGE-SUIT FILED

DETROIT, Mich., June 11.—(A. P.)—Suit for \$1,000,000 damages was filed in federal court here today against members of the Detroit board of health by the Curtis corporation of California, canners and packers.

The complaint alleges the corporation's business was damaged to that extent through seizure in October, 1919, of a quantity of its produce following the death of five persons, due, the board of health declared, to botulism poisoning.

### MARGARET HILLS IS HOME FROM COLLEGE

(East Oregonian Special.) ECHO, June 11.—Dr. Grace KeSh returned to her home at Portland Thursday after visiting here for a few days at the home of her sister, Mrs.

Basil Mikewell.

A. B. Thomson left Thursday for Pendleton to join Col. Raley and Marlon Jacks on a fishing and hunting party. They expect to stay at the Raley cabin in the mountains.

S. Sams returned to his home at Yakima Thursday after spending several days here in the city transacting business affairs.

Make-up exams for the students of the 7th and 8th grades who failed in the state exams in May were conducted by Mrs. Claude Sloan at the school house, Thursday and Friday.

Miss Margaret Hills returned home from Corvallis Thursday, where she had been attending O. A. C. the past year.

### Pretty and a Winner

Miss Marie Curtis of Detroit is called the prettiest bathing girl in the country, but she has won medals on her swimming. She is going after more prizes at the California swimming events.

for her home in Portland the early part of the week.

Thomas Ross spent Thursday afternoon on business in Condon, Oregon.

H. R. Willis returned home Friday evening from Horseheads, New York where he was called two months ago by the serious illness of his father. While in the east Mr. Willis visited at various points with old friends and acquaintances. His father is still ill, but is reported to be on the road to recovery.

### Mrs. WAGNER of PALM BEACH

Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I was irregular and I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. After I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the Vegetable Compound and by taking it regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. MARY M. WAGNER, Box 759, West Palm Beach, Florida. While no woman is entirely free from periodic suffering it does not seem to be the plan of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.

### Who Says the War's Over

Here's proof that war's still going on in Europe. It's the first picture to arrive in America from the Greek-Turk front in the near east. Greek soldiers are shown bringing in Turk prisoners.

### A Series of Human Interest Talks on Insurance

### How Much Insurance Should a Man Have When He is Married?

This question is getting more and more attention every day.

One man said: "When you hear I am married you will know I am carrying at least \$10,000 life insurance."

Another said: "I figure that a man should provide an income for his family of at least \$1500 per year. That is 6% on \$25,000. I expect to carry that amount."

My work for Oregon Life Insurance Company is not to sell you all the insurance I possibly can, but to work with you to decide how you can obtain maximum protection at a cost proportionate to your income.

This may mean a \$1000 or \$25,000 policy.

Think it over and talk with
