

# News Notes of Pendleton

**CALENDAR OF EVENTS**  
 June 27-August 5—Summer Normal School.  
 July 10 to 16—Ellison-White Chautauqua.  
 September 22, 23, 24—Annual Pendleton Round-Up.

**Eagles To Aerie**  
 R. C. Lawrence, Manuel Friedly, A. C. Koepfen and Martin A. Ferguson, delegates from the Pendleton lodge, left today for Portland where they will attend the state aerie of the Order of Eagles Tuesday and Wednesday. Friedly will be out of town for a week, and Lawrence will visit relatives for 10 days before returning home.

**Beaver Is Seen**  
 A full grown beaver, showing traditional signs of industry, has been seen in the Umatilla river from River Drive by Pendleton residents during the past few evenings. The beaver, which is visible from a spot between the Storrie and Sharp residences, has a home in the river bank and comes out each evening to swim in the water. He makes his appearance at about 8 p. m. and is an interesting sight. There is a colony of beaver

near Umatilla but this is the first time one has been seen in Pendleton. The animals, which are valued for their fur, are protected by law.

**Wool Auction at Pilot Rock.**  
 The second wool auction for Pilot Rock wool growers will be held there Friday morning. A number of buyers from both the east and the west coasts will be on hand to bid on the offerings that will be put up. The other sale was held June 1, and not more than half of the wool on hand was sold on the bids received. Since then quite a lot of the clip has been shipped on consignment, but enough remains to make it interesting for the buyers.

**Chautauqua Meeting Tuesday**  
 A meeting of the guarantors of the Chautauqua which will be held in Pendleton July 10-16 inclusive, will be held at the offices of the Commercial Association Tuesday evening at 8 o'clock. Discussion of ways and means for insuring a big ticket sale is one of the important matters that will be up for discussion. A thorough organization of the workers will be effected in order that an opportunity may be offered everyone to get a

ticket for the program of good entertainment.

**To Construct House**  
 A permit to construct a residence on High street as a cost of \$4,000 was granted this morning to James H. Sturges at the office of the city recorder.

**Fished in Fly Valley.**  
 Dr. M. S. Kern and Tom Barclay have returned from a fishing trip to Fly valley. They report good catches but fish are not large in the streams in which they angled.

**Wheat Looks Good**  
 A. M. Ferguson, a prominent rancher of College Place, Washington, is here visiting friends and looking after business matters. His ranch is near King Station, and he expects to harvest 20 bushels this year, he declares.

**Wool Auction at Condon.**  
 Mac Hoke, secretary of the Oregon Wool Growers' association, will attend the auction of wool which will be held at Condon Wednesday. About 500,000 pounds will be offered at the sale. This is the second sale of the kind this year, a former sale about a month ago having resulted in the disposal of about 200,000 pounds.

**Keator Able To Walk**  
 Mr. and Mrs. R. I. Keator have returned from Hot Lake where they have been for two weeks. Mr. Keator was operated on, and he has recovered sufficiently to be able to walk, but a rest will be necessary before he can resume his duties as district attorney. He and Mrs. Keator will leave soon for points on the coast where he will recuperate.

**Repair Fire Damages**  
 The building owned by the First National bank, damaged recently in a fire when a blaze broke out in the room occupied by A. H. Wendt, the painter, is being repaired in readiness for new occupancy. The room will be the home of a needlecraft firm as soon as the work, which is in charge of Dunham, Brownlow, Payne and Ross, is completed.

**Catholics Enjoy Picnic**  
 The annual picnic of the Catholics of Pendleton was enjoyed yesterday at the Indian agency. About 200 people were present. Various kinds of sport events were on the program. The married men's team defeated the single men in a basketball game by a score of 7 to 3. A big dinner was a part of the program that added to the pleasure of the day.

**Enjoyed Vacation**  
 Mr. and Mrs. Clyde E. Phillips returned yesterday after a vacation of two weeks spent in the mountains near Gibbon. Fishing was on the program most of the time during their absence. Mr. Phillips was caught in the terrific rainstorm that passed over the mountains the latter part of the week, and he had the pleasure of walking six miles through the rain. They were in the cabin owned by Dr. Frank Boyden.

**Got Some Big Ones.**  
 J. H. Estes, Guy Matlock, John Vaughan and Dean Schull have returned from East Lake where they have been for several days on a fishing trip and vacation. They brought back big ones, which includes fish and blisters. A big beauty measuring about 21 inches and weighed four and three-fourths pounds dressed was presented to Sol Baum by the quartet. It was suggested that the boys wanted Sol to have a big fish, even if someone had to give it to him, and Sol accepted. Just before leaving the lake, the party ran across Charles W. Furlong, Rex Ellis and Herbert Thompson, Judge J. W. Maloney and D. C. Bowman arrived at the lake shortly before the men left there for their return trip.

**Membership Committee Named**  
 A new membership committee has been named by the board of managers of the Pendleton Commercial Association to serve until they have completed their quota of members to the organization. The list includes Carl Hopt, St. Reetz, Bert Jerard, Frank Kieckhafer, L. A. Mcintosh and J. B. Welch. It is provided that as soon as a member of the committee shall have secured five new members, he is automatically removed from the committee. Bert Jerard celebrated his first day by securing four members. They are Dr. A. M. Simmons, Fane Bros., proprietors of Park's House Garden, which was opened to business Saturday, Charles M. Cook, new manager of Palfour, Guthrie and Co., and Dale Slusher, prominent farmer and wool grower.

### YOUR SATISFACTION IS THE MOST IMPORTANT THING WITH US IN RUNNING THIS BUSINESS

Most people realize that a merchant cannot give things away; they know he has to make a profit; he isn't in business for his health. In the face of this statement we still claim we are giving you part of our profit by being satisfied with less than is usually exacted. This gains greater volume and after all we get the benefit. But you share in it.

We are pleased to announce the arrival of new pattern in Dinner-ware, made by the Mc-Nicolls pottery of this country. You will find a prevalence of grey in the decoration, which is the newest color to be used in dinner ware decoration. It will be a pleasure to show you this pattern. Reasonably priced, quality considered.
