

# News Notes of Pendleton

**CALENDAR OF EVENTS**  
 June 14, 15, 16—State convention of the G. A. R.  
 June 27-August 1—Summer Normal School.  
 July 19 to 16—Ellison-White Chautauqua.  
 September 22, 23, 24—Annual Pendleton Round-Up.

**New Second Baseman.**  
 Mr. and Mrs. Ed Olson are the parents of a husky nine-pound son born Thursday. Pape Olson holds down the keystone bat for the Brave Buckaroos, and he will now have a substitute to train for the position. Followers of the sport are wondering now if Bill Carry will ever be able to catch up with Ed in batting work.

**Indians Win Games.**  
 The Indians of Tutuilla Mission last night defeated the Christian church players of Pendleton in a twilight League baseball game at the Indian agency. The score was seven to three. The Indians have met with only one defeat this year, having lost a game to Helix. They have arranged for another game to be played soon. Methodists, Presbyterians and Baptists have been defeated by the Indians.

**They Like Pendleton.**  
 Mrs. F. A. Howard and son Frederick arrived Friday evening from their home in Bend to visit Mr. Howard who has been here several weeks working at Koepfen Bros. drug store. They like Pendleton just well enough that it is to be home for them within a few weeks. Mrs. Howard and Frederick will remain here for a visit and then go on to Spokane where they will spend the summer. They will return this fall to live.

**No. 24 An Hour Late.**  
 Excessive volume of baggage was responsible this morning for No. 24 being a little more than an hour late. The train was held at Umatilla for 42 minutes. Another reason for the tardiness of the train was the heavy shipments of strawberries that are being made at Hood River and in the fruit belt. The express handlers had some fun all their own, too, when No. 24 arrived. Five crates containing cattle were loaded out from Pendleton. One of the calves had to be taken from the crate and heaved into the car and then it was re-created. The car was so full that the expressman on the car had room about the size of a postage stamp to turn round.

**Committee Will Meet.**  
 L. C. Scharpf, chairman of the committee handling the civic end of the summer normal school arrangements for this summer, has called a meeting of the committee for 7:30 this evening.

**Have Tonsils Removed.**  
 Three young Pendletonians are convalescing after having their tonsils removed. They are Lois and George Scharpf, the children of Mr. and Mrs. L. C. Scharpf, and Mary Bond, the daughter of Mr. and Mrs. Charles Bond.

**Colored Woman Fined.**  
 A confidential conversation with a night member of the police force last night proved disastrous to Kate Wilson, colored, who this morning was given a sentence of 29 days in jail by Judge Thomas Fitz Gerald. The charge was vagrancy. S. H. Bowman was fined \$5 on a charge of violating traffic regulations. He paid.

**Gets Dolly Vardens.**  
 Eight Dolly Vardens of a size that make anglers' eyes shine with excitement were on display this morning in the window of Sol Baum's store. The fish range in length from 12 to 16 inches and they were caught yesterday by Lorin Hoover near Bingham Springs. Louie Scharpf caught three the day of the Rotarian picnic for the boys while he was at the Springs. He had tackle not suited for the game fishers, however, or he might have equalled Hoover's catch.

**The Key Is Lost.**  
 A search for the key to the lock of the tailgate on the levee, initiated as the result of a query about it Wednesday night by Councilman Robert Simpson, has revealed that the key has been put away for safe keeping by some former city employe and lost. C. A. Crabtree, city street commissioner, has searched in every likely place he could imagine where the key might be expected, but the search has been fruitless. As a result, the city has the alternative of cutting the present lock and buying a new one, or a new key may be made for the lock now in use. The gate has not been changed for a long time, and the lock is very rusty.

**Return From Stock Show.**  
 Roy Haley, Doctor W. D. McNary, Bert Whitman, L. C. Scharpf, Fred Bennion and Willard Bond, Pendleton men who attended the Union livestock show at Union yesterday, say that a fine lot of purebred livestock was exhibited. The beef animals were noticeably good and the horses also are mentioned as being excellent. H. J. Stillings, of Hermiston, who exhibited Poland China hogs, won the first prize for the boar and second for the sow, in the class under six months. In the racing, what is claimed as a new record of 53 2-5 for the half mile chariot race was established. Over 5,000 people attended the show.

**Turkey Red Leads.**  
 Umatilla county will have a record yield of Turkey Red wheat this year from all present indications, say Fred Bennion, county agent. Farmers who have planted this variety in the Echo-Nolin region are pleased with the results. Demonstrations by the Farm Bureau showed the superiority of this variety in Umatilla county where the soil is somewhat lighter and the rainfall less than in the localities north and east of Pendleton. George Peterson and C. A. Moll, Umatilla county farmers who have the largest acreage, state that their Turkey Red is about 10 days further along than the White Hybrid and that the neighbors are beginning to look over the fence and assert that they will plant Turkey this fall.

**Demonstration to be Held.**  
 Thinning demonstrations, under the auspices of the Umatilla county Farm Bureau will be held in Milton-Freewater June 21, 22 and 23. C. L. Long, horticulturist from O. A. C., Fred Bennion, county agent and the Farm Bureau committee will be in charge. The first day will be spent in looking over the situation in the district and in thinning out a few trees for demonstration purposes. The second day will be spent in practice thinning. On the third day a tour of the various orchards will be made calling on such growers as may request special consultation. On the evening of June 23, a meeting will be held in the library to discuss timely matters. Some of the matters to be discussed at the demonstration are the effect of thinning on the color and size of fruit; affect on price; affect on vigor and upon alternate bearing habits.

**Weather is Cooler.**  
 The weather is cooler today the maximum being 72, while the minimum was 52. The barometer registers 29.63, says Major Lee Moorhouse who predicts fair weather and no rain for tomorrow. The rainfall last night was .05 inches.

**Convocation June 29-30.**  
 Convocation of the Eastern Oregon diocese of the Episcopal church will be held June 29 and 30 at La Grande and Rev. Alfred Lockwood, pastor of the Church of the Redeemer and other local people of the parish will attend. St. Peter's Day falls on June 29 and the La Grande church is known as St. Peter's; hence the choice of these dates.

**FIRES AT HOUSEKEEPER THEN SHOOT HIMSELF**

SEATTLE, June 11.—(U. P.)—After firing two shots at his housekeeper, John Boatman fired a third shot through his own head, killing himself. Boatman had just eaten breakfast, and after a slight quarrel over his two children, fired at her. She escaped. Boatman has been despondent for two months following the death of his wife. He has five children. Three or them are in Alaska. He has been suffering from delusions for several weeks.
