

News Notes of Pendleton

CALENDAR OF EVENTS
 June 14, 15, 16—State convention of the G. A. R.
 June 27-August 1—Summer Normal School.
 July 10 to 16—Ellison-White Chautauqua.
 September 22, 23, 24—Annual Pendleton Round-Up.

Indians to Play Helix.
 An effort to even the score with Helix will be made by the Tutuilla Indians Friday evening when the Indians will go to Helix to meet the country aggregation. In the first game between the two rivals, Helix carried off the honors. A supper complimentary to the visitors will be a feature of the evening's fun.

To Let Indian Leases.
 Advertisements have been issued by the officials of the Umatilla Indian agency inviting bids for the leasing of Indian land for the period beginning October 1st, next. The lands advertised upon which leases expire this fall, the lands to be cropped this summer. Two hundred tracts are to be leased at this time, the acreage of each lease ranging from 40 to 200 acres. Bids will be opened at the Umatilla Indian agency Saturday, July 9th at 2:00 o'clock, p. m. A guaranty deposit of 10 percent of the amount of bid offered is required to accompany each bid. A recent statute enacted by congress requires the collection, from each leasee, of a \$5 fee for making each lease.

They Bake Good Cakes.
 The popularity of the women of Helix and their ability at baking delicious cakes promises to become watchwords in Umatilla county if any more Pendleton baseball teams in the Twilight League go there to play baseball and remain over for the famed feasts that are usually one of the big features of these sporting events. Monday evening the Christian team, accompanied by a number of boosters, went to Helix and played the team there. The Christians won a close game by a score of 9 to 8, but they declare that they received more enjoyment out of the supper that was served after the game than they did by winning the victory. Several other Pendleton teams have enjoyed the hospitality of Helix people this season.

To Remodel Building.
 Application for a building permit to remodel her residence on Spruce street was made yesterday at the office of the city recorder by Iona M. Elliott. The estimated cost of the work will be \$200.

Grade Railroad Connection.
 The connection between the O. W. R. and N. and the Northern Pacific at Burbank is being graded. Work has already been started and when it is finished the O. W. R. & N. will use the track of the N. P. there.

Hold Hearing At Rieth.
 M. J. Buckley, general superintendent of the O. W. R. and N., arrived this morning from his home in Portland to attend the meeting which was held at Rieth today. Members of the public service commission accompanied him to hear complaints of some of the residents of the town who oppose the change of location of the depot.

Rainbow Trout Caught.
 A collection of 25 beautiful Rainbow trout is displayed today in the window of Sol Baum's store. They were caught at Rieth and the largest weighs three and a fourth pounds. The fisherman modestly declines to give his name. The bass fishing season opened this morning and a number of fishermen are plying the rod today.

Luncheon is Postponed.
 The usual open forum luncheon of the Pendleton Commercial Association has been postponed and will be held on Friday at the Quells at noon, instead of tomorrow. A special invitation is extended insurance men as insurance will be the topic for discussion. Talks will be given by James Estes, Bert Jerard and E. F. Averill, local insurance men.

More Suggested Names.
 Suggestions for names for renaming Cabbage Hill continue to be sent in. This morning's post brings the following suggestions from one who signs herself "A Subscriber." Meeker Mountain or Meeker Way in memory of Ezra Meeker, Sacajawes Way or Sacajawes Mountain in memory of the Bird Woman who guided Lewis and Clark, Pioneer Dreamer's Trail, Empire Lookout and Evergreen Way in memory of the first settlers of the Inland Empire.

Cars Have Collision.
 The fender of a Buick car owned by James Johns, Sr. was broken and a Spokane touring car received damage when the Washington car collided with Mr. Johns' car at the corner of Main and Court streets near the Inland Empire bank yesterday afternoon. The Johns car, driven by Miss Mary Johns, was turning the corner and going west on Court when the Spokane car, after crossing Main street on Court, ran into the machine. No one was injured. A large crowd of spectators gathered after the accident.

Flag is Displayed.
 The historic flag owned by Mrs. Mary Lane of Pendleton is an interesting G. A. R. encampment display. The flag, shown at the Peoples Warehouse, was made by the women of St. Louis, after the standard of the First Missouri, light cavalry was shot to pieces at the Battle of Springfield. The flag, beautifully embroidered on heavy silk, was made under the direction of Mrs. Frank P. Blair wife of General Blair, and by an act of Congress, the word "Springfield" was lettered upon the banner. Mrs. Lane's brother, Colonel Lathrop, was presented with the flag and through him, it has come into Mrs. Lane's possession. In the display are many historic Civil War relics, owned by Major Lee Moorhouse.

