Nothing Like Experience One truth learned by actual experience does more good than ten experiences one hears about. Tell a man that Chamberlain's Colic and Diarrhoea Remedy will cure pain in the stomach and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy and learn from his own experience how quickly it gives relief and he will remember it all the rest of his life.

Good Advice to Travelers Whether going to the mountains or sea shore, taking a journey on business or pleasure, never leave home without a bottle of Chamberlain's Colic and Diarrhoea Remedy. It is worth many times its cost when needed and may save a life.

If Troubled With Indigestion This Will Interest You. "Some months ago when I was troubled with indigestion, I used Chamberlain's Tablets and am only too pleased to give this medicine my endorsement, for it not only cured me of stomach trouble, but invigorated my whole system. I like these tablets better than anything of the nature I have ever used," writes Mrs. Albert Horner, Hainesville, N. Y.

For the Stomach and Liver "About two years ago I took two bottles of Chamberlain's Tablets for the stomach and liver and can praise this remedy highly for the great good it did me," writes Mrs. Mary Haven, Sandy Creek, N. Y. "I have since recommended this remedy to some of my friends who have also used it with good results." If troubled with indigestion or constipation, Chamberlain's Tablets will do you good.

GERMANS UNABLE TO SHAKE OFF TRAGIC AND GLOOMY MOVIES OBTAINING IN GERMANY TODAY

BERLIN, June 28.—(By Frank E. Mason, International News Service Staff Correspondent.)—Gloom movies are the vogue in Germany today and the movie fan who feels the need of a screen lunch stimulant has a hopeless hunt. These tragedies with a shudder guaranteed for every thousand feet of film is the order of the day. Germany wants to laugh but the film producers have forgotten how to mix the screen screen cocktail. The selection of film stars has developed into a national vamping contest with the attendant horrors of betrayed blond waves, poisoned birthday cakes and sure death in the last reel. The most horrible film on the screen at the moment is probably "The Black Plague," which is a propagandist production picturing the French troops of occupation in the Rhineland assaulting white women. The advertising poster shows five negroes in French uniforms fighting over a screaming white girl. "Give us something at which to laugh; we have enough troubles of our own without going to the kin to see some more," is the appeal of the theatergoers. But the German film studio is practically without comedians. There are many stars whose names are to be seen on the entrance mean that a new selection of horrors are to be seen within for the payment of twenty marks. There is not a single German film star whose name is synonymous with

John Bunny and Charlie Chaplin, U. S. A., were the fun favorites in Germany before the war, but the German government has put a ban on film importation.

Historical tragedies are done very well in the German photoplay. "Anne Bolyn," showing in America as "Deception," and "Madame Du Barry," selling for 100 houses as "Parade," were both taken in Berlin studios with German actors in the leading roles. Germany is glad that America is enjoying her tragedies, but would like a little Dong and Mary in exchange.

VERNON FALLS 17-4 SAN FRANCISCO, June 28.—(A. P.)—San Francisco pounded Dell's offerings all over the lot yesterday and won the opening game from Vernon, 17 to 4. In the eighth inning, when the Seals put over 12 of their runs, 15 Seals came to bat. Cavener and Kamm were up twice and gathered two runs and two hits. Dell was replaced by McGraw in the eighth. In the belief that a wife's place is in the home and not in the schoolroom, the Chicago school board has dismissed 40 married teachers and replaced them by single women.
