Including Pendleton Prices and Associated Press Reports

### Hogs and Sheep Steady, Cattle Slow

(From The Oregon Journal.)  
Hogs and sheep were steady and cattle slow at North Portland during the Wednesday morning session. Eight cars formed the total run and no price changes were made.  
For the first time in an extended period tops in the hog alleys at Chicago

are quoted higher than North Portland, while on the basis of what killers pay for hogs in the midwest, this market appears as rank discrimination against the local hog producers and the result is that with the lowest prices in the Northwest Portland is receiving the best hogs in its alleys.  
General hog market range:  
Prime light ..... \$ 8.75 @ 9.00

Smooth heavy, 250 to 300 pounds ..... 7.00 @ 8.00  
Fough heavy, 300 lbs., up ..... 6.00 @ 7.50  
Faj pigs ..... 8.75 @ 9.00  
Feeder pigs ..... 5.50 @ 6.00  
Stags ..... 3.00 @ 7.00  
Cattle market arrivals at North Portland Wednesday were of limited volume and still more limited quality. Arrivals were neither stockers nor killers, being mostly of the half-fat classification. Demand was slow and prices were nominally steady.

General cattle market range:  
Choice steers ..... 6.25 @ 7.00  
Medium to good steers ..... 5.50 @ 6.25  
Fair to medium steers ..... 4.75 @ 5.50  
Common to fair steers ..... 3.00 @ 4.75  
Choice cows, heifers ..... 5.00 @ 5.50  
Medium to good cows and heifers ..... 4.25 @ 5.00

**Progress of Farm Work is Satisfactory**  
Reasonable temperatures prevailed generally during the week, says the weekly crop summary of the Oregon weather bureau. There was considerable cloudiness, especially in the northwestern counties, and local showers occurred in northern and eastern counties. Water for irrigation is plentiful. The Columbia river is falling steadily, but some low land is still under water.  
Winter wheat is filling well, and in the warmer sections is ripening. Spring wheat varies somewhat, the earlier seeding being generally good and the later seedings fair. In the warmer districts early spring wheat is in the milk. Winter oats are ripening in southern counties. Harvest of barley has begun. Corn is doing well.  
Apples are growing well, but there is complaint of heavy drop in prices. Strawberries and cherries are plentiful, and raspberries and loganberries are being marketed in increasing quantities.  
The second cutting of alfalfa is in general progress in southern counties, where good haying weather prevailed. Cutting of the first crop is progressing in northern and eastern counties and will soon begin in the elevated central counties. Cutting of clover and vetch continues in northwestern counties, where some has been damaged by rain. Pasture and lower ranges are drying up in many places, but feed is still abundant.  
Sheep, goats, cattle and horses continue in good condition. Large numbers are being taken to the high summer range.  
Hops continue to do well. New potatoes are plentiful. Late potatoes are growing well. Gardens are generally in good condition.

**Underdone On Stock Market Praised**  
NEW YORK, June 30.—(A. P.)—Business on the stock exchange was dull, but a firm to strong undertone prevailed.  
Buying for both accounts, notably among steels, equipments, domestic oils, motors and speculative specialties, effected further recoveries of 1 to 4 points. These were irregularly scaled down in the final hour on the rise of call money from 5 1/2 to 6 per cent, the maximum quotation of recent weeks. The net result, however, showed a majority of gains.  
Accumulation of steels and equipments was accompanied by reports

**Oaks Shut Out**  
LOS ANGELES, June 30.—(A. P.)—Poor pitching by Oakland and hard hitting by Los Angeles resulted in a shutout, the final score showing Los Angeles 11 and Oakland 0. There were 30 outstanding features.

**The Daily Ford Joke**  
There are a lot of times when a fellow could get by with a Ford car if the blamed thing didn't have the name stamped on the front of it.

**The Difference**  
We pondered upon the difference between man and woman today when we saw one of the men-who-care coming out of the men's furnishing department of T. P. W. just as a girl left the ready-to-wear department.  
From our observation, he wonders what the deuce is the matter with his clothes when people look at him. She wonders what's wrong with her clothes when people don't look at her.

## OUTBURSTS OF EVERETT TRUE

that railroads soon would enter the market for much needed supplies. Coppers strengthened on foreign purchases of the metal.  
Rails were irregularly higher, although many May statements of earnings again proved disappointing. Southern Pacific annual report, showing net returns equal to 10.57 per cent, exerted little influence. Sales amounted to \$85,000 shares.  
The higher rate for demand loans and small offerings of time money occasioned little surprise. Federal reserve banks will withdraw an additional \$20,000,000 tomorrow, or a total of \$62,000,000 for the week.  
Foreign exchanges again were governed by London, where sterling and most continental rates moved more favorably to this center.  
Liberty bonds were irregular, the 2 1/2s declining to \$6.44, within a fraction of their low record. Total sales, par value, \$11,375,000.

**Pear Prices Down 10 Per Cent This Year**  
SAN FRANCISCO, June 30.—(A. P.)—The California Pear growers' association has announced opening prices on the 1921 crop of Bartlett pears, nearly 40 per cent lower than last season. The new price is \$61.75 a ton, net to growers, for No. 1 Bartletts, and \$33.25 a ton for No. 2 Bartletts. Last year the price to the canners was \$100 a ton.  
The tonnage offered to canners this year will be limited and probably will not be more than 60 per cent. President Frank T. Scott announced, as a result of the eastern demand for fresh pears due to the frost damage there to apples, pears and peaches.

Here's to the man in a motor car, Who sets the juice on high, Who wrinkles his nose at the price of clothes, And makes the dust mount high.

Why expect everything in the future? Why not enjoy a part of the present?

### AEROLUX VENTILATING Porch Shades

THE PORCH SHADE OF GREATEST SERVICE, ECONOMY AND COMFORT

Quality Porch Shades are an investment in comfort—not a luxury. This year, of all times be careful of the porch equipment you buy. You want shades which will not only look well while new but which will stand up under the strain of this year's use, next year's and the years to come. Such are the AEROLUX Shades and we heartily recommend them.

Besides durability there is more genuine satisfaction in AEROLUX than any other porch shade you know of.

With the "Hang Easy" attachment anyone can install them in less than five minutes' time.

Slits uniform in width and uniformly woven form a scientifically correct fabric which gives absolutely uniform ventilation from top to bottom and ample protection against the weather—there are no loosely woven sections nor uneven spaces where sun and rain might enter.

Adjustable "No Whips," found only on Aerolux, hold the shades securely in place and prevent them from whipping and flapping in the wind.

Solid Copper Cord Glides, instead of sticking pulleys or rusting steel glides give a permanently smooth, clean surface for the raising cords—reducing wear and friction to the minimum.

They are smoothly finished—they are permanently stained in attractive, summery colors—there are sizes to fit every porch opening—and they are reasonably priced.

A complete line of Porch and Summer Furnishings awaits your inspection.

## The Strong Dealer Remains to Serve

The purchase of an automobile involves dealer responsibility and service for a period of years—the entire life of the car.

You are not through with the dealer when you have accepted the car. You need him henceforth and thereafter.

Included in the price of the car is the value of his permanent responsibility for the car's behavior—for your satisfaction.

For these reasons we are putting the foundations of our business down to the bed rock of this community. We are here to stay—and serve.
