## SKI JUMPERS TO MEET FOR HONORS ON MOUNT RAINIER JULY THIRD

Larson, Son of Norway Will Try to Get Permanent Possession of Trophy Won Last Year

SEATTLE, June 29.—(U. N. S.)—Riding in the summer? It can't be done, says the sophisticated easterner and southerner. But Pacific northwesterners know better. They stage a ski tournament every summer and have plenty of good white snow on which to pull off spectacular stunts that make the crowds "O!" and "AH!" as the performers go sailing through the air, eighty to ninety-five feet.

Ski jumpers throughout the northwest, Canada and even the middle

west are preparing to enter the fifth annual midsummer tournament at Paradise Valley, 5,557 feet above sea level in Rainier National Park, on the slopes of Mount Rainier. The date of the tourney this summer is July 2. Men and women who took honors in meets held in previous seasons will enter the coming tournament, and, in addition, Canadian ski experts have announced their intention of competing in these events. Others from Norway and Sweden also are expected this summer. The tournament is under the direction of the Northwest Ski Club.

## Hanley Tops List With Record of .635, Styson, Peterson Second; Gilbert High Fielder

Three Pendleton batters led the Wheat Belt league during its short season, and there were five Bucks included in the list of sweat kings who batted .200 or better, records compiled by Fred H. Moes, secretary-treasurer, show. High honors go to Dick Hanley, Pendleton short stop who slugged the pellet for a total of .525, and the next in line are Gunner Peterson and Barney Styson, both local boys who annexed percentages of .500 even, according to Moes' figures.

Cary and Olson are the other two Bucks who got into the .200 or better column. Cary batted .269 and Olson trailed him with a record of .214. The fourth man on the list is Gilbert of Pilot Rock who was 54 points behind Peterson and Styson with a record of .444.

## EXPECTS CARPENTIER TO PLAY WAITING GAME WITH DEMPSEY

Corbett Thinks Frenchman Can Relax Better in Ring Than American Which Will Help.

BY JAMES J. CORBETT  
(Copyright, 1921, by International News Service.)

NEW YORK, June 29.—I dropped in on George Carpentier at Manhattan about 8 o'clock the other evening. I expected to find the challenger sitting on the veranda or the lawn. He was not in sight.

Presently he came up to the house from the big barn in which he does his gymnasium work. He was flushed and perspiring.

"Ah, Georges," I remarked, "you are putting in some good ticks when no one is around? You are working as you expect to work when you get into the ring with Dempsey next Saturday?"

Carpentier laughed, winked and said pleasantly:

"You are right, Mr. Corbett. I have just been going through some work that I considered very important. I didn't get an opportunity to do it earlier in the day. There were too many around."

"You see, I am so in earnest about this fight, I am really training quite hard. To win means everything to me, more by far than the money, though, of course, that is a great incentive. But to be champion of the world, that has been my dream for years and I will leave nothing undone to bring about its realization."

Believe me, Georges is serious. He has reasoned out his chances from every angle and the result he obtained has convinced him that they are good.

While he told me nothing of his plans for the Dempsey fight, I imagine that when he gets into the ring it will be with the intention of letting Dempsey force things and attempting to box him at long range. Georges believes he can put across a winning punch once the opening comes and he will be content to wait for it. He very probably figures, also, that Dempsey may wear himself out and that this is a point well worth considering.

In the Willard fight at Toledo, Dempsey fought himself out in the first round. He gave Willard everything he had and won his fight. No fighter ever expected more energy in one round than did Jack. But against Carpentier this sort of a campaign may be unsuccessful for Georges is quick of foot as he is of hand and Dempsey will not find him as easy to hit.

Dempsey has one glaring fault, as I see it. And that is failure to relax. He stands ready to hit, muscles set and firm. He did it as Toledo when Willard was weaving around like a drunk on man and unable to harm him. He simply doesn't know the meaning of relaxation and in his case with those tremendously heavy arms, failure to relax is bound to result in tiring out the muscles.

## One incentive for 71 years

Away back in 1850, Folger's Coffee was supplied to the early builders of the Pacific Coast empire. It was liked; it was considered good coffee.

But we were far from satisfied with this pioneer product. We constantly sought ways and means for improving it—for bringing out the best coffee flavor and for keeping that flavor absolutely uniform.

This incentive—the incentive of striving for something better—has dominated the Folger organization for seventy-one years. That is why we know you will like Folger's Golden Gate Coffee. It is the best coffee this long experience and skill in coffee roasting have produced.

You will find that it is smooth and rich;—and its fine flavor is kept for you in the vacuum tin. You will like Folger's Golden Gate for it is

"Different in taste from other coffee and better."

Ask your grocer for it.

If Carpentier can carry him along therefore, he will conserve his strength, while Dempsey expends his, for the Frenchman has discovered the secret of relaxing. He can go the distance the better for it, too.
