

DAILY MARKET NEWS, LOCAL AND GENERAL

Including Pendleton Prices and Associated Press Reports

Hogs Slow With Cattle and Sheep Steady

At the former cut in prices made late Monday afternoon, cattle were about steady tone, hogs were slow for heavyweights and steady for light ones, while sheep and lambs were considered steady.

Stock trade here show adverse conditions as regards the heavier weight livestock. This applies to all lines—hogs, cattle and sheep.

severe in cattle here that killers are buying whatever price they offer. Despite this the local market is just as favorable as the eastern trade, freight rates considered, but quality considered, Portland is one of the highest in the country for the off-grade stuff. This may appear to be a serious joke to the shipper who sends forth a carload or so of cattle and receives but little for it. The face remains that cattle prices are in the subcellar at practically all points in the country.

General cattle market range:

Choice steers	6.75@ 7.50
Medium to good steers	6.00@ 6.75
Fair to medium steers	5.25@ 6.00
Common to fair steers	3.50@ 5.25
Choice cows and heifers	6.50@ 6.00
Medium to good cows and heifers	4.75@ 5.50
Fair to medium cows and heifers	3.75@ 4.75
Common cows, heifers	2.75@ 3.75
Canners	1.50@ 2.75
Choice feeders	5.00@ 5.50
Fair to good feeders	4.00@ 5.00
Bulls	3.50@ 4.00
Choice dairy calves	9.50@ 10.00
Prime light dairy calves	8.00@ 8.50
Med. light dairy calves	5.00@ 8.00
Heavy calves	3.00@ 5.00

Hog prices are out of line locally. Eastern markets continue to advance and on the basis of what it is costing local killers to bring in supplies from the Midwest, values here should be at least 75c to 90c higher. Killers are taking hold of hogs at the prices listed, but the extreme top quotation was not available during the Tuesday trade because there was no diversion stock in sight and home killers saw the extreme only when the competition forces them.

Lightweight stock is steady but heavy stuff is quieted slow and somewhat depressed here.

General hog market range:

Prime light	8.75@ 9.00
Smooth heavy, 250 to 300 pounds	7.00@ 8.00
Rough heavy, 300 lbs. up	6.00@ 7.00
Fat pigs	8.75@ 9.00
Feeder pigs	8.50@ 9.00
Stags	3.00@ 7.00

While there is a fairly steady tone here for mutton and lambs, most of the business is with outside killers and few purchases of note have been made by local interests. Light weight stuff is sought but it is difficult to secure satisfactory values for heavyweight mutton.

General sheep and lambs range:

East of mountain lambs	6.50@ 7.50
Best valley lambs	6.00@ 6.75
Fair to good lambs	5.00@ 6.00
Cull lambs	4.00@ 5.00
Light yearlings	4.50@ 5.00
Heavy yearlings	4.00@ 4.50
Light wethers	4.00@ 4.50
Heavy wethers	3.00@ 4.00
Ewes	1.00@ 2.50

Recovery Features Stock Market Activities
NEW YORK, June 22.—(A. P.)—The stock market's descent was checked yesterday after a brief period of weakness in which United States steel again was conspicuous. Many leading shares recorded extreme recoveries of 20 to 50 points.

Further easing of money rates and a growing conviction that the extended reaction had exceeded the bounds of caution were among factors which prompted hurried covering of short commitments.

There was little in the movement, however, to indicate more than tentative public participation. Sales were 1,000,000 shares.

For the first time since October, 1919, call money opened and remained at 5 per cent on the exchange. In the open market and on prime collateral this quotation was shaded by 1/2 to 1 per cent.

Leaders of the rally comprised investment rails such as Canadian Pacific, Northern Pacific, Great Northern, Union Pacific and Reading, Mexican Petroleum, General Asphalt, Royal Dutch and numerous union oils, Crucible Steel, American and Baldwin Locomotives, International Harvester, General Electric, New York Air Brake and Pressed Steel Car.

All foreign exchanges were reac-

tionary, sterling losing nearly 2 1/2c, with declines of 5 to 10 points in French, Belgian and Dutch bills. Scandinavian remittances also tended lower on moderate offerings, but the Canadian discount eased.

In the bond list, liberty issues were irregular and some convertible rails hardened, but industrials were mixed and mainly lower. Foreign issues rallied from early heaviness. Total sales, par value, \$10,615,000.

Drouth Causes Spurt In Wheat Prices

CHICAGO, June 22.—(A. P.)—Drouth in the domestic spring crop belt and also in France did much to stimulate buying of wheat today and cause prices to ascend. The market closed strong, 2 1/2 to 4 1/2 cents net higher, with July \$1.23 1/4 to \$1.29 and September \$1.23 to \$1.23 1/4. Corn gained 1 to 1 1/4 cents and oats 3/4 to 1 cent. In provisions the outcome was unchanged to 20 cents higher.

Bullish sentiment in wheat was given its first impetus by a leading authority, who reported from Aberdeen, S. D., that fields, were firing badly and that in some places the crop had been destroyed by drouth. He asserted, also, that wheat was heading very short and would not recover with rain. The fact that the New York stock market was rallying from yesterday's acute weakness tended to lift wheat values, which however derived strength from gossip that drouth in France was the worst since 1883. Talk was current, too, that exporters were after wheat in volume. Meanwhile, disappointing threshing returns, continued from the southwest, Illinois, Indiana and Ohio, and it was generally admitted that the movement of new wheat was slow in getting under way.

Apprehension of damage by drouth was largely responsible for the strength of corn and oats.

Provisions averaged higher with hogs and grain.

Porch Shades

THE PORCH SHADE OF GREATEST SERVICE, ECONOMY AND COMFORT

Quality Porch Shades are an investment in comfort—not a luxury. This year of all times be careful of the porch equipment you buy. You want shades which will not only look well while new but which will stand up under the strain of this year's use, next year's and the years to come. Such are the AEROLUX Shades and we heartily recommend them.

Besides durability there is more genuine satisfaction in AEROLUX than any other porch shade we know of.

With the "Hang Easy" attachment anyone can install them in less than five minutes' time.

Slits uniform in width and uniformly woven form a scientifically correct fabric which gives absolutely uniform ventilation from top to bottom and ample protection against the weather—there are no loosely woven sections nor uneven spaces where sun and rain might enter.

Adjustable "No Whips," found only on Aerolux, hold the shades securely in place and prevent them from whipping and flapping in the wind.

Solid Copper Cord Glides, instead of sticking pulleys or rusting steel glides give a permanently smooth, clean surface for the raising cords—reducing wear and friction to the minimum.

They are smoothly finished—they are permanently stained in attractive, summery colors—there are sizes to fit every porch opening—and they are reasonably priced.

A complete line of Porch and Summer Furnishings awaits your inspection.

have it forced upon them. Barbara Fritche achieved it by poking her dome out of a window and telling Stonewall Jackson where to head in. The boy who stood on the burning deck did it that way. Mary had a little lamb and, no doubt, should never have been heard of otherwise. Other examples will readily suggest themselves.

It should be understood that all this stuff on fame is from hearsay. Fame is a good deal like a cream puff. It's nice to think about but when you get it there's very little to it—or in it. As a rule, when one becomes famous there's little for him to look forward to but a capacity crowd at his funeral.
