MOTION PICTURE NEWS

ALTA TODAY

Distinctly refreshing is "The Brute Master," the J. Parker Read, Jr., feature, starring Hobart Bosworth and released through W. W. Hodgkinson Corporation, which began a run at the Alta Theatre yesterday.

"The Brute Master" is strong and vivid—just the sort of story in which motion picture devotees like this splendid "heman" actor best. It fits the rugged personality of the man as all stories should fit the star appearing in them—and seldom do. As "Bucko McAllister," the giant Scotchman who went forth at boyhood to rule the seas, Hobart Bosworth does what may be termed the best work of his career. The characterization is a convincing one, showing the power of environment and circumstance over the minds and lives of men. Because he had received few kind words and many hard knocks, he had only brute strength could he hew his way through life. And not until he meets Madeline Grey, the cultured American girl who is forced to take passage on his schooner in order to return to her people to the States, is he brought to a full realization of the true meaning of life.

ARCADE TODAY

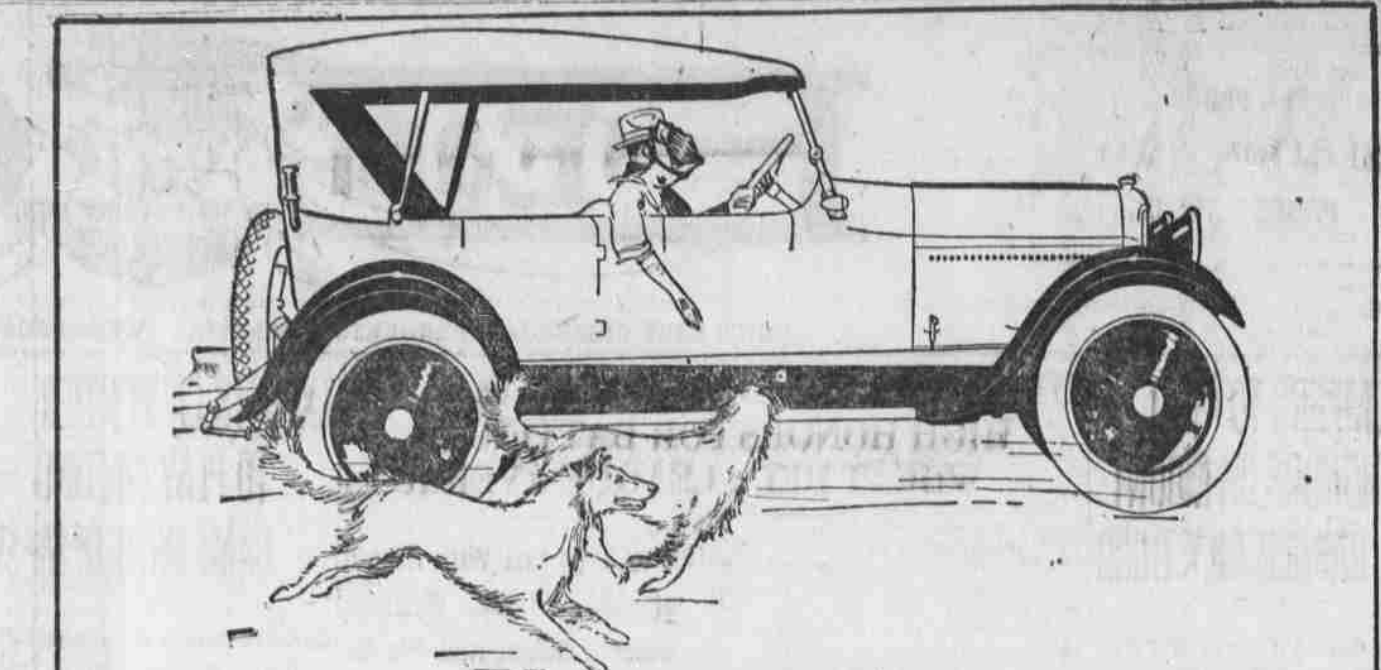

The elite of Washington society forms the background for "The Wonder Man," the Robertson-Cole Spectacular picture, starring Georges Carpentier, idol of France and European heavyweight champion, which will open at the Arcade theatre today for a run of two days.

This unusual drama of American society, directed by John G. Adolfi, for Robertson-Cole, promises a revelation in motion pictures of the newer and better sort. The versatility of Carpentier, according to eminent critics who attended a recent pre-viewing, will prove a great surprise to lovers of the cinema art.

Based on an intriguing story of love and mystery, in which Carpentier is given opportunity to display his capacity as a boxer, a sportsman and as a gentleman of the first order, "The Wonder Man," should prove to be one of the most commendable productions that the Arcade theatre has ever presented.

Included in the picture is a boxing bout, with men of national and international prominence forming the audience. At the time the boxing scene was taken more than 2,000 persons packed the studio. This realistic scene, said to be the most perfect of its kind ever filmed in the history of the screen, shows Carpentier in the ring for the first time on this side of the Atlantic. He fights four fast rounds with a worthy opponent.

Among other commendable reports on "The Wonder Man," received from critics who witnessed the pre-viewing, is the sensation created by the superb acting of Carpentier. His ability as an actor of the first magnitude promises to be a revelation to the lovers of the cinema art.

PAIGE

The Most Beautiful Car in America

Now It Costs \$1635

Even before the price reduction on June 7th, our five-passenger "Glenbrook" model was conceded to be the greatest dollar-for-dollar value of all light six motor cars.

Now—with the price reduced to \$1635—it must be evident that opportunity is knocking at the door of every man who knows an unusual investment when he sees it.

The new price is amazingly low. It will appear absurd after you have had one ride behind the motor that accelerates from five to twenty-five miles per hour in nine seconds flat.

And remember, please, the "Glenbrook" is a distinctly new product—not an old model repainted and re-christened with a 1921 label. It is a splendid investment now and will be a splendid investment one year from now.
