WOULD MAKE NEW YORK CONTRACTOR NOW GREATLY ELATED

NEW YORK, June 17.—(A. P.)—A plan that is proposed to make this city a center of the dramatic activities of the world by bringing more than 1,000 of the best known members of the profession together in select performances covering the cycle of dramatic art, has been inaugurated here.

The project, which already has passed through initial organization steps, proposes an equity festival week, in June, 1922, an American prototype of the famous Stratford-on-Avon festival which attracts thousands of theatre lovers back to England every spring. Announcement of the festival was made by the actors' equity association, which is sponsoring the movement.

This event is expected to exceed by far the English festival. Whereas at Stratford only Shakespearean drama is produced with a small professional stock company, the American festival will produce the best plays of every country and age with casts which would bankrupt any manager over night, leaders of the movement announce. The eight performances will cover the dramatic field from Euripides to Shaw.

The festival will be the backbone of the theatrical season," Frank Gillmore, executive secretary of the equity association, said. "It is not our desire to compete with any manager, but rather to help him make his theatre bigger and better by awakening the public imagination.

"Our week will include three plays of Shakespeare, comprising one of his best known comedies, one of his most famous tragedies and one of the lesser known groups whose glories are little understood because they are so rarely produced. The other performances will include the best plays of all nations and periods—Moliere, Calderon, Sheridan, Finero, Racine, Aristophanes, Beaumont and Fletcher, Rosland, Marlowe, and so forth. We shall give one of the great musical comedies, one performance of dancing and pantomimic art, and the finest example of the photoplay art made during the year. We are also considering one performance of classic one-act plays.

"Already we are compiling lists of equity members who will be free at this time of the year. They will receive their parts early in the coming season so that they may have plenty of time to study them."

It was pointed out that no one festival week could hope to cover more than a fraction of the work to be done, but in the course of time all the best examples of dramatic art will be produced. All of Shakespeare's plays are to be included at the rate of three a year, for it is intended to make the festival an annual event.

Portland Man Says He Can't Say Half Enough Good of Tanlac for What It Did.

"What I needed was just an all around building up and Tanlac has done that very thing for me," said E. P. Fretress, well-known contractor, of 214 Elmwood street, Portland, Ore.

"The fact is I had not felt well in four years. I had no appetite and even what I did manage to eat didn't seem to do me any good. I was constantly suffering with severe headache, and although I managed to stay on the job I was losing strength right along and had little energy for my work. I couldn't sleep well, either, and was in a badly run-down condition.

"A number of my friends had taken Tanlac with such splendid results that I began taking it myself. I have an excellent appetite now and eat a good square meal every time I sit down to the table. The headaches have all disappeared, my sleep is sound and refreshing and I have regained my strength and energy. I just can't say half enough good of Tanlac for what it has done for me and will always give it my highest endorsement."

HOUSE CHAIRMAN IS WRATHY TOWARD SIMS

WASHINGTON, June 17.—(U. P.)—Chairman Porter of the house of foreign affairs committee, requested the secretary of the navy to prevent Admiral Sims from making any further speeches on the Irish question.

"The admiral has already done a great damage to our foreign relations. There must be some way to stop mouthings," said Porter, urging also that Sims be disciplined.

The fez is no longer to be the national headdress of the Turk, according to a decision of the national assembly. The "kalpak" will be substituted. The "kalpak" is made of black cloth or felt, somewhat similar to the fez only flatter and broader.

SUCH IS LIFE
"Eighteen years ago I had three ribs broken, fourteen years ago my right leg; eleven years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended May's Wonderful Remedy, which helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.

PRINCE GIVEN COMMAND.
SMYRNA, June 17.—(A. P.)—Prince Andrew, brother of King Constantine, has been given command of the 12th infantry division of the Greek army and will soon go to the front. A private train is being prepared to take King Constantine into the battle zone and it is probable he will leave here on Monday.
