## CORBETT WARNS FANS NOT TO JUDGE CARP BY WORK OF PARTNERS

Joe Jeanette Only One Who Has Much to Scare Georges and He is Stopped With Ease.

BY JAMES J. CORBETT  
(Copyright, 1921, by the International News Service.)

NEW YORK, June 24.—(I. N. S.)—Attempts to size up Georges Carpentier by the showing of any of his sparring partners are unfair to the French champion as I see it.

I noticed where the Journee-Weinert bout was mentioned in this connection but I can't see for the life of me why Journee's showing should have anything to do with Carpentier or his chances against Jack Dempsey.

Carpentier can stop Journee with one punch and anytime he wants to. He simply uses the big fellow to rough it with him. He lets Journee and all the rest of his sparring mates hammer him about the ring for he needs that kind of work.

If he didn't want Journee to hit him, take it from me, the big fellow would not be able to lay a glove on Georges.

Joe Jeanette is the only one of Carpentier's sparring mates who has class enough to begin to make the French brawler use his ring science but you never see this done in Georges' public workouts, because it isn't his idea. Carpentier feels that he has been subjected to a lot of unjust criticism because of his system of training and he

has had this impression for so long a time that he went into his shell farther than ever. That's one reason why he has constantly refused to show more than a flash of his real ability. Yesterday's training activities were resumed at Manhasset after a two-day layoff with the exception of road work which Georges did Tuesday and Wednesday. The slight rest was a welcome one to Carp, but with just ten days remaining between now and the date when he will step into the ring at Jersey City, the French titleholder will whip things up.

I got the idea of what Georges intends to do from a remark dropped inadvertently by Joe Jeanette yesterday.

"Been takin' it easy for a couple of days," said Jeanette, "but Georges will give us plenty to do from now on."

## SPORT BULLETINS

**CALIFORNIA IS SECOND**  
POUGHKEEPSIE, N. Y., June 24.—(A. P.)—Specially invited crews won great honors in the annual intercollegiate regatta yesterday when the United States naval academy and the University of California raced into first and second places, respectively in the three-mile varsity event. Cornell won third place in this event and both preliminaries.

**TAKES 11 INNINGS**  
LOS ANGELES, June 24.—(A. P.)—"Wheeler" Dell's double in the eleventh inning, scoring French, gave Vernon a 2 to 1 victory over Sacramento. Dell also pitched a masterly game, but received ragged support.

Vernon had three men on bases with one out in the ninth, but was unable to score.

## FRENCHMEN ARE SLOW TO BACK CARPENTIER IN 'REAL' MONEY

Americans Have Millions of Francs to Cover Georges Money, But Little in Sight.

PARIS, June 24.—(U. P.)—Frenchmen are slow to back their Carpentier confidence with money. Several wagers from six to seven thousand francs that Carpentier will lose have been taken by Frenchmen, but they held out for three to one on Dempsey. Americans have millions of francs to cover Carpentier money, but very little is in sight.

**OUT OF THE WOODS**  
CHICAGO, June 24.—(I. N. S.)—Baseball current popularity is spreading beyond the "bush leagues and sticks" into the heart of America's rural communities, according to C. F. Brando, Chicago traveling man and baseball fan.

Brando tells of a game played between Stevensville and Bridgman, two little Michigan villages. Stevensville's population is 293, while Bridgman has 321 souls. The attendance at the game was 1,138.

**ANGEL SLUG HARD**  
SEATTLE, Wash., June 24.—(A. P.)—Gardner's error in the eighth inning started a fierce rally by the Los Angeles sluggers, winning the game against Seattle, 12 to 7. Niehoff, the visitors' second baseman, knocked a home run with two men on.

## SPORT GAS

(BY THE STAFF)

It's not really worth-while projects could command the public interest and the publicity that is afforded the coming fight between Carpentier and Dempsey, what a lot of real good could be done.

The American Legion Weekly suggests that the proceeds of the fight of an equivalent amount might be applied to the needs of the real American fighters who were wounded in France.

And the idea is not so bad as that.

Who'd yah think'll win?

If we had any money to bet, we'd back Dempsey, but here's hoping that the Frenchman knocks the eternal why out of the American who fights only for a big purse.

Poor old Portland!

The city of Roses and goose eggs.

The grand old game of horse shoes is gaining adherents in Pendleton. Talk of a tournament persists.

There's been a breath stirring about a tennis tourney, too, but nobody knows anything definite about it.

Great sports—telling the newcomers how hot is was back '22.

## ROCKEFELLER'S NAME IS USED LEGALLY BY ARKANSAS OIL MAN

EL DORADO, Ark., June 24.—(I. N. S.)—Here is the story of how a prospecting oil driller "scooped" the work famous John D. and is now riding to fame on the millions of an El Dorado "gusher." It is the story of a kamble the first thought, quicker action and a life in the raw.

The scene is laid in this old cowboy on the edge of Louisiana and in the heart of the new "boom" field. The prospector is A. R. Aphel, who threatens to tie knots in the policies of the Standard Oil company in the southwestern field. He is president of the Standard Oil company of Arkansas but he is not aligned with the Rockefeller interests.

Riding into El Dorado on the recent "boom," Aphel discovered that the Arkansas corporation laws offered no barrier to the use of the incorporated name of another company. So he organized the S. O. of A. much to the disgust of the "parent" concern.

