Receipts Light and Demand Fairly Steady

(From the Oregon Journal.) Receipts were light in all alleys except the sheep division at North Portland yesterday. Trade in hogs was about steady and cattle sold about the same, while good demand was shown for sheep and lambs.

While there was quite a fair showing of sheep in the North Portland alleys Wednesday, recent supplies have been somewhat decreased from the record showing of last week. This caused a better demand all along the line, resulting in an early cleanup of all offerings at sustained prices.

According to the Mailheur Enterprise the three car shipment of spring lambs which Arrien & Mendonca of Vale sent east a few days ago were sold in Omaha at \$12.50 for the big

bulk of the lot. The feeders in the shipment brought \$7.25. These lambs were light in weight when they reached the market, weighing about 62 pounds, and the feeders averaged 48 pounds.

According to advice from the Omaha market it looks a little topheavy and the receipts are expected to be somewhat heavier from now on and the prospects are that they will work a little lower.

General sheep and lambs range: East of mountain lambs \$ 6.50@ 7.50 Best valley lambs 6.00@ 6.75 Fair to good lambs 5.00@ 6.00 Cull lambs 4.00@ 5.00 Light yearlings 4.50@ 5.00 Heavy yearlings 4.00@ 4.50 Light wethers 3.00@ 4.00 Heavy wethers 2.00@ 3.50 Does 1.00@ 2.50

The only cattle offered on the market at North Portland during the day in carload lots consisted of stale stuff. There appeared a somewhat better demand for such offerings during the day, prices holding steady. By taking in a few loads of these cattle now at good prices killers are able to maintain the price of dressed beef.

General cattle market range: Choice steers \$ 6.75@ 7.50 Medium to good steers 6.00@ 6.75 Fair to medium steers 5.25@ 6.00 Common to fair steers 3.50@ 5.25 Choice cows and heifers 5.50@ 6.00 Medium to good cows and heifers 4.75@ 5.50 Fair to medium cows and heifers 3.75@ 4.75 Common cows, heifers 2.75@ 3.75 Canners 1.50@ 2.75 Choice feeders 5.00@ 5.50 Fair to good feeders 4.00@ 5.00 Bulls 3.50@ 4.00 Choice dairy calves 9.50@ 10.00 Prime light dairy calves 8.00@ 8.50 Med. light dairy calves 5.00@ 8.00 Heavy calves 3.00@ 5.00

The only hogs offered on the North Portland market Wednesday consisted of wagon stuff. Carload arrivals did not enter the market at all, being direct shipment to local killers.

Prices in general were considered steady up to \$3. General hog market range: Prime light \$ 8.75@ 9.00 Smooth heavy, 250 to 300 pounds 7.00@ 8.00 Rough heavy, 200 lbs. up 6.00@ 7.00 Fat pigs 8.75@ 9.00 Feeder pigs 8.50@ 9.00 Stags 3.00@ 7.00

Recovery Carried Further On Stock Markets

NEW YORK, June 23.—(A. P.)—Stocks made further substantial recoveries in the early and intermediate periods of today's active dealings, but gains were largely or wholly dissipated in the fresh liquidation of the final hour.

Features of the reaction included Bethlehem Steel, the coppers, junior motors and sugar. Some of these declined 2 to 5 points to new low records. Among the heaviest specialties were Sears-Roebuck, which lost 4 3/4 points, and Chicago Pneumatic Tool, the latter dropping 9 points on news of the reduced dividend, but rallying slightly later.

Mexican petroleum maintained its reputation as the most volatile of all speculative favorites. It fluctuated in a radius of 7 points, its extreme advance of 6 3/4 points ending with a net gain of a mere fraction.

United States Steel was the most active issue, rising 3 points above its low record of yesterday, but falling away with the general list at the very close. Other steels, as well as equipments, motors and the various specialties, comprising the tobacco, leather and food divisions, manifested similar unstable tendencies.

Reading and the high grade transcontinentals featured the additional advance of the railway group, together with many minor issues of the western and southwestern territories, but reactions were also general in those stocks.

Sales were \$75,000 shares. Call money and time funds were unchanged and the leading exchanges were only lightly dealt in.

Bonds followed the confusing course of the stock market. Liberty issues were irregular and domestic rails inclined to additional firmness. Mixed gains and losses were registered by international issues. Total sales, par value, \$12,375,000.

Support For Grain Falls Late In Day CHICAGO, June 23.—(I. N. S.)—Grains weakened yesterday in the late trade and early sharp gains were more than wiped out for wheat and corn.

Grains were more or less bullish and sentiment was noticeably favoring the constructive side of the market, but other early buyers tried to take their profits late support was wanting.

July wheat finished unchanged to 1/4c lower, and September 1/2c off, July corn, 1/4c to 3/8c off, and September, 1/4c down. July oats 1/2c higher, and September, 1-2c to 1-4c higher. December oats, 7-8c higher, July rye, 1c higher and September, 1-4c up, July barley, 1-4c advanced.

GERMAN BURGLAR IS NOT SUCCESSFUL IN IMITATING HOUDINI

BERLIN, June 23.—(I. N. S.)—Spectacular methods in burglary are all right for the movies, but after this I am going to stick to the safe and sane old-fashioned second-story-man rules," sighed Max Arndt, after his attempt to rob an express car by an amateur Houdini trunk act landed him in jail.

Max and Paul Arndt, Burglars Ltd., conceived the idea of Max permitting himself to be locked into a good-sized wardrobe trunk, accompanied by a full set of burglar's tools. Brother Paul then shipped Max from the Berlin railroad station to Spandau. It was agreed that during the trip Max was to open the trunk, step out and rob the other trunks in the express car.

It might have worked smoothly, except that the Arndt brothers forgot to take the precaution of boring a couple of holes in the trunk for air. Before Max could liberate himself he had exhausted the air in the trunk and fainted. Railroad officials became suspicious because of the weight of the luggage and forced it open. When Max had been resuscitated he stepped out smilingly and bowed, with the announcement that he was a vaudeville

artist trying out a new Houdini trick. He might have gotten away with the sleight-of-hand alibi, but his blacking burglars' kits up his sleeve, and he was told to tell it to the Judge. Max did. So did Paul. The Judge told them that they might continue their jegerdemain, with a year's course in the penitentiary.

JANS SMUTS WARNS AS TO ARMAMENT CONTEST

LONDON, June 23.—(I. N. S.)—Jan Christian Smuts, premier of South America, warned the British empire against an armament race with the United States. The famous boer, addressing the imperial conference, said, "A most fatal mistake, in my opinion, would be a race for armaments against America."
