

News Notes of Pendleton

CALENDAR OF EVENTS
 June 27-August 1—Summer Normal School.
 July 19 to 16—Ellison-White Chautauqua.
 September 22, 23, 24—Annual Pendleton Round-Up.

New Man On Tribune
 Harry A. Smith, during the past year editor of the Oregon Emerald, student publication of the University of Oregon, is the new city editor of The Tribune. He arrived in the city Sunday and assumed his duties yesterday.

Methodists Win Game
 The Christians got trounced to the tune of 7 to 3 in the ball game at Round-Up park last night by the Methodists. Ulrich worked in the box for the Methodists and Boyd twirled for the Christians. The boys in the press room of the East Oregonian are having difficulty in holding Clarence Johnson because he rapped the old apple for a triple and came home on an error. He also "pulled an awful bonehead" when he ran up on a fly that came to center field, which he muffed.

Chrystall Goes to Portland.
 Charles M. Cook has been appointed resident agent for the Interior Warehouse Co. of which Balfour, Guthrie & Co. are managers. A. M. Chrystall, who has been the resident agent here, has been transferred to the head office at Portland.

Will Play in Tourney.
 Clark Nelson and E. J. Burke, formerly of Pendleton, will play this week in the Pacific Northwest Golf Club of Portland, of which they are members. Mrs. John Ross Dickson, formerly of this city, who now resides in Portland, will play in the women's tournament.

Will Investigate Smut
 Smut conditions in Umatilla county will be investigated during the latter part of the week by Professor Bars, plant pathologist of O. A. C., and Fred Hession, county agent. They will investigate other plant diseases and will line up demonstrations for the Northwest Grain and Hay show to be held here during Round-Up week. Professor Bars will draw conclusions regarding the grain demonstration tour planned for July 1. Mr. Hession states that there should be less smut

this year than in the past, if treatments have been followed. He states that two new developments will be of interest to county wheatgrowers and will be shown at the Grain Show. One is the use of copper carbonate and is a dry treatment which does not injure the germ and can be used at any time doing away with the old liquid treatment. It has been used successfully in Australia, and gives promise of good results in California. The second development is the growing of smut resistant wheat which withstands the ravages of this disease.

Employed by Bank.
 Miss Alma Suhl is a new member on the clerical force of the Inland Empire Bank. Miss Suhl just recently was graduated from Heald's Business college at Oakland, Calif.

Take Vacation.
 W. J. Stockman, Bowell Stockman, "Pug" Ross and Lloyd and Tom Montgomery left this morning for Lehman Springs where they will spend several days camping and fishing.

Fine South Hill Roses
 The fame of the south hill as a rose-growing district is being increased this year. There are lovely roses in many of the yards on the hill this spring and particular attention has been attracted to some beautiful Lion roses at the home of Mrs. J. L. McPherson.

Hamley and Haley Re-elected
 J. J. Hamley and J. R. Haley were re-elected to succeed themselves as members of the board of education of District No. 16 in the annual election yesterday. A total of 25 votes were cast. The hold-over members of the board are Manuel Friedly, G. M. Rice and E. L. Smith.

Longest Day of Year.
 Today is the longest day of the year, because of the vernal equinox. The day is marked by warmer weather, the maximum being 84. Last night was the hottest night of the season, the mercury falling no lower than 69. The barometer registers 29.62 today, says Major Lee Moorhouse.

Mrs. Johnson Operated Upon.
 Mrs. Winn Johnson of this city, was operated upon in Portland today for appendicitis. Mrs. Johnson suffered an acute attack yesterday. She has been in Portland attending grand chapter of the Eastern Star. Her son-in-law, Dr. E. O. Parker, performed the operation, and her daughter, Mrs. Parker, is with her mother.

Keator's Condition Less Favorable.
 Word received from R. I. Keator, district attorney, who is at Hot Lake where he recently underwent an operation, is to the effect that his condition is not so favorable as it was. He had planned to return to Pendleton today but owing to the fact that complications seem to threaten, his return has been postponed.