El Dorado only a month before had been peacefully sleeping. Rumors were heard from time to time of oil fields just across the border in Louisiana. One day a "gusher" came in and within twenty-four hours the town was a hotbed of feverish prospectors. Oil men flocked there from all parts of the nation and some even came from foreign climes. Its population trebled overnight.

"Some one is putting it over on the Standard Oil," was a report circulated one night. It was traced to Aphel and his little band of associates. Notice that the company was duly chartered appeared in a little Rock newspaper. Then followed a perfect maelstrom of protest on the secretary of state's office.

The Standard Oil Company of Louisiana stormed the secretary of state's office with telegraphic protests. They were told, however, they "had run into a stone wall." Aphel's company and its corporation were entirely legal. Aphel's little company with a \$500,000 capital practically dominates the new field.

He is the first oil man to successfully "pass the buck" to the Rockefeller interests. His future is eagerly watched by oil men all over the country.

A biological expedition recently sailed from New York to South America to explore the headwaters of the Amazon and seek Theodore Roosevelt's famous "river of doubt." Special search will be made for rare herbs and plants desired by chemists and the medical profession. It is expected the expedition will be away at least two years.

## Keep Your Blood Pure In Summer

Many fever epidemics are caused by impurities in the water supply and are ended only when the water is purified. Likewise, many blood disorders such as eczema, leprosy, pimples, boils, blackheads and Rheumatism are caused by impurities in the blood supply and can be stopped only when these are driven out. Enrich your blood and keep it pure by taking S. S. S. You could have no better health insurance.

For Special Booklet or for individual advice, without charge, write Chief Medical Advisor, S. S. S. Co., Dept. 435, Atlanta, Ga. Get S. S. S. at your druggist.

The Standard Blood Purifier

## HARVARD AND YALE IN RACE TODAY ON THAMES

BY HENRY L. FARRELL  
(United Press Staff Correspondent.)

NEW LONDON, Conn., June 24.—Yale and Harvard meet here late today on the Thames River for their annual race over the four-mile distance.

All the usual color and brilliancy of the usual crowds of old grads and undergrads, the usual gathering of just ordinary spectators and all the trimmings of the usual Yale-Harvard classic were there.

Some "disrespectful" one, with no Harvard or Yale attachments, mingled among the Crimson and Blue followers with the cynical attitude.

"Some race. Two of the worst crews in the water."

But they were looked upon in disdain by the loyal Harvard and Yale followers who let it be known they "it matters not to them the crews, hey're Yale and Harvard."

One heretic floated around the elite circles with the offer to bet that Yale couldn't row the distance. He was amply but politely ignored.

There was a lot of betting. Harvard men will always bet on Harvard because it is Harvard and Yale will cover the bet because it is Yale. There are no dope deductions in their wagering.

Those of the "neutrals" with a tendency to put up money, however, made Harvard the favorite at 5 to 4.

## SECOND INSTALLMENT OF INCOME TAX PAID

WASHINGTON, June 24.—(U. P.)—Over \$474,000,000 has been collected in excess profits on income taxes, the second installment of which was payable June 15. The installments total \$500,000,000 when all are collected, according to the treasury department.

Collections Exceed Five Billion.

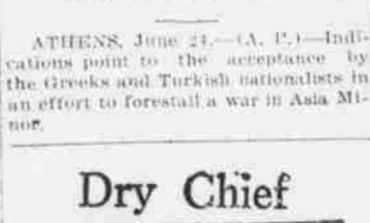

The total collections this year will exceed \$5,000,000,000, the treasury officials believe, with the expenditures running below that figure. The government is beginning to live within its income for the first time in several years. Tax collections so far this month of all kinds exceed \$200,000,000 as compared with nearly \$300,000,000 in June, 1920. Customs receipts total nearly \$17,000,000, a million below the same period last year.

Importations of merchandise and farm products from abroad are not falling off as a result of the enactment of the emergency tariff law. Panama canal tolls total \$250,000, or one-third the total for June, 1920. This is another indication, it is felt, of the world's stagnation and depression.

## WAR IN ASIA MINOR MAY BE FORESTALLED

ATHENS, June 24.—(A. P.)—Indications point to the acceptance by the Greeks and Turkish nationalists in an effort to forestall a war in Asia Minor.

## Dry Chief

President Harding has appointed Roy A. Haynes of Hillsboro, O., chief prohibition commissioner of the United States.

## Have You Ever Used Firestone Tires

Material and workmanship guaranteed. We make our own adjustments in Pendleton. Make the next tires you buy Firestones, they're bound to please.

## FORD

The Universal Car  
WHETHER COTTER PIN OR COMPLETE OVERHAUL

You can get it in our Sales and Service Station. We are authorized Ford dealers. In our stockroom we carry every part that goes into a Ford car or Ford truck. They're genuine Ford parts too—each made of the same tough, durable Vanadium steel as its counterpart in the Ford car. Our special Ford repair shop is thoroughly equipped with socially designed tools and up-to-the-minute machinery so that repairs, adjustments or complete overhauls for Ford cars can be handled promptly and efficiently.

Our mechanics who will do the work on your Ford car or truck, understand the Ford mechanism and know the right way to tune it up. And for the work you will pay only the reasonable Ford prices.

We are a part of the Big Ford Family and not only repair Fords but sell them as well. We have more than a passing interest in the service we give you. Drive to our Garage when your Ford needs repairing.

**For Safety's Sake Have the Authorized Ford Dealer Do It.**

We Can Rebore and Polish Your Cylinders Too.