VISITORS AND CITIZENS EXCHANGE COURTESIES AT PUBLIC RECEPTION

Fife and Drum Corps Played Several Selections That Proved Interesting.

An exchange of courtesies in gracious spirit characterized the public reception for the Grand Army of the Republic and affiliated organizations last night at the Elks hall, when the city, represented by Mayor George A. Hartman, welcomed the visitors. The praises of Pendleton as a hostess city were echoed by the department commanders of the various organizations in their responses to the mayor's address.

When Mayor Hartman, in the course of his brief remarks, declared that "We are glad to see you boys and girls here tonight," the ice was broken, and the laughs that greeted the remark were continued throughout the evening during the course of the program.

The first offering of the program was a spirited number by the fife and drum corps. J. T. Butler, as presiding officer, introduced Mayor Hartman, and following the mayor's welcome, the department commander thanked the city for its welcome.

"I think there are a good many of us here who have a new idea of Pendleton since our reception in this city," he said.

In her response in behalf of the Women's Relief Corps, Mrs. Cora McBride, department president, told of the work done by her organization. There is a membership of 120,000 in the United States, and in the state there are 4500 members. Disbursements aggregating a total of \$491 have been spent during the past year. She presented to Commander Buttler for the G. A. R. an envelope containing a check, "to be used for greatest good of the greatest number."

Mrs. Florence M. Sturdevant, state president of the Daughters of Veterans was particularly happy in her expressions of praise for Pendleton.

Five Girls Organize.

"Since seeing your city with its wealth of green trees, set in the circle of hills, I think of Pendleton as an emerald in a setting of gold," she said. She then told of the move to form the organization, begun in 1885 on Decoration Day, when five Ohio girls, accompanied by Major William McKinley, asked the great American if they couldn't organize to be of some use in doing the patriotic work. That nucleus of five girls started the Daughters of Veterans which now has a membership of 20,000 in the United States.

The great progress that has been made since the beginning of the history of our country is the result of sacrifice, according to Mrs. Carrie Courter, president of the Ladies of the G. A. R., who responded for her organization.

Following her speech at the special request of Mayor Hartman, the fife and drum corps played another selection, and they had to oblige with an encore before the audience would cease its applause.

Flag Day Program Given.

Following the reception, the annual Flag Day exercises of Pendleton Lodge No. 238, B. P. O. E., were held with the officers of the chapter in charge. Following the ritualistic program, the address of the evening was made by Lt. Col. Charles Wellington Furlong, U. S. R.

Col. Furlong's theme was "Americanism," and he dwelt on the neces-

Friendly Rivals

"Mickey," the monkey, and "Darting," the greyhound, are rival mascots of Troop K of the New York state police at White Plains headquarters.

"BIG TIM'S" FRIENDS HAVE DESERTED HIM

CHICAGO, June 15.—(U. P.)—"Big Tim" Murphy's friends have deserted him. The labor czar was forced to stay in jail in default of a \$100,000 bail. Murphy is charged in participation of the \$200,000 Dearborn station mail robbery. He is said to have confessed yesterday and repudiated the confession today. "Yes, they found \$100,000 worth of bonds in my father-in-law's house," he said, "but I was holding the sack. I was not mixed up in the job, but just took care of the money for the birds who said I was the brains of the gang. Vincenzo Cosmano, a street sweeper, who was arrested with Murphy, maintained his traditional silence."

Germany is making synthetic gasoline from brown coal-tar.

THE INDIANS KNEW

A famous physician stated that more women might find relief from suffering through taking a medicine like Lydia E. Pinkham's Vegetable Compound than through undergoing surgical operations, if they would only take it in time. At the first sign of female weakness, as indicated by backache, dullness, bearing down pains and nervous exhaustion, take this famous remedy of roots and herbs, and avoid the serious consequences of delay.

The Indians and early settlers knew and benefited by Nature's Allies, the roots and herbs of the field. Because Lydia E. Pinkham knew their medicinal value, thousands of women all over the world have been saved from operations, but only such as have taken it in time.

Bigger, Stronger, More Durable Than Ever Before

For months, we have worked to make Goodyear Tires for passenger cars even better. We have increased the size of our clincher type Goodyear Cords, made the tread thicker, the carcass heavier, the bead stronger. Today our larger size Cords are likewise bigger, stronger, more durable. And fabric tires and inner tubes, too, show added value. Whatever car you drive, there are improved Goodyear Tires and Tubes now ready for it, at the nearest Goodyear Service Station.