Rotary Picnic Tomorrow
 Members of the Rotary Club and their families will enjoy an evening picnic at Baker's well, on the Old Oregon Trail tomorrow evening. Plans call for leaving the city at 5 p. m. and cars not fully loaded are requested to start from the Elks building. The club will provide coffee and sandwiches for the picnic feed and the parties attending are to provide the remainder of the lunch.

Fire at Gasoline Tank.
 A short circuit of wires in the gas tank of the Pendleton Auto Filling station on East Court this morning at 11:40 caused the tank to be almost a total loss.

The alarm was turned in from two boxes and the fire department made the run to the first box location. The "fire out" signal was rung within a few minutes after the alarm was turned in.

Express Their Appreciation.
 A letter of thanks and appreciation for the treatment accorded them in Pendleton during the recent state encampment has been received at the office of the Commercial Association. The letter is from Gracia, Budelef, department secretary of the Ladies of the G. A. R. A part of the letter is as follows: "We the Ladies of the G. A. R. of the Oregon department sincerely appreciate your efforts in looking after our comforts and providing a banquet for the comrades and us. Those days will be long remembered."

Ritner Says He Won't Run.
 To make arrangements for looking after Oregon Elks at Los Angeles this year, Roy W. Ritner was in town for a few hours. He is a member of the committee with Jay Upton Denton Burdick and others to arrange for accommodations for the Oregon contingent. Senator Ritner, who is the heir-apparent to the governorship, under the law, as president of the state senate, put one political rumor at rest while in Portland. He says that he has no intention of being a candidate for republican national committee for Oregon, the place now held by Ralph E. Williams. Senator Ritner's name has been mentioned in connection with this place and he admits that he has been urged to run, but has successfully resisted the temptation. —Oregonian.

Returns From College
 Arthur Ridd has returned from Eugene where he attended University of Oregon during the past year.

William Rhode Hurt.
 William Rhode suffered severe cuts above the ankles yesterday while operating a mowing machine, at his ranch near Pendleton. His injuries, while painful, will not cause serious complications and he is convalescing.

Norborne Berkeley Winner
 Norborne Berkeley, Jr. son of Mr. and Mrs. Norborne Berkeley of this city, won first prize yesterday in the John Hrinig extemporaneous speaking contest, when he spoke on "The Significance of Wallatpu," at the commencement exercises at Whitman College in Walla Walla. Out of 20 contestants, all but eight were eliminated and of the eight, young Berkeley was adjudged winner of the first prize of \$15. He has completed the first year's work at Whitman and is now in Pendleton for the summer months.

Teachers Ask About Normal.
 Many requests for information about costs of taking the course offered by the summer normal school here have been received at the office of the county superintendent of schools. The queries come not only from Umatilla county but from teachers all over the eastern part of the state. One item in which the teachers show a great deal of interest is the possibility of securing light housekeeping rooms during the session.

Miss Boone Buys Shop.
 Miss Kathryn Boone has purchased Miss Marie Robb's beauty parlor business and has taken possession of the parlor in the Judd building. Miss Boone was for several years in the business at Seattle and was in charge of the hair dressing department of Fraser and Patterson's. Miss Boone will install a line of Bonny toilet articles, including lotions, creams and powders. She was formerly employed as bookkeeper for Bentley & Hodges.

Explorer is Coming.
 Vilhjalmur Stefansson, Arctic explorer who will speak in Pendleton July 11, under Chautauqua auspices is an old friend of Colonel Charles Wellington Furlong and the two are members of the Explorers' Club in New York, of which Peary was once president. In a letter to Colonel Furlong, Mr. Stefansson states that he will give 125 talks during a Chautauqua tour of 140 days. Colonel Furlong says that in his opinion, Stefansson is second only to Peary as an explorer, and is in a class with Amundsen. Stefansson proved, Colonel Furlong states, that men could live on the ice of the Polar Sea and that his work in research of food economics of the region of the Arctic Circle have been noteworthy. He is the discoverer of the blond Eskimo. Colonel Furlong has heard the lecture and says that it is excellent.

Ninety-three per cent of the people in fifteen cities in Japan favor an arrangement looking to disarmament by international concerted action, according to a canvass, made by the Japanese anti-militarist leaders.
